## CLOSING OF ASSEMBLY

AFTER NINE DAYS OF SESSIONS IN GRANT HALL.

A Special Report Ordered With a View To Efficiency and Economy In the Administration Offices Of the Church.

(Continued from page 5)  
The fortieth General Assembly of the Presbyterian Church, which has been in session in Grant Hall, Queen's University, for the past nine days came to a close at 1.20 o'clock Thursday afternoon, after the singing of Psalm xxviii., the Moderator said:

"In the name of the Lord Jesus Christ, only King and Head of the Church, and by authority of the General Assembly, I now dissolve this Assembly and order another General Assembly of the Presbyterian Church in Canada to meet in the City of Winnipeg, Manitoba, and within Westminster College there, on the first Wednesday in June, one thousand, nine hundred and sixteen years, at eight o'clock in the evening."

The Moderator then closed the sessions with the Apostolic Benediction.

At the final sederunt on Thursday morning, a report presented by Rev. D. R. Drummond regarding the amalgamation of the Home Mission and Social Service Boards was adopted. It provided for the appointment of Dr. A. S. Grant as general superintendent and convenor, of Dr. J. R. Shearer as superintendent of Social Service work; of Rev. J. H. Edmison as secretary of Home Missions, and Rev. F. A. Robinson as secretary of Social Service and Evangelism.

Dr. Shearer stated that some statements had appeared in the press that there was ill-feeling between himself and Dr. Grant over the amalgamation and the positions each would occupy. He would not desert his post and he accepted the position offered him until the present crisis in national affairs was past.

Dr. Grant said he had no desire to occupy a premier position, and would really prefer to drop out or occupy a secondary position. He would do anything in the interests of the church, so he had decided to carry out the will of the Assembly and tide over the difficulties that were to be faced.

The committee on Public Worship and aids to devotion reported that the publication of the book for family worship had been delayed beyond the time indicated by the Assembly a year ago owing to the war. It recommended that a book be prepared for the administration of the sacraments and other ordinances.

Prof. R. Davidson, Toronto, in presenting the report on overtures regarding retrenchment in administration, said the committee was rather staggered when it found the total cost of administration offices was between \$105,000 and \$110,000.

Objection was raised to this finding, several of the commissioners declaring that a number of charges should not be included under "administration."

It was decided on motion of Principal Gandier to refer this matter to the financial board committee to report on the whole question of efficiency and economy in church administration and to distinguish between the cost of the administration offices and what is expended for educational work and the promotion of systematic givings; and that a statement be published at the earliest possible time.

Principal Gandier pointed out that over \$10,000 was expended upon the commissioners to the Assembly for travelling expenses. Rev. Dr. Campbell said that some other way should be found to cover the expenses of the Assembly. He did not think the cost should come out of the church budget. The consolidation and concentration was what was needed, Dr. Grant said: The Assembly should be careful and not appoint too many officials and committees.

Permission was given to the Synod of Alberta to have included in the church budget the liberality of the Presbyterians of Alberta.

A resolution to take over the property of the First Presbyterian Church, Vancouver, B. C., which has a very large but poor congregation, was defeated. The property is worth \$150,000, and is mortgaged for \$44,000. The proposal was to use the church for the basis of social service in that great western city.

Dr. Shearer asked the Assembly to take over a property offered to the church building and manse committee. There is a mortgage of \$3,000 upon the property which is worth \$12,000. The matter was referred to Dr. Shearer and Dr. Grant to find a way of accepting the offer.

There was a discussion upon social service work, some of which Dr. Shearer said would have to be closed down if the request of the board of finance to keep down expenditure was applied to the social service committee. Dr. Shearer said the committee would do its best to maintain all its institutions.

An overture from the Presbytery of Victoria, B. C., regarding conditions after the war was referred to a committee for report at next Assembly.

On motion of Principal MacKay a resolution was passed expressing the satisfaction of Assembly that the changed legal conditions between Queen's University and the Church had not affected the welfare of either, and also expressing to Principal Gordon its appreciation of the honor the King had bestowed upon him.

