TO-DAY

What a Difference
Spectacles were invented by Alexander de Spina, a monk in Italy about 1285. Pictures of them appear as early as 1417.

Those were crude, ungainly things in heavy, queer iron frames. Since then eyeglasses have been constantly improved.

OUR GLASSES
are the glasses of to-day—not yesterday—and reveal the very latest improvements in lens and frame.

E. P. JENKINS' CLOTHING COMPANY

THE FIRST INSPECTION OF THE TROOPS IN CAMP

Was Made By Col. Hemming Tuesday Morning.

3,000 MEN ON PARADE

COL. HEMMING WELL PLEASED AT SHOWING MADE

Physical Drill Before Breakfast—Automobiles Must Stop At the Bridge When Ordered By the Sentry.

The first formal inspection of the soldiers in Barrieffield camp was made on Tuesday morning in front of the Administration building. There were over 3,000 overseas soldiers in the parade, which lined up before Col. T. D. R. Hemming.

Promptly at 8.30 o'clock, the troops appeared on the parade ground and formed into lines previously laid out by the Camp Engineers. A few minutes after the infantry arrived, the 8th C.M.R., under Lieut-Col. Munroe appeared on the ground, nearly all being mounted. The 7th Artillery Brigade paraded with its guns, and the new horses behaved splendidly. The bands massed near the Administration building and played march music, while Col. T. D. R. Hemming, accompanied by Col. G. Hunter Ogilvie and his aide, Lieut. H. A. Con, made a thorough inspection. The commandant walked up and down the lines and personally inspected every man to see that he was properly dressed. The different units were then put through several manoeuvres. After the inspection Col. Hemming expressed himself as highly pleased with the way the drill was gone through.

Col. Hemming makes an inspection of the camp grounds every morning at 6 o'clock and several times each day makes an informal visit to the soldiers at their work. It is planned to have three parades frequently so that the men will be thoroughly drilled in ceremonial.

The 38th Battalion is progressing rapidly. As previously announced a company is in readiness to go overseas. As soon as this company goes to the front, men will be drafted from the Base Battalion to take their places and this will also necessitate the appointment of several new officers. There are six attached officers in the 38th Battalion and there are also a number taking the Provincial School of Infantry course, who are desirous of going overseas if commissions can be obtained. Even if there were not a sufficient number of qualified officers there are great numbers of N.C.O.'s and even privates who are well educated, and if given the proper training could be trained to be very efficient officers.

There are now sixty-four soldiers of Barrieffield camp in the Military hospital, General hospital and the Hotel Dieu. The greater number are suffering from very slight ailments and there is not one case of contagious disease.

Some of the 8th C.M.R. were engaged in shooting on the ranges on Monday afternoon. An exercise ride was held in the field across the road in the morning. The artillery used this field at the same time.

Between the 500 yard and 1,000 yard ranges, the ground is being levelled and will be used as an athletic field for the Y.M.C.A. work. A half mile track will be made and inside of this will be a football field and baseball diamond. At present the parade ground in front of the administration building is used for all games, but as permanent bases would interfere with the drilling, all games will in future be played on the lower field. The parade ground however, is still to be used for practising.

Among the officers taking the Provisional School of Infantry that opened at Barrieffield camp on Monday are Lieut. M. Bertrahd, and Lieut. E. M. Gladnew, 49th Regiment; Lieut. W. H. Robinson, B. H. Richardson, C. J. Kane, G. S. Coward and W. A. Newton, 47th Regiment, and Lieut. Rogers and S. J. M. Compton, 14th Regiment.

The 7th Artillery Brigade held a mounted parade on Monday afternoon.

The recruits in the Base Battalion

The Best Treatment For Constipation

The Experience of One Who Knows and Places Dr. Chase's Kidney-Liver Pills First.

It is not difficult to secure a medicine that will effect movement of the bowels. To cure Constipation and the complications which arise from it is another matter.

Constipation of the bowels is usually preceded by torpid action of the liver. Hence it follows that if Constipation is to be cured the liver must be set right. And here lies the secret of the success of Dr. Chase's Kidney-Liver Pills. They awaken the action of the liver and insure a good flow of bile which is nature's cathartic. The liver, kidneys and bowels are invigorated and regulated, and the troubles with the digestive system disappear.

Mr. H. M. Bell, Innisfail, Alta., writes: "For some considerable time I have been using Dr. Chase's Kidney-Liver Pills, which I have obtained through your firm. I suppose during my life I have used nearly all the best-known pills, as I have

best officers in the militia, and although no appointments have been announced, it is expected that he will be promoted to major in the battalion to be organized.

No orders except that officers are being chosen have been received yet for the formation of the 59th Battalion at Ottawa. It is expected that a number of men from the Base Battalion will be drafted as cadres and recruits taken on to bring it up to strength.

No dogs will accompany officers N.C.O.'s or men overseas according to a recent order.

