VICAR OF ST. PAUL'S

PREACHED TO THE ORANGE MEN ON SUNDAY MORNING.

Shown that the Kaiser Was Following Policy of Sennacherib as Recounted in the Chronicles.

The annual church parade of the members of the Loyal Orange Lodges of this district was held to St. Paul's Church on Sunday morning, and a record number turned out. Canon W. F. FitzGerald delivered the sermon, which was patriotic throughout.

The parade formed at the Orange Hall on Princess street, with a large number of the members wearing their regalia. The line of march was up Princess and along Montreal street to the church. The streets were lined with people, and complimentary remarks were made on all sides as to the splendid appearance of the Orangemen.

Canon FitzGerald chose as his text: "With Him is an arm of the flesh, with us is the living God." II. Chronicles xxxii, 8. The speaker referred to the ages when the text was written, and spoke of the policy of Sennacherib, which was to triumph by the policy that might was right. Hezekiah waged war for a righteous cause, for the defence of honor, and as an outcome of obligation, which he held more important than all.

The present war the Kaiser was similar in position and practice to Sennacherib when he tried to win by every method, no matter how base, in his effort to prove that might is right.

Canon FitzGerald said that Orangemen must take off their hats to Belgium, a Roman Catholic country, which refused to be a traitor to Europe, and which held back the German hordes until Britain was ready to redeem her pledge.

"There is a foe greater than the Kaiser striving to get possession of our souls, and would to God that the Protestants and the Roman Catholics of Britain and her Allies direct their attention, through the church they profess to belong, and by the help of Jesus, conquer the foe."

The music for the service was excellent, the choir under G. M. S. Harter, rendering special selections. Prof. W. H. Milner presided at the organ, and gave several selections.

The Glorious Twelfth

Fine weather favored the glorious twelfth on Monday, and the Kingston Orangemen turned out in large numbers to attend the celebrations in Gananoque and Belleville.

At an early hour the members of the local lodges were to be seen alighting in their regalia. Those who went to Gananoque lined up in front of the Orange Hall, Princess street, and marched to the G.T.R. station headed by the Klities band from Barriefield Camp. The train pulled out about 8.30 o'clock. On this train there were five crowded coaches. The band went with the Orangemen.

At 9.45 o'clock another excursion was run to Gananoque by the steamer Aletha and a large crowd went down.

The Orangemen's excursion to Belleville left the local G. T. R. station at 9.15 o'clock and besides a large turnout of the local lodges, quite a number of soldiers from Barriefield camp were aboard.

Gananoque

July 12.—Hon. W. T. White, Finance Minister of Canada, who, in company with Mrs. White, is the guest of Senator and Mrs. George Taylor at their island residence, "Apoahqui," near Tremont Park, for a few days, gave an address at the Town Park on Saturday afternoon to the members and friends of the local Red Cross Society, the Willing Circle of King's Daughters, the Gananoque branch of the Patriotic Society and the Gananoque Relief Association. A goodly crowd assembled with the "Glenn" band in attendance, but unfortunately a shower of rain came just a little too soon to allow the fullness of the proceedings.

George Toner, fish and game overseer for this section, on his trip down the St. Lawrence River the latter part of the week, took up upwards of three-quarters of a mile of gill nets a few miles east of the town.

The funeral of the late Miss Gladys Louch, eldest daughter of Mr. and Mrs. Robert Louch, took place on Saturday afternoon from the family residence, Sydenham street, to Gananoque Cemetery, and was quite largely attended. The floral tributes were beautiful, among them one from the Winona Mission Circle, of which she was a member. Rev. William Taylor, pastor of Grace Methodist Church, conducted a touching service at the house.

The steam barge Robert McDonald was in port on Saturday with screenings for the Gananoque Electric Light and Power Company. She cleared light Saturday evening for another cargo.

The coal schooner Horace Taber, owned and operated by Captain Frank Barnhart, Deseronto, and which has been tied up at the Rath-Bus wharf for the past week or so awaiting orders, went to Gananoque on Saturday evening about six o'clock, when the steam barge Robert McDonald ran into her stern and smashed her gasoline yawl boat, which was awing from her stern davits. The yawl was practically demolished, with the exception of the gasoline engine.

Miss Josephine Marsial, Kingston, daughter of Mr. and Mrs. Joseph Marshall, Leeds, township, is spending some time in town, guest of her sister, Mrs. William S. Bedford, North street. John Barnhart, Stone street, left the latter part of the week to spend a short holiday season with relatives in Montreal. Miss Lena MacNeill, teacher of the public school at Ivy Lea, is spending a few days in town, guest of Miss Florence Abbott, South street. Mrs. Frank H. Hurd and daughter, Miss Margery, Kingston, are visiting relatives in town.

WAR BULLETINS.

The French have taken the heights dominating Flanders and an early advance along the whole line is expected.

Mail advices received at New York say that the submarine which sunk the Lusitania was captured in Channel nets, and the crew imprisoned.

An Austrian submarine engaged an Italian submarine and both were sunk.

Several steamers leaving New York for Britain have been warned that bombs have been planted in their cargo.

