SPLENDID AID GIVEN

THE GOVERNORS ARE HOPEFUL OF RAISING NEEDED FUNDS.

The Monthly Meeting of the Sir Oliver Mowat Memorial Hospital Board—The Donations Have Been Generous.

The monthly meeting of the governors of the Sir Oliver Mowat Memorial Hospital was held in the Board of Trade rooms on Wednesday afternoon. It was reported that the donations received for the past month totalled over \$1,000. The governors were much pleased with the response to their appeal and the manifest interest in the institution; they had every hope that their request for \$2,000 would speedily be answered. It was pointed out that the people were much concerned regarding the work of the hospital and many kindly expressions accompanied the generous gifts.

The resignation of Miss Bass was accepted and arrangements were made for carrying on the work during the summer. There are, at present, eighteen patients, four of whom are on their holidays. Applications for several more, one of them by the Militia Department, were made for admissions.

The resignation of C. Birmingham as a governor was regretfully accepted and a resolution of appreciation for his wise counsel and beneficence was passed. Regret was expressed that he found it necessary to retire, but it was hoped that his interest would be a marked one in the future as it has been since the inception of the hospital.

The Daughters of the Empire were very heartily thanked for their zeal and interest in the work and for the large gifts that they were able to make to the hospital as the result of a recent sale and a garden party.

Dr. Macallum reported that everything was moving satisfactorily at the institution; that the patients were hopeful and happy, and that the grounds were looking the very best. Visits by interested citizens just now would be of very great pleasure to themselves and to the staff and patients. Plans are under way for several special features that is hoped will add considerably to the funds of the institution. In the absence of the president, J. G. Elliott presided.

German Kaiser Looks Very Old, Gray and Nervous

31—German (Special to the Whig.) London, July 15.—The Evening Star's Petrograd correspondent today cabled that the German Kaiser, in addressing the Landsturm regiments leaving Frankfurt for the Russian battle front, declared: "We have staked our all. If the enemy is victorious Germany will no longer exist. Perhaps the war is a mistake on our part, but the present is not the moment to say it. We must save our country."

The Kaiser, the correspondent reported, appeared "aged, nervous and gray."

BRITAIN'S WAR COST.

London, July 15.—"A war costing a thousand millions a year is bound to be of comparatively short duration," exclaimed Chamberlain in the House of Commons last evening. "If the war were to last thirty-six months it would be impossible rationally to estimate its cost."
