

THE FIRST PARADE HELD OF THE 59TH BATTALION

Which Made a Most Creditable Showing Thursday.

THE PHYSICAL DRILL IN MORNING IMPROVING PHYSIQUE OF THE MEN

The 38th Battalion Making Good Progress—A New Post Office Building Is To Be Erected At The Camp Ground.

The first battalion parade of the 59th Battalion was held on the parade grounds on Thursday afternoon and the command of Lieut.-Col. H. J. Dawson, officer commanding. The appearance of the battalion was a pleasant surprise for even those who have been closely followed their progress, as the battalion worked in

a way that won the compliments of every officer who noticed the parade. Splendid music for the workout was furnished by the new band which has only been organized three days by Sergt. Drummer Blake. The battalion paraded in its "working clothes" each man wearing his straw-hat, and fatigue uniform. The officers were minus their coats for the weather was very hot.

Lieut. Stethem, who is on the Instructional Cadre and was at the front with the Princess Patricia's, is speaking of music for the men at the front, remarked that he supplied his men with mouth-organs in some cases. When back a few miles from the firing line the music was a great help in keeping up the spirits of the men.

The R.C.H.A. band played the Headquarters Mess, Thursday night. Before the work-out of the 59th

Battalion on Thursday afternoon the men were marched in double-file across the field. Returning in single file the tall men too. The first rank and the short men the rear rank. In this way the men were graded as to heights and when on parade in future there will be no sharp contrasts between a very tall man and a short one.

Lieut. Munsie, 4th Hussars, is conducting signalling examinations at Barrieffield camp.

Not one soldier was transferred from the Field to the City Hospital on Thursday. Only ten cases were handled at the Detention Hospital.

Pte. T. Farmer, 59th Battalion, while playing football on Thursday had the misfortune to give his ankle a severe sprain and medical treatment was required.

Capt. W. W. Winnett, C.A.D.C., and Capt. S. H. Simpson who are looking after the dental work at the camp, will commence their inspection of the 38th Battalion on Monday.

The first visitors night of the officers of the 59th Battalion was held on Wednesday evening and was very successful. The mess was tastefully decorated by Sergt. Page and a pleasant evening was spent.

A circular letter has been issued which describes the rules under which soldiers at the camp may engage in harvesting. The rules state that only N.C.O.'s, and men of good character may have the privilege of engaging in farm work. Return transportation up to 300 miles will be issued and the soldier will wear his working suit. Fay and allowance will be withheld during the period of the furlough but will be paid on return, the man proving that he has been engaged in farm work. Commanding officers will be held responsible that the conditions are carried out.

Major. Williams and Lieut. Mark have reported for duty with the 59th Battalion.

The new post office at camp will be erected immediately and will be at the north end of the Administration buildings.

Major. G. H. Gillespie is highly pleased with the physical drills given the troops every morning, as they do of great value in improving the physique of the men.

The 38th Battalion was engaged all Thursday afternoon in doing ceremonial and other battalion drill on the western parade-ground. The battalion is progressing wonderfully despite the fact that 500 or about half of the men have been in uniform less than a month. The work of the battalion is highly creditable.

Staff-Sergt. C. J. F. Price, C. S. M. and Sergt. G. Wilson, "A" company, 38th Battalion, are in Ottawa on recruiting duty.

Major. Brown, General Staff Officer, is in Ottawa conducting examinations in Portion "B" for officers of the 43rd Regiment of that place.

A piper has arrived in camp and is doing duty with the 59th Battalion and it is likely that he will be transferred to the 8th C.M.R., pipe band.

Another well known Ottawa soldier and sportsman in the person of Harry Dickey has again gone into harness for his King and country, he having enlisted in Ottawa for the 8th Canadian Mounted Rifles which he has joined at Barrieffield Camp.

Mr. Dickey was for several seasons connected with the Britannia Boating Club, having each season competed with his boat mate "Jack Fee" (who is now in England with the 22nd Battalion) in the several regattas held during that period.

Mr. Dickey will take up the appointment of Sergeant-Instructor, having served in that capacity for several years in his former regiment, the 9th Lancers, both in South Africa and India. His abilities as a horseman and rifle shot will be very much appreciated in his new unit as an instructor, and his previous experiences in the late Boer war will be a great asset to him.

THE BOARD OF WORKS GRANTS PERMISSION TO THE L.O. COMOTIVE COMPANY

To Build a Trestle At the Foot Of William Street To Facilitate Carrying Out Of War Contracts.