Napanee

July 12.—St. Mary Magdeline Church Sunday school held its annual excursion per steamer Brockville to Belleville and Trenton Saturday.

Percy Arnold, who is walking from San Francisco to Montreal, for a wager of \$2,000, was here Friday night and called on Mayor Gibbard for his signature.

William Harrison, Bayside, was sent to jail for fifteen days on a drunk charge.

The infant son of Mrs. W. Babcock, Syracuse, N. Y., who is visiting her parents, Mr. and Mrs. R. J. Pybus, died suddenly Saturday night of convulsions.

The local Orangemen held their annual parade Sunday and marched to Grace Church, where a sermon was delivered by the pastor, Rev. C. E. Cragg. A large number attended. There was also some neighboring lodges represented.

Couldn't Expect More.

Hotels vary as much in degrees of comfort as the haughty hotel clerks do in degree of flippancy and efforts to please the guests. It was midnight in a hostelry in an Arizona town when a guest called up and in an angry voice said: "There are a couple of mice fighting up here."

"What room have you?" inquired the sleepy clerk. He was told and then he inquired, "What are you paying for it?"

"Two dollars," was the reply.

"Well, what do you expect for \$2—a bill fight?"

Montague To Report.

Winnipeg, July 12.—Dr. Montague, former Minister of Public Works for Manitoba, has received orders to report to the Director-General of the Canadian Medical Department at London for service. After a further rest of two weeks at Kanonah, he will probably be able to leave for London. He has been given the rank of major, with honorary rank of colonel. Dr. Montague has two sons with the second contingent.

All The Difference.

A young man said to an old one: "Sir, isn't \$10 a week rather low for this job?" "Low for it?" the old man answered. "Why, I started on that very same job back in 1879 at \$6 a week, and to-day I own the business." "Ah, yes," said the young man, "but your employer didn't use cash registers, did he?"

On Thursday Paul Deshane, whose residence is in Belleville, passed away at Stirling, after a brief illness. Hemorrhage of the lungs was the cause of death. Deceased was sixty-eight years of age.

Mr. and Mrs. James S. Elliott, Prescott, announce the engagement of their daughter, Eleanor, to Charles D. Martin, Spencerville. The marriage will take place in August.

Mrs. Mary Vanorman, wife of the late Hiram Vanorman, died on Friday in Thurlow township. Deceased was eighty-one years of age.

DAINTY FOOD Turns Pale Checks to Pink.

Our best physicians of the present day seek to cure patients by the use of food and right living, rather than heavy drugs, and this is the true method, for only from food can the body be rebuilt.

Many people, after living on poorly selected or badly cooked food for a long time, and when their ailments become chronic, expect the doctor, with some magic potency, to instantly rebuild them.

This is not possible. The only true method is to turn as quickly as can be, from poor food to good.

A young lady says: "I was violently treated for my nerves, stomach, lungs, etc., but none of the treatments gave me relief. About a year ago when my appetite failed completely and I began to have sinking spells similar to fainting, I took all manner of tonics and stimulants, but they were of no effect. I had been brought to quit drinking coffee and taking Postum in its place and gradually began to get a little better.

"Someone suggested that if I found Postum so beneficial I had better use Grape-Nuts food, as they were both the children of one brain. I commenced on Grape-Nuts food for breakfast, having Postum with it. I found the food so dainty, delicious, and appetizing that I always looked forward to breakfast with pleasure.

"Shortly after commencing this diet, the wretched pain in my side was greatly relieved, and now, a year later, it has gone entirely, also the sinking spells; in fact, my pale cheeks have changed to pink, I have gained back more than the twenty pounds I lost, and am thoroughly well in every way.

Name given by Canadian Postum Co., Windsor, Ont. Read, "The Road to Wellville," in pinks. "There's a Reason."

Ever read the above letter? I saw one appear from time to time. They are genuine, true, and full of human interest.

LAST MAN AND NICKEL

FOR THE GERMAN EMPEROR AND EMPIRE

Until Then The Teutons Deny The United States The Right To Dictate A War Policy.

Berlin, July 12.—The Lokal Anzeiger, in its comment on the German note, says: "The main point is that there is no surrender of the German standpoint as regards German interests and rights in face of the opinions of neutral powers. Proof that the standpoint which Germany assumes was forced upon Germany by England, and that we cannot abandon it without surrendering the welfare of the German people, is furnished in such a conclusive and convincing manner that Americans, if impartial, can say nothing against it."

"Should President Wilson still have objections to his late note, he before we can grant him the right to make regulations for conducting our battle for honor and existence against Great Britain, it must be after we have offered the last man and the last nickel for the Emperor and the Empire."

The Lokal Anzeiger hopes the note will be favorably received, but declares that in any event Germany has done her utmost.

George Bernhard, the political writer of the Vossische Zeitung, says: "The German note indicates the unconditional rejection of every foreign attempt to prescribe how far we should go and with what weapons we should defend ourselves against the British war of starvation. We recognize joyfully that the German Government has made it unmistakably clear that its humanitarian obligations are in the first place toward its own citizens. The sincerity of the German attitude is evidenced by the suggestion concerning the number of neutral ships to sail under the American flag. Germany is liberating America from English slavery."