A postoffice has now been opened near the Army Service Corps depot, and all morning and from five to seven o'clock in the evening stamps and money orders will be handled, as well as all small business such as is handled in any permanent postoffice. Two mails will be collected every day from the boxes of every unit in camp and there will also be two incoming mails.

According to a recent order all mail matter should be addressed as follows: Number, rank and name; battalion or battery, Barrieffield Camp, Ontario.

Pte. R. Lee, formerly mail clerk on the Canadian Northern route between Tweed and Kingston, will assist the two members of the Canadian Postal Corps with the handling of the mail at the camp. Pte. Lee is now a member of the G. A. S. C.

Sergt. L. Dryden, Instructional Cadre, arrived in camp on Sunday.

Two of the military purses of the city made a visit to Barrieffield camp on Monday afternoon for instructional purposes, Major R. J. Gardner was in charge of the visitors.

The roads around the camp are getting into splendid condition due to the great amount of traffic passing over them.

There are now about twenty-nine horses used by the Army Service Corps for the transportation of supplies of all kinds around the camp.

Lieut.-Col. Edwards, O. C. 38th Battalion, was in Ottawa over Sunday, and returned Monday afternoon.

Major Barragan is an instructor in the P. S. I.

A pet lamb that wandered into the lines of the 8th C.M.R. was rescued by its owner, a lady of Barrieffield village, on Monday afternoon. She promised to look after it most closely. The soldiers took quite a fancy to it and wanted to adopt it.

There were six men in the detention hospital on Monday.

The Engineers under Capt. Wilgar are kept constantly busy around the camp laying out work for fatigue parties.

Twenty-five recruits arrived on Monday afternoon from Smith's Falls.

The winners of the athletic events at Barrieffield Camp on Monday evening were: Running broad jump—Pte. Kirkpatrick, 16 feet, seven inches; 2nd, Pte. Symington, 16 feet, five inches; 3rd, Pte. Lavery, 15 feet, three inches.

Quarter-mile run—1st, Corp. Phillips, 2nd, Pte. Lavery; 3rd, Pte. Scoville.

There will be a meeting of all soldiers in camp interested in lacrosse this evening in the Y. M. C. A. tent. A great number of men were enlisted from Cornwall which town is notoriously enthusiastic about lacrosse.

The checker tournament opened in the Y. M. C. A. tent on Monday evening with sixty-five contestants. It was impossible to do very much in one evening but the tournament will be continued until the champions are declared. The checker board donated by Mayor R. D. Sutherland arrived on Monday and the donation is very much appreciated. A prize was offered by J. H. Wallace, director of the Y. M. C. A. religious work.

On Wednesday a meeting has been called of all camera enthusiasts in camp to meet in the Y. M. C. A. tent for the organization of a Camera Club. Such an organization should prove popular as there are hundreds of men in camp who can take pictures and, of course, everyone will want souvenirs of the tented city.

WAR THINGS.

Couriers arriving at Amsterdam declare that British air-men shelled and destroyed big Zeppelins shed near Ghent last Sunday.

The Dutch Government has prohibited the export to the United States or any other country of goods bought in Germany and now lying in Holland.

Reports received at Paris Monday afternoon from the front say there was no change in situation since noon, though the Germans have made many violent attacks.

All the important cities of the German Cameroons, West Africa, are now in the hands of British and French.

Reinforced Germans were driven back by the French at Senches with terrific losses.

The Italians have taken Tarvis and will soon control the main railway to Vienna.

The Canadians are now brigaded with Indian Divisions and fighting hard.

It is rumored Sir Edward Grey is in the Roumanian capital, and has arranged that country's immediate entrance into the war.

Probs: Showers to-day. Wednesday, fine and warm.

FIVE ROCKELLER BOYS

Sixth Child Born to Mr. and Mrs. John D., Jr. Tarrytown, N.Y., June 15.—A son was born Saturday to Mr. and Mrs. John D. Rockefeller, Jr., their sixth child and fifth boy. He weighs ten pounds and has yet to be named. Both mother and baby are doing well.

The eldest child of the couple is their daughter, who was born on November 2nd, 1903. She was named after her mother, who was Miss Abigail G. Aldrich.

The eldest boy was named John D. Rockefeller, 3rd, after his grandfather. He was born in the West Fifty-fourth street residence of Mr. Rockefeller on March 22nd 1906. The third boy was named Nelson Aldrich Rockefeller, after his maternal grandfather. His birth occurred on July 28th, 1908, the sixty-ninth anniversary of the birth of his paternal grandfather, Mr. Rockefeller. The family at that time were stopping at Bar Harbor.

The fourth child, a son, was born at Pocantico Hills on June 7th, 1910, and the fifth, also a son, was born May 3rd, 1912, in the West Fifty-fourth street residence of Mr. Rockefeller.

Many a good reputation has been stabbed by a pointed tongue.
