IMMENSE AERO FLEET

To Scout For Submarines Off The British Coast.

Hartford, Conn., July 9 .--- Upon receipt of a telegram from David A Thomas, the representative of the Munitions Department of the British Government, who arrived in New York on Monday, saying: "Can you supply an unlimited number of aeroplane motors and when can you deliver them?" Frank H. Harriman,

Mr. Spencer, the Federal inspector, who is supervising the work at the Harriman factory, said that he thought Britain was planning the mobilization of an immense fleet of aeroplanes with which to scout for

submarines off the English coast. The Harriman motor won in a competition test under the auspices of army experts, and the motors Harriman is now building for the Government will be used in hydroaeroplanes.
