

Come in and Try On

The best way to select Clothes and to insure Clothes satisfaction is to "try on."

Many men appear to think that if they try on garments they are expected to buy. Not so here.

Our Suits are here to be shown and tried on.

Put on as many Suits as you like, with no thought of buying.

We're always ready to show as we are to sell and we'll find as much pleasure in showing as you will in trying on.

WALDRON'S

PUT FORTH STRENGTH

"COAL WILL WIN VICTORY," SAYS LLOYD-GEORGE.

Welshmen Who Struck Recently Cheer Patriotic Utterances of Minister of Munitions.

London, July 30.—Twenty-five hundred coal operators and representatives of the Miners' Union packed the London Opera House yesterday at a national conference called by the British Government before the recent strike in Wales, to give impetus to the coal supply.

The chief speakers for the Government were Sir John A. Simon, secretary for home affairs, and David Lloyd-George, minister of munitions.

"Coal," said the Minister of Munitions, "means life for us and death for our foes. Steam means coal, rifles mean coal, shells are filled with coal, the very explosive inside them is coal, and coal carries them right on to the battlefield to help our men. Coal is everything to us and we want more of it to win the victory."

"Events in the east, whatever they portend, mean that we must put forth all our strength. They mean that a larger share than ever of the burden of this struggle is to be cast on the shoulders of Great Britain. Do not shrink from it. We must pay the price of victory if we mean to get it. The peril our country faces is great, the demand for coal is great, and the supply of labor has diminished. We must have more coal to win."

The miners cheered Mr. Lloyd-George repeatedly and enthusiastically.

MUST RESPECT UNITED STATES.

Senator Smith of Michigan Urges Support for President.

Grand Rapids, Mich., July 30.—"It is the duty of every citizen of the Republic to back the President in the course which he has mapped out to protect American lives and property and to preserve our neutrality in Europe," declared Senator William Alden Smith, Michigan's candidate for the Republican presidential nomination, in an address welcoming the Michigan Bankers' Association to Grand Rapids.

In the audience which applauded Senator Smith was John W. Weeks of Massachusetts, who will also be a candidate for the nomination for President.

"Our course so far has been such to challenge respect of the entire world," said Senator Smith, "and I feel sure that we will not become involved in this war."

RATEPAYERS MAKE PROTEST

About Paying Cost of Tarvia on Upper Princess Street.

At a meeting of the Board of Works held on Thursday afternoon a letter was received from J. L. Whiting, acting for some of the ratepayers on Princess street, above Alfred street.

In the letter it was stated that the by-law called for this piece of roadway, while tarvia, at twice the cost of oil, was put down as an experiment. The residents are satisfied to pay the 5 cents per foot, as previously arranged, but object to the 13 cents proposed to be charged; and it is stated that if this amount is pressed, action will be taken for the dust nuisance, created by the putting down of the tarvia as an experiment.

The Board referred the matter to the City Solicitor.

Meeting of Women.

A meeting of the Women's Institute was held at Westbrook, on Thursday evening, to which a large number of members were present. The new president, Mrs. A. Tait, and secretary, Mrs. F. Caton, ably filled their positions. After the usual business had been concluded an interesting reading was given by Miss Lorna Sproule. This was followed by an address by W. F. Murphy, who graduated from Queen's University as a mining engineer, and afterwards from the university at Vancouver as a Civil Engineer.

Mr. Murphy gave an account of his travels through British Columbia and the Yukon District. It was vivid and enjoyed by all.

The Institute members intend holding a lawn social in the near future in aid of the Red Cross Society.

Finds Kidnaped Son After Years

Peoria, Ill., July 30.—Edward Sires, 20 years of age, kidnaped seventeen years ago from the German Kindergarten Home in this city, was found by his mother here given by Sires, it appears, was taken to Kentucky after the kidnaping of himself and a brother in 1898. His brother was found a few years ago and restored to his mother. Edward became a wanderer. Recently he arrived in Peoria, destitute and appealed to the police. Local papers printed Sires' story and Mrs. Frank Hitchcock, who has never given up hope of finding the boy, appeared at the police station and identified her son by a scar on his back and a depression in his neck.

Brockville's Water Supply.

Brockville, July 30.—Following a conference with Brockville's civic boards, Dr. McCullough, chief officer of health for Ontario, writes the chairman of the Board of Water and Light Commission approving the location of the proposed new intake pipe at the pumping station. To ensure a pure water supply, Dr. McCullough insists upon the installation of a filtration plant.

