THE LATEST TIDINGS

PRESENTED IN THE BRIEFEST POSSIBLE FORM.

The Whig's Daily Condensation of The News of the World From Telegraph Service and Newspaper Exchanges.

The police have reason to believe some 300 paroled alien enemies have escaped from Toronto to the United States. The United States Navy Department has decided to equip all submarines with three-inch guns for offensive purposes. It is charged that Germans burned a large number of British soldiers together with the medical staff attending on them.

Everything the British Government can get in the way of supplies is secured in Canada. So says the Canadian High Commissioner. Peter Stephen, for fifteen years the efficient agent of the C.P.M. at Smith's Falls has resigned his position, to which George Weekes has been appointed.

The Imperial Government has "gratefully accepted" the offer of the Government of the Union of South Africa to provide a contingent of troops to be raised in the Union, and some batteries of artillery. Police Commissioner Woods, New York, has ordered every known anarchist in the city placed under surveillance, in an effort to find a clue to the identity of the person who exploded a bomb under the detective bureau in the south end of Police Headquarters.

Germany has given a draft reply to the U. S. Ambassador and he has consulted Washington. High officials are practically agreed that the United States cannot, without sacrificing important neutral rights, express its approval of the German proposals in their present form. That eastern Canada does not feel the effect of the war nearly so much as the west is a statement made during an interview yesterday by Rev. Dr. S. D. Chown, who has just returned to Toronto from attending the conferences of the Methodist Church in Newfoundland and Nova Scotia.

JUNE STOCK SALES UP N. Y. Total Three Times Higher Than A Year Ago.

New York, July 7.—June sales of stock on the New York Stock Exchange were nearly three times as great in June, 1914, but they fell off more than 600,000 shares as compared with May of this year. The total sales last month were 10,947,247 shares, as compared with 12,607,107 shares in the previous month. In June, 1914, 3,991,378 shares changed hands. Bond sales were less than in the previous month. These amounted to \$59,097,000, as compared with \$62,339,000 in May and \$55,970,000 in June, 1914. The largest single day's transaction last month amounted to \$3,103,000.

To Be Operated. Cobalt, July 7.—Encouraged by the recently re-started Right of Way, the neighboring Silver Queen is making preparations to resume active operations again. E. V. Neelands has leased the property and will work it on a royalty basis. It is hoped to pick up some of the Right of Way vein extensions, after which the lease will endeavor to discover if there is sufficient material ore in the mine to make it worth while to continue work. Pumping out is in progress at present. The Silver Queen was formerly under option to the Aladdin-Cobalt.

Corporate Financing In U. S. New York, July 7.—Corporate financing arranged during June in the United States totalled approximately \$83,000,000. This was a smaller amount than in any previous month of the year except March, when only \$73,000,000 was consummated. The total of corporate financing done in this country in the first six months of the current year amounts to \$795,500,000, and \$194,500,000 below the same period last year, \$336,000,000 below 1913 and \$550,000,000 below the record year of 1911.

Big Motor Dividend. Cleveland, July 7.—Chandler Motor Company declared 7 1/2 per cent. dividend on the common shares and the usual 1 1/2 per cent. on the preferred shares.

Mote To Vancouver. Ottawa, July 7.—The Skeena Timber Co., Ltd., have removed their office from Toronto to Vancouver.

Toronto Terminal Plan. Ottawa, July 8.—An early start will be made on the new railway terminals at Toronto, according to information obtained here. It is stated that an arrangement has been made for advances of \$4,000,000 by the Bank of Montreal on the guarantee of the Canadian Pacific and Grand Trunk Railways and that all details have been worked out, including the arrangement with the Government in regard to the question of a postal station.

RUSSIA IS PREPARING.

For New Campaign in Galicia Against Enemy.

New York, July 8.—Dr. R. B. Ward, of New Haven, Conn., who arrived on the steamship United States from Copenhagen after spending a year in Russia, said that the Russians were making extensive preparations in arms and munitions for an early offensive against the German and Archangel Railroad, with newly constructed lines reaching from Vologoda toward the battle line, has been taken over in its entirety by the Government for the transportation of munitions of war. Only two passenger trains a week were being run when he left Petrograd, he said, and all freight traffic had been suspended.

