### TRIVELKIAN.

June 24.—St. James Church, Trivelkian, was well filled on Tuesday morning, June 15th, to witness the marriage of one of Lillie's fair young daughters, Miss Helen K., second daughter of Mr. and Mrs. E. J. Flood, to Grover Reid. The bride, a handsome young lady of many personal charms, was gowned in emerald white silk crepe and wore the customary bridal veil. The bridesmaid, Miss Agnes Donovan, cousin of the groom, looked equally charming in pink silk crepe. D. Judge, cousin of the bride, was best man. At the hour of 3.30, to the strains of the wedding march played by Mrs. A. Leeder, sister of the bride, the latter entered the church on the arm of her father, and proceeded to the altar, where the groom was in waiting. Rev. Father Cullane celebrated mass, and performed the nuptial ceremony. The wedding party, followed by the guests, motored to the bride's home, which was lavishly decorated with cut flowers and greenery. After congratulations, all repaired to the dining room, where a wedding breakfast was served. The party then proceeded to the parlor, where choice music was rendered. The groom's gift to the bride was a gold necklace with amethyst settings; the bridesmaid a gold ring, and to the groomsmen a gold tie pin.

### THE HIGH ESTEEM.

The high esteem in which the young couple are held was well testified by the many useful and costly gifts they received. Among them we noticed a beautiful rug from the groom's parents, and a substantial cheque from the bride's parents. The bride travelled in a suit of sand-colored silk. At 4.30 o'clock Mr. and Mrs. Reid motored to Brockville, and after spending a short honeymoon in Ottawa, the young couple will take up residence in Rockport, where the groom has a beautiful home in readiness. Mr. and Mrs. Reid take with them the best wishes of their friends.

**Goodyear Laminated Tubes**  
For Automobile Tires  
These many thin layers of pure rubber are vulcanized together into an extra-heavy unit tube

**Leak-Proof Inner Tubes**  
That Outlast Any Tire  
14% Heavier—20% Lower Priced

**Layer on Layer**  
Here is something every motorist should know.  
Goodyear Laminated Tubes are not built of one thick piece of rubber. In a single piece of thick rubber flaws may be hidden. And the flaws may go clear through.  
Goodyear Tubes are made of many thin layers—each of pure rubber—vulcanized together in one solid, extra-heavy tube.  
In these thin sheets any tiny flaw shows up and we correct it at once.  
These thin, perfect sheets, wrapped layer on layer, make a tube that can't leak. And the valve patch can't leak. It is part of the tube, not stuck on.  
Please remember that. Many a tire trouble is due to a leaky tube.  
**Made Extra Thick**  
Goodyear Laminated Tubes are also extra-thick. They were always so.