Captain Persius, the naval expert of the Tageblatt, says that the note shows that Germany will follow her present course with the greatest tenacity to the bitter end. He expresses the belief that the note offers the basis for a complete understanding with the United States.

TRACES OF RADIIUM

CONDITIONS IN MADOC-MARMAIORA DISTRICT WARRANT PROSPECTING

Report By Experts—Tests Made In Quebec and Maritime Provinces Discouraging.

Ottawa, July 12.—Traces of radium have been found in Ontario, according to a report made public today by the Mines Department following extensive investigating by geologists of the department.

Investigations and tests were made in the Madoc-Marmora area of Quebec and the Maritime Provinces, but without the discovery of radium-bearing ores, and tests in a majority of the areas visited in Ontario produced like results. In some cases, however, conditions were more favorable, and the report states that "it is gratifying to know that there are places in Ontario where this mineral exists."

The presence of tellurium and the association of ores in the Swastika-Seskimika and Kirkland Lake area favors the possibility of radium-bearing ores being found there, and in the Madoc-Marmora area, where radium had been reported. Samples were obtained for examination by spectroscopy. In the Craigmont-Burgess area, north of Madoc, minute quantities of radium may exist, the concentrated rock giving a substance equal to 4 per cent of uranium oxide. Conditions in the area between Haliburton, Madoc and Bancroft are said to warrant prospecting.

THAW ENJOYING HIMSELF.

Allowed to Dine Wherever He Wishes at Night.

New York, July 12.—The question of whether Harry K. Thaw is sane or insane probably will be submitted to the Jury late Tuesday, according to the State's attorneys. There remain to be examined only the State's alienists, the summing up of both sides, and the judge's instructions to the Jury.

Thaw is jubilant. His attorneys secured an order from the court instructing his keepers to allow him to dine wherever he pleased at night. Last night he went to the Biltmore, and walked back to his cell through familiar streets.

The First Step.

The proprietor of a second-hand clothing store was not so tidy as might have been. One little standing in front of the store an Irishman approached and asked: "Have you clean shirts in yer store?"

"Sure I have," answered the clothing man, anxious for a sale. "Lots of them, as clean as anything."

"Well," said the Irishman, moving away, "go in and put wan of them on."—Philadelphia Record.

A Telling Rejoinder.

A little group of holiday-makers were sitting round, telling anecdotes. One girl told a humorous story, which was received with great appreciation. When the laughter had ceased her rival said: "My goodness! That story is at least 20 years old!" The other one smiled sweetly. "What memory you have dear," she said. "Nancy remembering that little story ever since you heard it the first time!"

A. O. Crowley, Ottawa, has purchased T. A. Code's cottage at Rideau Ferry, and he and his family are now occupying it.

More than 3,200 miles in length, the cable from Lisbon to Pernambuco is the longest crossing the Atlantic.

D. M. Clark has resigned his position as commercial master in the British Collegiate.

The contract has been let for the erection of a skating rink at Smith's Falls.

Probs: Light winds, fine and warm to-day and Tuesday.

Ladies' Home Journal Patterns

Used by Nearly All Dressmakers

And women of taste who make their own clothes. The patterns have a certain distinctiveness and individuality that is sure to find instant favor. They show an intimate and first hand acquaintance with fashion centres where styles originate, and may be accepted as authoritative.

A GERMAN SUBMARINE
Came Up For Supplies, and Was Captured.

Turin, July 12.—The Giornale d'Italia says that a steamer belonging to one of the neutral Balkan states was being laden with benzine and naphtha by an Italian warship. The captain of the steamer confessed that he was waiting to deliver his cargo to a German submarine. The naval commander thereupon took possession of the vessel, manned it with a crew of his own bluejackets disguised as ordinary seamen, and armed the ship with machine-guns. Then he set out to keep the appointment. Precisely at the hour and the spot arranged a periscope was seen emerging from the surface. Greetings were being exchanged when the commander of the steamer stepped forward and cried: "Take your choice—surrender or be sent to the bottom." The amazed Teutons chose to surrender, and with their craft were towed to a well-known naval port.

The Gazzetta del Popolo learns from an authoritative source that during the first month of the war the Italian fleet destroyed three Austrian submarines. It is known that Germany recently forwarded nine of her new type of submarines by rail to Pola for operations in the Mediterranean.

Frontenac Colony Becoming Lively.

The Frontenac colony on Round Island, presents the most animated appearance this year of any since its disastrous hotel fire. Frontenac is once more a United States possession. All of the old stand-bys of the island are back, and a good number of new acquisitions to the colony are noted. Several cottages have been purchased by newcomers, and these will add much to the island life. The Frontenac will this year regain much of its old ground.

The death of Thomas Lyons, for forty-three years treasurer of Ad. maston, is reported.

"The White Way" at Renfrew is to be inaugurated on August 2nd by Hon. Adam Beck.