Since Archangel opened to navigation, Dr. Ward asserted, ammunition-laden ships from England and Canada have been arriving almost daily. Thousands of soldiers at Archangel are busy day and night transferring munitions to trains, and all railroad equipment that can be handled is being operated over the road, the south-bound trains being loaded to capacity. "I left Petrograd about the middle of June," said Dr. Ward. "Despite the Russian reverses there was no indication of discouragement. Thousands of new troops are already in training and in readiness to be rushed to the front as soon as the danger of another shortage of munitions is past. They are simply awaiting ammunition and equipment. Within ten miles of Petrograd over 600,000 troops are encamped, ready for the word to go into action, and, I was reliably informed, no many more are in readiness in a dozen other places. "While Russia is not receiving much help from Japan in the form of munitions or men, I know of my own knowledge that hundreds of Japanese officers are engaged in drilling Russian troops in the use of heavy artillery."

NO BLAME TO BRITAIN.

Boys Recruited in U.S. For War in U.S. Had Been Released.

Washington, July 7.—The State Department has received numerous complaints—mainly from Boston and vicinity—concerning the treatment of youths who have been engaged to go to Europe on cattle steamers from Boston and other ports, but have failed to return, and in some instances had enlisted in the British Army. These complaints, it was learned to-day, came mostly from parents of the youths, which have been submitted through members of Congress representing Congressional districts in which the boys lived. Secretary Lansing said that these cases had been investigated and that in every instance in which representations had been made by the United States Government, the boys who had been recruited had been released. Mr. Lansing was asked whether the investigation of these cases showed that the British Government was responsible, and he said that nothing had been learned in any way connecting the British Government with the services of the boys being offered as recruits.

BECKER EXPECTS TO DIE.

Condemned Police Lieutenant Has Abandoned All Hope. New York, July 8.—Ex-Police Lieut. Charles Becker has abandoned all hope of escaping the electric chair for the murder of Herman Rosenthal, the Rev. James B. Curry, rector of St. James Roman Catholic Church, said yesterday. Father Curry, who has frequently visited the condemned man in the Tombs and in the death house, expressed a belief in Becker's innocence. "Becker is ready to die," Father Curry said. "He believes he will die, and that none of the proceedings begun in his behalf can save him. In spite of everything, he bears up well. No one could look into Becker's eyes and have any doubt that he is anything but innocent. It is a strange fact that Becker believes in capital punishment. The fact that he has been condemned to die—as he says, innocently—has not altered his view."

DISAVOWS PEACE PLEAS.

Social Democrats Are Still With Faith in Kaiser. London, July 8.—The Daily Mail says that the executive committee of the Social Democratic party of Germany, in a striking appeal for party unity in the Vorwarts of July 3rd, disavows the anti-war movement in Germany. It declared that, although rejecting as earnestly as ever all ideas of a war of conquest, the Social Democratic party, "in consequence of the new menace to Germany in the form of the aggressive policy of Italy, considers it simple duty again to announce that we stand shoulder to shoulder with our nation and with it put forth all our strength to overcome this new danger. We must do this in the interest of our country and its working classes and for the sake of the ruling classes as the section-mongers in our party contend."

TAKING NOTES FOR GOLD.

Appeal to French Patriotism Meets Ready Response. Paris, July 8.—The Bank of France has been compelled to designate six receiving officers to take the notes offered in exchange for gold. The public to turn in its private hoards of gold so as to strengthen the national reserve. Long lines of persons waited in front of the institutions yesterday and again were there to-day. The largest sum exchanged was \$5,000 francs (\$17,000) and the smallest that of 10 francs (\$2). The usual amounts were 1,000 or 2,000 francs. The certificates given for the gold were inscribed to the effect that the exchange was made for "national defence." Steps have been taken by the British authorities to prevent the further exportation from Great Britain of lead, spelter, antimony, nickel or any other metal necessary in the manufacture of munitions of war.

CHIEF RABBI AT FRONT. Rev. Dr. Hertz Conducted Service Near Firing Line. London, July 8.—The Daily Mail prints an account of how Rev. Dr. Hertz, chief rabbi of England, visited the troops at the front last week and conducted services close to the firing line, amid the noise of a heavy cannonade. In the Rouen section the chief rabbi, addressing a large congregation of troops, reminded them of the old Jewish legend of a second deluge, a deluge of fire that would sweep over the earth. "Even our enemies," he said, "will yet bless those who have insured victory to Great Britain."