Canadian Peaches and Pears.

Are now coming daily. See them Saturday at Carnovsky's, also the big stock of raspberries, gooseberries, cherries, red and black currants, etc.

Three boxes of books for the prisoners of war arrived on Friday morning and were taken to the fort. There are now some 6,000 volumes in the library at the fort, the literature being in several different languages.

BOYS STEALING APPLES.

Were Reprimanded in the Juvenile Court on Friday Morning.

Boys will be boys, and they will steal green apples, no matter if they get their stomachs out of gear. A few days ago a gang of boys made a raid on an orchard on West street, where there are some nice green apples. The lads not only made off with the apples, but while in the orchard they trampled down some bushes and shrubbery, and the owner had good reason for being annoyed. He informed the police, and as a result when the boys paid a return engagement the police were notified, and Police Constable Jenkins also paid a visit to the orchard unawares to the lads, and as a result four were brought with the goods.

The quartette appeared before Magistrate Farrell at a special session of the Juvenile Court on Friday morning. The Magistrate gave them a severe reprimand for their conduct, and they promised that in the future they would not make any more raids on orchards without the necessary permission.

OBITUARY

Late Miss A. M. Fenwick.

At her late residence, 200 University avenue, on Thursday evening, Miss Amelia Maude Fenwick passed away after a brief illness. Deceased was the third daughter of the late G. S. Fenwick. She was born in Kingston forty-five years ago, and had been a life-long resident of the Limestone City. Deceased was a Presbyterian and a member of Chalmers Church. She is survived by her mother, five sisters and two brothers, Mrs. James R. Henderson and Mrs. Hobart Hyde, Kingston; Mrs. George F. Hobart Hamilton, Mrs. Hugo Craig, Port William; Mrs. W. M. McKay, Fort Rowen, Ont.; A. M. Fenwick, Los Angeles, Cal.; George F. Fenwick, New York City.

On Saturday morning at 10.30 the funeral will take place to Cataract Cemetery and will be of a private nature.

INJUNCTION REFUSED.

In Regard To Increasing the Rates Of the C.M.B.A.

At Osgoode Hall, Toronto, on Thursday afternoon, it was announced that the application for an injunction to restrain the C.M.B.A. from increasing the rates had been refused. The judgment is given as follows:

Drain v. C.M.B.A.—D. O'Connell (Petitioner) for plaintiff, moved for injunction restraining defendant from increasing insurance rates, G. L. Stanton, defendant.

No injunction, but plaintiff to be allowed to pay premiums into court, or into funds of association, under protest, until hearing. This not to affect or bind any other member than plaintiff.

CHILD RECOVERS SIGHT.

She Gets Measles, and Now She Can See.

Cornwall, July 30.—A remarkable case of the restoration of sight is reported here. Three months ago Alma, the ten-year-old daughter of Mrs. George Hanton, lost her sight. The child was taken to eye specialists in Montreal, but they were unable to do anything for her. A week or so ago the child took measles, and whether or not this had any influence on her eyes is not known, but as the measles began to leave her her sight returned, and she can now see about as well as ever she did.

BASEBALL RECORD.

National League. Boston, 10-7; Cincinnati, 5-6. Pittsburgh, 8; Brooklyn, 2. Philadelphia, 3; St. Louis, 1.

American League. Detroit, 7; New York, 6. St. Louis, 5; Philadelphia, 1. Washington, 2; Cleveland, 1.

Federal League. Pittsburgh, 8-5; Baltimore, 0-2. Newark, 11; St. Louis, 8. Brooklyn, 4; Kansas City, 0. Chicago, 4; Buffalo, 2.

International League. Toronto, 4-3; Providence, 6-2. Buffalo, 7-3; Jersey City, 1-1. Harrisburg, 2; Rochester, 1. Montreal, 3; Richmond, 1.

Waiting For Him. Little Jimmy's third day at school and he was late starting. "You were late this morning, were you not, Jimmy?" queried his mother at noon.

"No, ma'am," answered truthfully Jimmy. "You were not! What were the other children doing when you reached there?"

"The children"—and Jimmy beamed—"why, they were just all sittin' still waitin' till I got there."—Exchange.

