THE TROOPS IN THE CAMP PARADE THROUGH THE CITY

After Being Inspected by Col. T. D. R. Hemming.

MAJOR-GEN. LESSARD MAY ACCOMPANY MINISTER OF MILITIA HERE.

Men in the Ranks Receive Commis-sions—A Taxi Found To Be Using a Second License Number.

Kingstonians had their first opportunity of seeing the splendid type of soldiers that Col. T. D. R. Hemming has under his command at Barriefield camp, when over 3,000 of the men for overseas paraded through the streets on Wednesday afternoon. Sharp 2 p.m., all the overseas units in camp paraded to the field at the huge Union Jack had been erected, west end of the camp grounds. Here and the soldiers lined up facing the flag. At the extreme north side of the field was the 8th Regiment, C. M.R., under Lieut.-Col. Munroe, Suf-ficient horses for seven mounted squadrons were in the parade and the remainder of the regiment paraded as infantry. This regiment alone was a splendid sight with every man sitting erect, his rifle at his side and a bandolier over his shoulders. The horses never looked better and be-haved beautifully.

Next to the 8th C.M.R. was the 7th Artillery Brigade under Col. Stewart, brigadier. The 25th and 26th Batteries and ammunition Column formed the brigade. The Ammu-nition Column men were on foot owing to inability to secure horses. The batteries looked splendid.

In the centre of the field was the 38th Battalion. On the western side of the field was the Base Bat-talion. The latter is composed of recruits practically all through. What surprised and pleased the in-specting officers most was the won-derfully steady way the men march-ed. Few have ever seen a ceremon-ial parade before, but they showed every bit of instruction given to them.

The programme was a march past in column and salute, and afterwards being drawn up for inspection. Col. G. Hunter Ogilvie was General Of-ficer Commanding and Col. T. D. R. Hemming, accompanied by his aide Lieut. H. A. L. Con made the inspec-tion.

About three o'clock the parade, headed by the 7th Brigade, marched out of the camp grounds and into the city. The route taken was up Prin-cess street, down Barrie street and along King street to the bridge. The streets were lined with people and nothing but complimentary expres-sions were heard. The first parade through the city streets created a good impression. Col. Hemming can well be proud of the fine type of men which he has under his com-mand.

Some of the officers in camp are under the impression that Major-General Lessard, Inspector-General of the Eastern forces, will be present and make an inspection of the troops at Barriefield when the Min-ister of Militia comes. It is stated that the Minister will come on Friday, but so far nothing official has been given out.

The change from shirts to serges made the route-march on Wednesday afternoon rather uncomfortable for the soldiers.

Lieut.-Col. H. R. Duff, was a vis-itor in camp on Wednesday. The impression generally prevail-ing that men in the ranks find it dif-ficult to get a commission is being proved decidedly wrong. In the 35th Battalion some time ago the efficien-cy of Sergt-Major Glass was recogniz-ed, and he was promoted to assist-ant adjutant. The position of Regimental Sergeant Major has been granted to R.Q.M.S. Blakney, and Pte. H. J. Fraser has been promoted to the position of R. Q. M. S.

There is now absolutely no poss-ibility of a certain local taxi being allowed entrance to Barriefield camp, according to what the owner is reported to have done on Tuesday night. He picked up three soldiers on the road near the camp but the guard recognized him and ordered him to stop. The soldiers told him to "beat it." The guard tele-phon-ed to the one at the bridge, and when the car reached there it was made to stop. The three soldiers were put under arrest, and it was found that the car was using a second license number. The matter was reported to the police.

Capt. Melton, late of the Toronto corps, has had a marquee erected, and will look after the Salvation Army work in camp.

The C. A. S. C. men were paid on Wednesday.

There were only seven cases hand-led at the Detention Hospital on Wednesday, and these were of a mi-nor nature. Four cases were trans-ferred to hospital.

The Detention Hospital is always

Beware of Ointments For Catarrah That Contain Mercury.

As mercury will surely destroy the sense of smell and completely de-stroy the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable phy-sicians, as the damage they do is ten fold to the good you can possibly de-ceive from them. Hall's Catarrah Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrah Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price 75c per bottle. Take Hall's Family Pills for consti-pation.

more or less busy, however, with dressing and looking after the gen-eral health of the camp.

The roads have pretty well dried up after the rain of Tuesday.

Among the men in camp are many athletes. In the M. G. S. of the 38th Battalion is Giles Smith, who was recently transferred from the Base. He is a brother of Don-ald Smith, also of Cornwall, the cele-brated professional hockey and la-crosse player. Giles Smith played with Cornwall against Montreal on Saturday last. When, after ten min-utes' overtime, Montreal won out by 5 to 4.

Sergt. J. L. Poirin, 38th Battalion, left for Quebec on Wednesday to take an armourer's course at the Ross Rifle Factory.

The Ottawa Free Press says: There is considerable discontent among the officers and men of the 25th Battery, 7th Brigade, C. E. F., over the fact that the unit has been almost disorganized by having a large draft of men taken from it to be sent overseas as reinforcements to corps that have suffered losses at the front. The battery was looked upon as one of the finest raised for overseas service in the present war.

Tete De Pont Barracks Notes. Sergt.-Marshall, R. C. H. A., leaves in a few days to take a position in the Adjutant-General's office in Ot-tawa under Major A. Z. Palmer. Sergt. Marshall is a very efficient ar-tillery clerk and will be greatly missed.

A new Victoria has been placed in the library at Tete de Pont Barracks for the entertainment of the soldiers.

The first driving drill since the draft from "C" Battery left for Eng-land was held on Thursday morning. The men are learning how to handle the horses in a very satisfactory manner.

Gr. S. S. Dawson has been ap-pointed provisional S. S.

MAY BUY CANADIAN CATTLE.

War Demands Cut Down Cattle by 4,000,000 Head.

In France, the war has cut down the number of head of cattle by 4,000,000, and it is estimated that at the end of the war the diminution will be about 40 per cent. It is therefore necessary to buy cattle on the hoof, and the Bulletin du Syn-dicat Central of the French farmers advises buying these cattle in Can-ada and in the north and central por-tions of the United States. These cattle, the Bulletin urges, are healthy, and have never been attack-ed by infectious diseases. The oxen frequently produce 70 per cent. of meat, and 60 per cent. on an aver-age; and they resemble in quality, it is said, Limousin beasts.

SHE DARKENED HER GRAY HAIR. A Kansas City Lady Darkened Her Gray Hair and Stimulated Its Growth by a Simple Home Process. She Tells How She Did It. A well-known society lady who darkened her gray hair by a simple home process made the following statement: "Any lady or gentleman can darken their gray or faded hair, stimulate its growth and make it soft and glossy with this simple re-cipe, which they can mix at home. To half a pint of water add 1 oz. of bay rum, 1 small box of Orlex Com-pound and 1-4 oz. of glycerine. These ingredients can be purchased at any drug store at very little cost. Apply to the hair every other day until the gray hair is darkened suf-ficiently, then every two weeks. This mixture relieves scalp troubles and is excellent for dandruff and falling hair. It does not stain the scalp, is not sticky or greasy and does not rub off. It will make a gray haired person look 10 to 20 years younger.