A short session of the Board of Works was held on Thursday afternoon. A deputation from the Canadian Locomotive Company, comprised of the General Manager, A. W. Wheatley, and the Construction Engineer, Chas. Goldmark, waited upon its members to ask the privilege of building a trestle and track across Lower William street to connect the G.T.R. yards with that of their own and thereby facilitate matters to such an extent that the present large contract for shrapnel and locomotives can be turned out with less inconvenience than at present.

After due consideration it was moved by Ald. Richardson that the Company be granted the privilege to build this trestle, providing the same is satisfactory to the City Council. The members of the Board made a trip to the spot to ascertain if it would cause any interference with other traffic. It was found that it would not do so. All the members favored giving the company the right to build the trestle, providing it extended the sewer under it. The privilege will be for one year.

A mix-up has occurred in the by-law allowing the Kingston Shipbuilding Company to have a siding built along Ontario street for the hauling of cars. The by-law stated that the siding should be completed in six months time providing the city placed the road in repair. Neither city or company has done anything and the latter has not even put up the necessary bond. The chairman remarked that the city would simply have to wait for the company to act. The by-law was badly drawn, he declared.

The last business on the slate was a request from Ald. Wright asking the Board of Works to stop the carting of stone, been taken out on an excavation on Montreal street. Ald. Wright declared that this stone should be used in rebuilding the roadway between Russell and Rideau streets.

The Board deemed his suggestion a wise one and decided to utilize the stone as recommended by Ald. Wright.

Those present were: Alds. Graham (Chairman); Couper, Nickle, Richardson and O'Connor.

A PRETTY EVENT

Was the Henry-Lawrence Wedding at Sydenham.

On the afternoon of Wednesday, July 14th, in Sydenham, at the pretty home of the bride's parents, Mr. and Mrs. T. Lawrence, were celebrated the nuptials of the only daughter, Lulu A., and Y. Roland Henry, both graduates of Queen's University. The ceremony was performed by Rev. F. A. Read, in the presence of only the immediate relatives of the contracting parties.

At 5.30 o'clock the bride entered the beautifully decorated drawing room on the arm of her father, to the strains of Mendelssohn's wedding march, played by Miss Blanche Singleton, B.A. The bride was becomingly gowned in ivory satin with overdrapes of French lace, and wore a necklace of amethyst and aqua-marines, the gift of the groom, and carried a lovely bouquet of white roses, lilies of the valley and maiden-hair ferns.

After the company had conveyed their hearty congratulations they repaired to the dining-room, which was tastefully decorated in pink and white flowers, where sumptuous refreshments were served. Immediately afterwards a car arrived to convey the happy couple to Kingston to catch the boat for Montreal on their trip to Portland and other cities on the Atlantic seaboard.

On their return Mr. and Mrs. Henry will take up their residence in Peterboro where Mr. Henry is science master in the Collegiate Institute.

The bride's popularity was shown by the large collection of beautiful and expensive wedding presents.

INCIDENTS OF THE DAY.

Local Notes and Items of General Interest.

The City Council will not meet until Monday evening.

Thousand Islands 2.15 p.m. Saturday. 100 miles of picturesque island scenery.

VAUDEVILLE AT THE GRAND

A Splendid Bill Offered For the Week-End.

Despite the very warm weather of last evening, a good-sized audience attended the Grand Opera House and witnessed one of the best entertainments of vaudeville and pictures seen in this theatre for some time.

The feature picture, "When We Were Twenty One," with William Elliott, the popular star in the leading role. The other pictures were a two-reel Mutual photo-play: "The Turning of the Road," a comedy picture "Corner in Hats," the Pathe colored pictures and the Pathe news pictures of the leading events of the war.

The vaudeville consisted of Nathaniel Bros. in clever roller skating act. Both did some good jumping.

This splendid programme will be shown every afternoon and evening for the balance of the week.

High School Examinations. The following candidates at Deseronto have been awarded certificates of entrance to the high school: Deseronto—Leonard Bell, Clara Gault, Edgar Covert, Jack Creighton, Russel Dennison (honors), Kathleen Dionne, Donald Fairbairn, Mary Haig, (honors), Harold Hill, Dorothy Howard, (honors), Aletha Joye, (honors), George Kimmerly, (honors), Percy Kimmerly, (honors), E. Cocoon Oil Makes A Splendid Shampoo

If you want to keep your hair in good condition, the less soap you use the better. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulled coconut oil (which is pure and entirely greaseless), is much better than soap or anything else you can use for shampooing. It simply moistens your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage. You can get mulled coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.
