

A SPLENDID WAY TO REDUCE ONE'S WEIGHT

There is, perhaps, no one thing that shows the passing of our youth so much as the horrible tendency of some of us to put on too much weight after we have reached the age of 25 or 30. However young our face may appear, our figures "give us away."

The cause of this over-stoutness is that our stomachs convert the food we eat into fat because there is not enough oxygen in the blood to produce a proper combustion to destroy the fatty tissue. To reduce your weight go to a good druggist and get oil of orris in capsule form, and take one after each meal. It is sold only in original sealed packages. Oil of orris taken 30 or 40 times gives you all the benefit of the food you eat, and at the same time dissolves the fatty tissue from any excess fat. In this way many have reduced their weight at the rate of about 10 lb. a month, and no flatness is left.

ANY DRUGGIST can supply you or a postal order will be sent on receipt of \$1.00. Address D. J. Little Drug Co., Box 1249, Montreal, Can.

E. P. JENKINS' CLOTHING COMPANY

TREASURER OF THE CITY HANDLES ALL THE MONEY

That is Collected For the Utilities Service.

COMMISSION DOES NOT HANDLE ONE DOLLAR OF THE CITY'S MONEY

All Meetings of the Commission Open To the Newspapers—Impossible to Furnish Financial Statements At End Of Quarter.

It should be pointed out that the Utilities Commission does not handle one dollar of the city's money. City Treasurer Bartels is the joint official for the City Council and the Commission, and handles all the funds of both departments.

The reporters of both newspapers always attend the meetings of the Utilities Commission, just as they do the meetings of the City Council, and get as much information from the Commissioners as from the aldermen. The talk of the Commission meetings being of a "chamber kind" without foundation. The only civic committee reporters are not allowed to attend is that of Finance, of which Ald. Graham is one of the members.

Members of the Utilities Commission point out that it is physically impossible to furnish the City Council with a quarterly return until the moneys are collected, and the moneys are not even until the 29th day of the following month. The returns are then made as promptly as they can be prepared by the collectors.

A CHRISTIAN GENTLEMAN.

Kindly Reference To the New Brock Street Pastor.

Rev. G. S. Clendinning's departure from our midst, where he has worked for the past three years faithfully toward the advancement of the cause of Christ in our community and the uplifting of his fellow-men, has been received by his fellow-citizens, not only those who are members of his congregation, but by citizens of all denominations, with mixed feelings of gladness and regret. We are glad he is going because we believe the change will be advantageous and beneficial to himself, Mrs. Clendinning and their family. In Kingston Mr. Clendinning will have a larger field in which to work, and exert his influence for advancement of the cause of his Master, and he will be able to give his children the opportunity of attending college, a chance they would not likely have had if they had remained in Kemptville for the fourth year.

We are sorry he is going for our own sakes. He has proven to us in his short sojourn that he is in every sense a man and a Christian gentleman. He has been glad when we were glad and had words of sympathy and kindness for all in times of bereavement and sorrow. We have felt that our joys were his joys and our sorrows his. He has always proven ready to reach forth a helping hand to his fellow man in his time of need, and spent his days in going forth and doing good. Every cause for the well-being and uplifting of the community has had his hearty and whole-souled support. We all feel better for having known him and associated with him, and it is the earnest desire of his host of friends in Kemptville that he may long be spared to continue his good work in conveying the message of the Gospel and adding to the happiness of mankind.

Glad He Wasn't Inside.

The Irishman was relating to some friends in Glasgow how one night he was retiring to bed he fancied he saw a ghost, and having a revolver handy he fired at it. Next morning he examined the object he had shot and discovered it to be his shirt.

"What did you do then?" exclaimed one of the company.

"Bedad, I just thanked Heaven I wasn't inside it," replied Pat.

Eczema Was Cured Twelve Years Ago

Dr. Chase's Ointment Proved to be a Permanent Cure.

The old idea of eczema being a disease of the blood has been pretty well exploded by the record of cures made by Dr. Chase's Ointment. Some doctors still advise internal treatment, but the results are all so uncertain, and too often a mere temporary relief. With Dr. Chase's Ointment it is different. You apply the ointment to the sore parts. It cleanses the sores and soon sets up the healing process. In a few days you can see with your own eyes the wonderful change that is taking place and are encouraged to keep up the treatment until the cure is complete and the sores replaced by smooth, natural skin. It is wise to look after your general health, keep the bowels regular and the blood rich, but you can depend on Dr. Chase's Ointment to cure the eczema if you will do your part and apply it regularly. Mr. W. H. Roberts, Charlotte-town, P.E.I., writes: "I can recommend Dr. Chase's Ointment to anyone suffering from itching skin dis-

BIG RUSSIAN ORDER.

Profit May Be as Big as That of Last Year.

Canadian Locomotive has recently had a more or less prominent position on the Toronto market, says the Toronto Telegram, about five hundred shares having changed hands during the last ten or twelve days at prices ranging from 40 to 41 1/2.

About half of these transactions have taken place in the last few days. Since it has become known that the company has received an order for over \$1,250,000 worth of locomotives from the Russian Government this activity is easily explained.

The last annual statement of the company is for the year ending June 30th, 1914, and although it gives no figures as to the amount of business transacted, it places the profits on operation at \$334,114. It is probable that this represents a profit of from twenty-five to thirty per cent. on the gross earnings would have totalled about \$1,113,713, or \$1,336,456. The Russian order, therefore, is almost the equivalent of last year's business.

Napanee

June 18.—Rev. A. MacGreer, son of Charles MacGreer, Deseronto Road, who is serving as chaplain with the First Canadian Contingent, has sent home an interesting war relic in the shape of a German helmet. Philip Woodcock an old offender, was charged in the police court today with being drunk whilst being in charge of a horse and wagon; and was fined \$5.

Henry Hunsdon, who wanted to lick the universe, Germans included, about midnight, on Dundas street last night, was fined \$3.75 for disorderly conduct by Magistrate Rankin today.

James Wilson delegate from the Napanee Lodge Canadian Order of Foresters, to the Grand Lodge, meeting at St. Catharines, has returned home. The place of meeting for 1915 will be in Owen Sound.

J. Brite, who has been in the West for a visit, returned home last night. Whilst coming down West street with his car this evening, Stanley Reid, County Registrar, ran it into an excavation opposite D. H. Peaton's residence, where a sewer connection is being made. A team of horses finally pulled it out with slight damage.

The Town Band gave a concert in Harvey Warner Park to-night which drew a crowd of people.

WAR BULLETINS.

There was a well established rumor in London, Petrograd and Paris that Bulgaria had reached an agreement with Russia to enter the war.

Berlin advices say prominent Socialists have addressed a public meeting in Berlin, demanding a speedy termination to the war.

A newspaper at Berne, Switzerland, says authoritative advices are that 400,000 Germans were killed in action to date.

A small three hundred ton British steamer was submerged on Friday; crew saved.

The British have won more trenches near La Bassée. The French army in Alsace is nearing the Rhine River.

The battle around Goritz is assuming large proportions. The Austrians are strongly reinforced.

The Russians have defeated the Austrians in Bukovina, but admit a further retreat towards Lemberg.

Roumania has definitely entered into negotiations with the Allies.

Have proof positive that the insult was intended before you accept it as such.