Votes of thanks to Queen's University, to hostesses, to city choir, to railway companies, and to the press were passed on motion of Rev. Dr. Bryce, after which the Moderator spoke briefly about the Assembly's work, and then the Church body ended its fortieth yearly session.

## GERMANS PUT TO WORK

REPAIRING ROADWAY LEADING TO THE FORT.

They Will Receive the Sum of Twenty-five Cents Per Day—Request That They be Given Some Work Has Been Granted.

Some time ago prisoners at Fort Henry asked to be given some work to occupy their attention. Their request was granted on Thursday morning when a number were set to work on the highway leading from the main road to Fort Henry, putting the road in repair. There are about 212 Germans in the fort. Some have been working in the carpenter shop, while others of a musical turn have been putting in their time in the band room.

Every person likes a "soft snap," but with practically nothing to do all the time would make any person wish for some kind of a change.

A recent tour of inspection made by American Consul S. S. Johnson confirmed this, and the latter made a recommendation to General Otter when he was in Kingston to have the prisoners' request for work granted. At last it came, and the prisoners who were put to labor on Thursday morning in some cases were so weak that after digging a few shovelfuls of dirt they would have to rest.

Sergt.-Major Taylor, Toronto, has been appointed foreman over the prisoners of war. The prisoners will receive twenty-five cents per day, and while they are excavating a guard will be placed over them.

Richmond, 3; Providence, 2.

## CHEESE NOW 15 CENTS

SUBMARINE DANGER SENDS THE PRICE DOWN.

Over Three Cents a Pound in Three Weeks—Richard Moore, the Newly-Elected Cheese Board President.

The fact that vessels carrying produce across the ocean are in danger of being attacked by German submarines has given the price of cheese a black eye.

At the meeting of the Frontenac Cheese Board Thursday afternoon, cheese dropped to 15 cents, and it was a great disappointment to the salesmen. Last week it sold at 17 1/2 cents and three weeks ago it went as high as 18 3/4 cents.

The following factories boarded, there being 152 boxes of white cheese and 447 boxes of colored:

White—Arigan, 30; Silver Springs, 50; Thousand Islands, 37; Elginburg, 35.

Colored—Elm Grove, 45; Glenburie, 40; Glenvale, 45; Gilt Edge, 30; Howe Island, 25; Bay View, 35; Ontario, 30; St. Lawrence, 42; Wolfe Island, 70; Collin's Bay, 45.

At 15 cents Mr. Murphy purchased the offering of the following factories: Gilt Edge, Howe Island, Ontario, St. Lawrence, Silver Springs, Thousand Islands, Wolfe Island and Collin's Bay.

At the same price Mr. Smith bought the offering of Elm-Grove, Glenvale and Elginburg.

Richard Moore, of Wolfe Island, the newly-elected president was escorted to his chair by Secretary William Pillar and made a few remarks in opening.

Mr. Moore is over seventy years of age, although he does not show his age being as active as a man thirty years younger. He has lived on Wolfe Island for fifty-two years. "It is just fifty-two years to-morrow (Friday) since I went to the island to live," he told the Whig. He came out to Canada when nineteen years of age, and became identified with the first factory on the island, and probably the first in the County of Frontenac in 1867.

A message from Brockville Thursday afternoon stated that, cheese there also dropped to 15 cents.

### A FENCE DISPUTE.

And Judge Lavell Will Have To Settle It.

A very rare case will be heard on Friday in Sydenham by Judge Lavell. It is an appeal from a fence-viewers' award. The fence in question is between the farms of J. P. Tett and brother and George Hutchings in Bedford Township. There was a dispute as to the location of the fence and the fence-viewers were called. They made a decision and Mr. Hutchings, not being satisfied, has appealed to Judge Lavell. The decision made by Judge Lavell is final and may be registered. This is the first case of its kind to be heard in Frontenac County in a great many years.

