A despatch from Przemysl early to-day reported that the Austrian regiments are storming the last line of Russian defences on a ridge eleven miles from the city and the Austrian shells are falling in the western suburb of the Galician capital.

Since early yesterday, train loads of Russian wounded have been hurry ing out of Lemberg. They are moving north-east in the direction of Brody, five miles from the Russian Paid \$50,000 frontier. Aviators have brought word that several train loads of heavy guns used in the defence of Przemysł are moving out of Lem-

#### What Will Grand Duke Do?

(Special to the Whig.) London, June 21.- Never, haps, since before the battle of the Marne, have the Teutonic allies appeared so confident of success. Hav ing failed in their original plan of crushing France, and then turning to Russia, they have reversed the order of their strategy, and now, judging by the expenditure of life and ammunition in Galicia, they have pinned their whole faith to so paralyzing the Russian army as to permit of the throwing of a tremendous weight of men and metal into the western theatre, there either to break through the Franco-British line or force an interminable period of sanguinary and dollar charge was read to him. warfare.

The great question England and her allies are asking is whether Grand Duke Nicholas, commanding the Russian forces, can successfully emulate Joffre's tactics of last fall and check the Austro-Germans at the Of One gates of Lemberg. (Special to the Whig.) Ottawa, June 21.-It is believed here that Hon. Robert Rogers, Minister of Public Works, will seek renomination not in his old seat in South Winnipeg, but in the county of Carleton, at present represented by W. F. Garland, whose name figured before the Public Accounts Committee in connection with the Powell drug contract last session.

Hungarians Were Coralled On Top of Mountain

Udine, Italy, June 21.-On Wednesday afternoon over 1,000 Hungarians, commanded by a lieutenantcolonel, tried to take revenge for the Austrian reverse on Monte Nero .. This time the Hungarians climbed Vrata Mountain, hoping from that height to dominate the Italian positions and outflank them.

Italian Alpine troops gradually surrounded Vrata, creeping through the undergrowth. For some time they did not reply to the Hungarian fire, it being a rule among the Alpine soldiers not to shoot unless they can kill at least one adversary. Finally the moment came when the DENIES HE HAD ANYTHING TO Hungarians, being within close range, the Alpine troops poured in a rain of bullets and then sprang The Plant Had Been Working Overout with fixed bayonets. The Hungarians were repulsed in confusion. and tried to escape, but found the Alpine soldiers emerging from every side. Every member of the Hungarian battalion was either killed or taken prisoner.
