WALDRON'S

APPOINTED A MATRON

FOR POLICE STATION FOR THREE MONTHS.

Mrs. (Ensign) Smith Chosen—By-Law Relating to Licensing of Cabs Amended By Police Commission.

A meeting of the Police Commissioners was held Wednesday afternoon, when, at the request of the National Council of Women, it was decided to appoint Mrs. (Ensign) Smith as Police Matron for three months without salary, the National Council of Women having undertaken to become responsible for the salary of Mrs. Smith for this period. This is in the nature of an experiment, and it will largely depend on the result of Mrs. Smith's work during these three months as to whether a Police Matron will be continued.

The by-law relating to the licensing of cabs was amended by cutting out the provision requiring those obtaining licenses to be residents in the City of Kingston. This was the result of some recent cases in the Police Court, when the decision was given that the Municipal Act did not authorize such restriction.

The by-law of the city requires those driving for hire to take out a license, not only those driving from

TWO STRIKERS SHOT

In Trying to Scale Company's Walls at Bayonne, N. J.

(Special to the Whig.) Bayonne, N. J., July 22.—Two strikers were shot and probably fatally wounded and several others were less seriously hurt in an attempt by the strikers to scale the walls of the Standard Oil Company's plant here early to-day.

One hundred and fifty strikers secreted themselves behind the church a few yards from the factory walls and made a concerted rush to scale the walls. As their bodies appeared on the top of the walls a squad of company guards opened fire from the inside. Two dropped back, probably fatally wounded, while some strikers opened fire on the guards. It was reported that two guards were also shot.

Two More Shot.

(Special to the Whig.) Bayonne, N. J., July 22.—Two men were killed shortly after noon today in an attempt to rush the walls of the Standard Oil plant here. Both were strikers.

Private advices to Stockholm indicate that the German unrest grows and the peace party is growing. The French have launched a new offensive in Alsace and have occupied the Munster Heights.

A KINDLY ACKNOWLEDGMENT.

Messrs. The British Whig, Kingston, Ont.

Dear Sirs:—We certainly appreciate the little paragraph which appeared in the Whig July 15th relating to the rush occasioned by the giving away of War Bonnets to the children. We also wish to express our pleasure with the results obtained by us through our advertisement in your paper.

That we get results is proven by the early morning rush, which we have just experienced.

Thanking you again, we are, yours truly,

point to point within the city, but those driving from any point in the city to any point not more than three miles beyond the city limits. This applies to motor vehicles driving from the city to Barriefield Camp, and the police have received instructions to take proceedings against any persons driving for hire from the city to any point not more than three miles without a license.

The Commissioners by resolution resolved to pay Constable Cherry's salary while he is incapacitated.

BECKER HAS NEW FRIEND.

Story Told About "Big Tim" Sullivan is Corroborated.

New York, July 22.—The story written by Charles Becker in the death-house at Sing Sing in an attempt to escape death in the electric chair for the murder of Herman Rosenthal, was corroborated in many respects by Harry Appelbaum, former secretary to "Big Tim" Sullivan, whom Becker named in his long statement. Appelbaum further asserted that he would help the condemned ex-convict of police to obtain clemency of a new trial.

THE NEW YORK LOAN.

To Be Used For Canadian Capital Expenditures.

(Special to the Whig.) Ottawa, July 22.—Hon. W. T. White, Minister of Finance, in discussing Canada's loan of forty million raised in New York, emphasized the fact that the proceeds of the loan are to be used for capital expenditures of the Dominion. The money is to be applied upon works and undertakings authorized and undertaken under construction at the present time.

The Government Minister of Finance explained his complete arrangements for its financial requirements until the end of the fiscal year, which closes on March 31st next, and that the London market will, to the extent of the loan, be relieved.

AUTO STRUCK BY TRAIN.

Motoring Party at Tweed Had Narrow Escape.

Tweed, July 22.—Edward Gartley, of the Tweed Pump Works, and his family had a miraculous escape from death yesterday while crossing the C. P. R. tracks in their auto. Just at the moment he was crossing the track, a train shunted and the van struck it, turning it completely over twice. All were thrown underneath the car but Mr. Gartley, who was driving. He was pinned into a ditch. He jumped up and lifted the auto partly up and got the family out. They escaped with a few bruises, but the car was a complete wreck.

COL. BIGGAR AT CAMP.

Major Hamilton Makes Offer For Army Service Corps.

Col. Biggar, Ottawa, Director of Transport and supplies, is a visitor at Barriefield Camp, today, where he made an inspection. The second division at Toronto, is sending overseas 100 members of the Army Service Corps. Major Hamilton has offered to supply a full establishment of 100 men from this district. This will possibly include the baking section under Staff-Sergeant Pollitt.

Band Concert To-night.

The band of the R. C. H. A. will play in Macdonald Park to-night (Thursday) and has also been engaged to play at a concert to be given in Macdonald Park Sunday evening, on the occasion of the visit of the old boys to the city. Owing to the short notice given for to-night's concert, Lieut. Light was unable to have the programme published.

Was Not Taken On.

Lieut.-Col. H. R. Duff states that no lad was taken on for Queen's Stationary Hospital reinforcements on Tuesday morning, as there was no vacancy. The Kingston lad who was brought back from Montreal did not join the reinforcements, he says.

It Was Sergt. B. O'Hanlon who was wounded on April 29th.

It was reported that he was wounded on May 14th and his name given as Pte. B. O'Hanlon, a former Mayor of Woodstock, and resident there for sixty years, died in his ninety-second year. UNITED STATES PUTS

THE SUBMARINE ISSUE UP TO GERMANY.

If More Americans Are Killed the Act Will Be Regarded as Unfriendly.

(Special to the Whig.) Washington, July 22.—The United States has decided to inform Germany that further loss of American lives as the result of German submarine warfare in contravention of the principles of international law will be regarded as an unfriendly act. The discussion of principles is virtually ended. The American Government will now warn Germany of the interpretation it will place on future transgressions of American rights.

In the new note the United States assumes that Germany already has admitted the principle that passengers must be removed to a place of safety before destroying an unresisting merchantman as a prize.

Taking the position, therefore, that the two governments are agreed in principle, the United States views it as incumbent upon Germany to conform with the accepted principle of international law. Any deviation in actual practice resulting in the loss of American lives, it is then pointed out, will be viewed as an unfriendly act.

The action which the United States might subsequently take is not indicated, but in diplomatic usage the phrase "unfriendly act" has always carried with it an implication of finality leading often to a severance of friendly relations.

Feeling is Bitter.

(Special to the Whig.) London, July 22.—The Exchange Telegraph's Amsterdam correspondent cabled the following to-day: "Anti-American feeling in Berlin is again bitter on account of the published forecasts of the American reply in the Lusitania matter. The general opinion is that the situation is serious, as Germany is not prepared to modify her attitude."

Depends Upon the Kaiser.

(Special to the Whig.) Washington, July 22.—The continuation of friendly German-American relations depends on the Kaiser.

If the Lusitania incident is repeated in the case of another ship with the sacrifice of more American lives, a diplomatic break will ensue.

This plain and emphatic warning was given in the American note to the Berlin Foreign Office which today was being cabled to the German Capital via Copenhagen.

Secretary Lansing did not announce until this forenoon that the note was started to Ambassador Gerard last evening. He signed it about 7 p.m. in the White House, in President Wilson's presence and its transmission was begun two hours later. He said it would be made public on Saturday.