**Children's Day To-morrow**  
To-morrow will be children's day at the big street fair in aid of the 14th Band. All children will be admitted to any show for 5 cents. The merry-go-round will be running.

A hollow wooden ball, six feet in diameter, which is moved by the flow of the sewage, is used to remove obstructions from sewers in Paris. "Kodak Films" at Gibson's.

## I.O.O.F. DISTRICT MEET

AND TRANSACTED BUSINESS FOR THE ORDER.

The Society is Growing in Numbers, and Has Splendid Assets—Ontario Has Some 300 Oddfellows At The Front.

The district meeting in connection with the Order of Oddfellows was held on Wednesday evening in the hall on King street. Charles Higgins, D.G.M., presided. All the lodges in the district were represented—McLaren's Depot, Parham, Harrowsmith, Lansdowne, Gananoque, Sealey's Bay, Odessa and Kingston, ten in all.

The reports which were presented by the D. G. M. and District Secretary-Treasurer showed that the membership of the district is now 2,007, and during last year there was paid out in sick and funeral benefits and relief fund about \$4,000. The assets of the lodges in the district were estimated at \$76,614.46.

A new department in connection with the district meeting was the preparation of a programme by a special committee, and suggesting a number of topics of a particularly interesting character.

Complimentary references were made to the splendid services which have been rendered during the past year by the Grand Master and District Deputy Grand Master. The Grand Master is D. M. McIntyre, of Toronto, formerly of Kingston.

A subject of much importance was the effect of the war upon the financial affairs of the lodges. It was pointed out that Ontario had about 300 members at the front, and for the special benefit of these, or their dependents, a patriotic fund of considerable size was raised. Later on heavy drafts may be made upon the lodges for sick benefits, growing out of the war. The order in America made great sacrifices for its members during the American war, and the order in Canada may have to make similar sacrifices for its members during the present war.

During the last year the order was seriously bereaved through the death of Grand Sire Daniels, of Georgia; Past Grand Sire Kuykendal, of Wyoming, and Grand Secretary Muckle, of Pennsylvania, in connection with the Sovereign Grand Lodge.

At the election of officers which followed George Masten, Gananoque, was nominated for the office of District Deputy Grand Master for the ensuing year, and R. J. Diack, Kingston, for the office of secretary-treasurer.

### IN MARINE CIRCLES.

Movements of Vessels Reported Along the Harbor.

The steamer St. Louis cleared for Oswego.

The schooner Katie Eccles, coal-laden from Oswego, is unloading at Booth's wharf.

The steamer Jax arrived in port from Oswego, with coal for Robert Crawford.

The steamer Missisquoi made a trip from Gananoque on Thursday. The schooner Horace Taber passed up on Wednesday night on her way from Gananoque to Oswego to load coal.

M. T. Co.'s Bulletin: Tug Hall, from Montreal, three light barges; steamer India is loading grain at Port Colborne to-day for Montreal.

Steamer Toronto down Thursday morning. Steamer City of Hamilton due down on Thursday morning; steamer City of Ottawa up on Wednesday night; steamers Saskatoon and Beaverton down on Wednesday afternoon.

Steamer Natronco and tow passed up at 5.30 p.m. Wednesday; steamer Doric up 10 p.m. Wednesday.

The Government steamer Lambton, which arrived from Parry Sound on Wednesday, is to make Kingston its headquarters for the summer.

The new Government steamer Greenville, lying at the Kingston Shipbuilding wharf on Wednesday afternoon, cleared down on Thursday morning. Captain Henry Estford, formerly in command of the steamer Scout, has been placed in charge of this new boat.

### GREAT RUSH OF RECRUITS.

Ten Doctors Alone Offered Service at London.

London, Ont., June 10.—Following word from Ottawa that two new infantry regiments and one of artillery will be recruited here, there has been a great rush of young men to qualify as junior officers. Among those offering for overseas service were ten doctors. Recruiting is proceeding briskly, some especially fine men coming in from the Windsor district.