Five Months Cost \$1,280,000,000. Paris, July 30.—The first five months of the great war cost France exactly 6,402,000,000 francs (\$1,280,600,000). This is shown by the report of the Budget Committee on supplementary military and naval credits just issued.

The Chamber of Deputies to-day raised the limit of the issue of defence bonds to seven billion francs (\$1,400,000,000).

With The 57th Battery. Mrs. Albert Meredith, Colborne street, received word to-day that her brother-in-law Major Arthur Bernier, is now at Valcartier with the 57th Battalion which will go overseas very soon. Major Bernier is one of the 4th's hockey players, but of late a real estate man of Montreal.

Appointed Paymaster. Capt. Akers, of Ottawa, has been appointed paymaster of the 77th Battalion.

WOMEN IN THE FIELDS

HELPING TO GATHER IN THE CROPS THIS YEAR.

Demand For Men At The Front Has Made Farm Help Very Scarce in the Kingston District.

The farmers are working night and day, and harder than they ever worked before, in order to get in their crops. As a result of the war there has been practically no immigrant traffic, and the farmers have had to do their own work without the usual assistance.

The militia authorities have made arrangements for the release of soldiers who wish to work in the fields for a month, but Immigration Agent Hunter has so far received no applications for work from this source.

The farmers all through the country are doing their own work. Farmers are helping each other, and even the women are helping. The wet weather has been a slight handicap to the farmers, but only very slight damage has been done to the hay and the grain.

Canada And Her Own.

Canadian (London) Gazette.

Mr. D. A. Thomas and party are now crossing to Canada upon their special mission on behalf of the Ministry of Munitions. Mr. Thomas is the "big business man" whom Mr. Lloyd George said the other day he was sending across the Atlantic "to discuss the whole position of American and Canadian contracts on the spot." We wish him all success in a task which the debate in the House of Lords on Wednesday of last week suggests will not be an easy one. He has to reckon with the partial monopoly given by the British Government to Messrs. J. P. Morgan, as regards munition orders in the United States upon a commission of two per cent, and all expenses, while in Canada the control of contracts rests with the Canadian Minister of Militia acting through the Shell Committee, of which General Bertram is the chairman. Lord Curzon, speaking for the Government, said that Mr. Thomas is "to see whether any changes or improvements in organization can be effected in either country. Lord Devonport and others made it clear that many United States and Canadian firms capable of carrying on the large contracts are now shut out. That should and must be remedied, and we hope Mr. Thomas will pay due heed to the suggestion of Lord Joicey that, seeing Canada's partnership in the war, Canadian factories should receive preferential treatment wherever that is consistent with the main end in view, namely, the earliest possible supply of all the shells that Sir John French needs.

Japanese Girl's Philosophy.

Christian Herald.

Christina Horad. A little Japanese girl to her heathen grandmother as she came home "from a Christian Sunday school. "I have to go to the temple to pray to my god, but this God of the Christians can be prayed to when you are warm in bed, or 'most any time. But there's one thing I don't like, he can see you all the time everywhere; and sometimes I should think that would be quite inconvenient." There are some in Christian lands that agree with the Japanese girl.

Knew What He Had.

A newsie saw the driver of a certain make of automobile throw a blanket over the hood of his car, says the Indianapolis News. The boy heard all of the jokes about this particular brand of automobile and decided to take a shot at it himself. While the man thus carefully tucked the blanket down around the hood, the youngster looked at him grinningly and remarked: "Oh, you don't need to try to hide it. I know what you've got."

Nothing Serious.

Boston Transcript. A scotchman while in London purchased a piano which he ordered sent to his home. A week later when he arrived in Scotland he inquired of his man Donald, if the instrument had arrived safely.

"Aweel," said Donald, "she slipped as she was gamin' 'ad the hoose an' broke a few of her front teeth; but I dinna think she's reely hurt."

The Lower House also appropriated 4,500,000 francs (\$900,000) for the relief of the population of the French districts invaded by the Germans.

Cheese sold on the Brockville board on Thursday at 13 1/2c to 14 1/4c. The high price was for cool-cured.

A Great Sale OF Summer Wash Goods!

To-morrow, commencing at nine o'clock and continuing all day.

This is a general cleaning up of all Wash Goods, as the season closes 1st August, and next week we will have to get ready for new fall goods that arrive during the next four or five weeks. The prices named mean a serious loss to us, but we are forced to make room.
