WALDRON'S

BIG ORANGE PARADE UPHOLDS THE RIGHT

WAS HELD AT GANANOQUE ON MONDAY AFTERNOON.

Joseph Tait, the Oldest Orangeman On Parade—Hon. W. T. White Was the Chief Speaker.

(Special to the Whig.)
Gananoque, July 12.—The Orange men are in possession of the town today. It is the Glorious Twelfth, and the weather man provided glorious weather. Upwards of four thousand people are celebrating, including members of the Orange order from Kingston on the west and as far as Prescott on the east, and in addition there is quite a large deputation from Watertown, N.Y. The Kingston contingent, numbering three hundred, arrived about ten o'clock over the G.T.R., with the Pipers' Band of the 8th C. M. R., which put new life into the town with its lively airs.

order; and he has only missed one celebration. This is surely some record. Mr. Tait will be eighty-nine years old on August 21st next. Before leaving Kingston Mr. Tait was presented with a handsome bouquet of flowers by his lady admirers.

Among the other old members of the Orange order present from Kingston were James Borney, past grand master Ontario East; William Milligan, Thomas White, Joseph Gould, Sergt. Wolff, L. A. Cobet, and Robert Walker.

The programme of the day included a monster parade, baseball match (Gananoque vs. Belleville), and speech-making at the park. Hon. W. T. White, Minister of Finance, was the chief speaker. The other speakers included Senator Derbyshire, and A. E. Donovan, Brockville; Rev. Walter Cox, Gananoque; Roy W. H. Towle, Lansdowne; Henry Steele, St. Denis, New York State; James Borney, Kingston; C. W. Landon, D.G.M., Ontario East; John Webster, M.P., Brockville; George B. DISASTROUS FIRES.

Are Sweeping Along the Turf in Germany.

(Special to the Whig.)
Amsterdam, July 12.—Several great turf fires have broken out in Germany, south-west of Hanover, and war prisoners and German troops have been sent to fight the flames. The village of Michalken, between Wittichenau and Gelsols, is threatened with destruction. Flames are also sweeping Schurgenmoor.

Wounded at Ypres.

Brockville, July 12.—Unable to return to his home in Chicago because of the strict neutrality regulations of the United States, which prevent a British soldier from entering that country in uniform, Lieut. Gordon B. Robb, of the Royal Field Artillery, who has been invalided to Canada suffering from wounds received at the second battle of Ypres, is in Brockville, his native town, visiting relatives. He saw fighting in all the big battles up to the time when his arm was struck by a shrapnel bullet on May 14th.

German Airman Killed.

London, July 12.—Reuter's correspondent at Petrograd sends the following despatch: A German aeroplane appeared over the Russian aerodrome on the Dniester yesterday, and immediately was engaged by a Russian aeroplane, which used its machine gun effectively. TO LIMIT THE TEACHING OF FRENCH LANGUAGE

In Ontario Schools—Divisional Court Hands Out Judgment In the Ottawa School Case.

(Special to the Whig.)
Toronto, July 12.—In two twelfth of July decisions in the famous Ottawa school case, the First Divisional Court 16-day upheld the right of the Ontario Department of Education to limit the teaching of French in Ontario schools. The following points were made:

1.—That the Legislature by its declaratory act of last session specifically vested this power in the Department.

2.—That even if the right to have French taught had originally been granted by treaty, the British North America Act, with no such provision, is supreme.

3.—That the study of French should be encouraged as an advantage, instead of being demanded as a right.

The Ontario departmental regulation involved in the case is known as "No. 17," and one of the judgments is the outcome of the Separate School Board trouble in Ottawa, which resulted in the suspension of teachers and other reprisals.

FRENCH FORCES HOLD.

Entire Hill Country in Flanders—Allies To Advance.

(Special to the Whig.)
On the Heights of Notre Dame de Lorette, near Arras, France, July 11 (via Paris, July 12).—After battling 136 days for the hill country between Bethune and Arras, the French troops are in possession of all the eminence looking out upon the plain of Flanders. Lille Douai and Cambrai all are visible from here.

Every position along the broad national road between Arras and Bethune has been won except Souchez, and Saturday another quarter mile of trenches in the Souchez web was torn away. The attack was made under parachute rocket lights, the French burning bluish white and the Germans greenish white, covering the scene of a desperate conflict with a ghostly glow.

The most desperate fighting has been along the short ten-mile front from Arras to Aix Noulette, which began March 9th with the taking of a few hundred yards of trenches on the watershed of Notre Dame de Lorette. Every day since then some section of the German trenches have been taken, lost or retaken.

Each side has been employing formidable artillery both of small and heavy calibre, the French guns being somewhat the more numerous and served with unlimited quantities of high explosive shells.

A correspondent of the Associated Press to-day went through five or six miles of the trenches formerly held by the Germans and reconstructed by the French who now have abandoned them to move forward. Upwards of 100,000 Germans have fallen or been captured in these trenches, according to the French official count, since the second week of March.

The check which the Russians have imposed on Archduke Joseph Ferdinand's army in Southern Poland and the additional strain which this has placed on General von Mackensen's German army to the right has postponed, it is believed in military circles here, the threatened German offensive in the west and there is now a possibility that the Allies will be the first to take an offensive.

KING'S CONFIDENCE HIGH.

Navy Will Surely Add Fresh Triumphs.

London, July 12.—The belief that the British navy will win fresh laurels, "whenever the day of battle comes," is expressed by King George in a message to Admiral Jellicoe after a visit to the grand fleet.

"I have had the pleasure of seeing the greater portion of the officers and men of the fleet," said his Majesty. "I realize the patient and determined spirit with which you have faced long months of waiting and hoping. I know how strong is the comradeship that links all ranks together. Such a happy state of things convinces me that whenever the day of battle comes my navy will add fresh triumphs to its old and glorious traditions."

(Special to the Whig.)
Winnipeg, July 12.—Premier T. C. Norris, in the witness box this morning, denied absolutely any knowledge of the alleged deal between Hon. J. H.
