

# IF YOU HAD TO FIGHT?

When would you feel in best fighting mood? Why, after a good meal and a smoke. Well, our boys at the Front are only human; they, too, fight best on a full stomach and a pipe of content.

The Government is dealing with the food side of the proposition. Won't you help The Whig to see that the boys are not denied their smokes? Every little helps. Don't be afraid to send your subscription, however small, to the

## MOUNTS OF 8TH C.M.R. ARE SPLENDIDLY TREATED

The Regiment is Now Up to Full Strength.

### PASSED EXAMINATION

A HUGE RECRUITING CAMPAIGN AT PETERBORO.

The Machine Gun Men Are Really Enjoying the Instruction—Had a Fine March On Thursday—The 59th Made a Good Showing—The Accident Was Not a Serious One.

The horses of the 8th C.M.R., are certainly taken great care of. To-day there is not one case of sickness amongst the horses. There are two cases in which the animals are recuperating from previous sickness but these are ready to work again. In the rear of the camp Capt. Clapp, veterinary officer, has had constructed several enclosures in which any horse which shows the least symptoms of the effects of the wet weather is taken and treated. Each squadron has its farrier sergeant and these sergeants are responsible for the condition of the horse's feet. Any horse which needs any attention whatever must be taken care of immediately. One reason why the 8th C.M.R., were so readily given two allotments of horses, while no other of the regiments of mounted rifles in Canada have horses, now in due to the splendid reputation of the camp officers in taking care of the mounts.

The 8th C.M.R., is now over strength with about 600 men. No stop however will be made in the recruiting campaign. Lieut. Rodger who has been in Belleville left for Peterboro to assist Lieut. Hubbs in securing more recruits for the regiment.

The following officers who attended the last Provisional School of Infantry at Barriefield camp have been successful. List is given without respect to the percentage attained: For Captain—Lieut. C. S. Carter, 46th Regiment; G. S. Coward, 47th Regiment; F. L. Elcher, 40th Regiment; H. F. Hill, 57th Regiment; G. R. Robinson 56th Regiment; W. J. Troop, 40th Regiment; F. H. Warren, 40th Regiment; H. C. Wotherspoon, 46th Regiment; W. F. Huycke, 48th Regiment; H. B. McConnell, 49th Regiment; L. L. Richard, 42nd Regiment; H. W. Fisher, 41st Regiment and W. S. Smith, 49th Regiment.

For lieutenants—M. Bertrand, 49th Regiment; F. S. Brodey, 59th Regiment; A. E. Caron, 70th Regiment; S. J. M. Compton, 14th Regiment; W. A. Dorin, 70th Regiment; G. A. Gerald, 56th Regiment; G. S. Gishorne, G.G.F.G.; G. M. Gladstone, 49th Regiment; F. D. M. Hammond, 14th Regiment; J. A. Harstowe, 57th Regiment; A. S. Hudgin, 16th Regiment; G. J. Kane, 47th Regiment; G. F. Macdonald, 59th Regiment; A. Payette, 70th Regiment; H. Reymes, 40th Regiment; B. H. Richardson, 49th Regiment; R. J. Rodger, 14th Regiment; J. T. Sutherland, A. S. C.; A. H. Tett, 14th Regiment; F. Y. VanLuyven, 47th Regiment; H. M. Wanmaker, 40th Regiment; J. T. Thomson, G.G.F.G.; A. C. Burgess, G.G.F.G.; G. W. Beresford, G.G.F.G.; W. W. Watson, G.G.F.G.; A. W. Bauman, 43rd Regiment; J. C. Burgess, 43rd Regiment; T. C. Urquhart, C.P.A.S.C.; J. H. Wallace, 43rd Regiment; G. May, G.G.F.G.; E. Malloch, 42nd Regiment; A. G. Scott, 42nd Regiment; W. G. W. Robinson, 47th Regiment; H. C. Graves, G.G.F.G.; H. H. Hester, G.G.F.G.

Col. T. D. R. Hemming, Commandant of Barriefield camp returned on Thursday afternoon with Lieut-Col. J. R. Munro, O.C., 8th C.M.R., from Peterboro where the two officers attended a large meeting to stimulate recruiting in that district. A huge campaign has been launched which will last for a week.

Pte. R. Logan, J. Rand and D. McDonald, 59th Battalion and Tprs. A. X. Renaud and T. Dale, 8th Regiment, C.M.R., were admitted to the Field Hospital on Thursday for treatment.

Pte. Druce, 59th Battalion who was in the Hotel Dieu with pleurisy has been discharged from the Field Hospital where he has been for the last few days.

Corpl. Wilford, 59th Battalion who was operated on in the Military Hospital for hernia has been discharged.

Tpr. Hogan, 8th C.M.R., has been discharged from the Field Hospital where he was confined with rheumatism.

Lieut. F. S. Hubbs, 8th C.M.R., left on Thursday for Peterboro on recruiting duty.

The 8th Regiment C.M.R., took an exercise ride on Thursday to Grassy Creek.

Lieut-Col. J. R. Munro, 8th C.M.R., in discussing the action of the Provisional License Commissioners in ordering the hotels of the city to close at 7 p.m., said that the 8th C.M.R., has so far been composed of men of a very high temperance standard and he has not had over half a dozen cases of intoxication to deal with while the regiment has been in Barriefield.

The new horses of the 8th C.M.R. are being numbered and assigned to squadrons.

Twenty recruits for the 59th Battalion arrived on Thursday afternoon from Port Hope. The sergeant in charge reported that one other man

who had agreed to come had got "cold feet" and skipped on the way down. The view of the other man of the incident though not surprising is interesting. One fellow was heard to remark, "he was well-built but it showed he was no man."

Tpr. "Paddy" Walsh, 8th Regiment, C.M.R., has presented the veterinary staff with a fine British bulldog which also bears however the Irish name of the donor.

The veterinary staff of the 8th C.M.R., are of a very hospitable nature and the Whig representative on Thursday was treated to liquid refreshments—buttermilk. The substitute is certainly worth while on a warm day.

A. P. Christmas, a broker of the firm of McDougall and Cowan, Montreal, has been appointed provisional lieutenant in the 14th Regiment and will take the next Provisional School of Infantry. Lieut. Christmas is visiting on Garden Island with Capt. W. H. Craig, 14th Regiment.

The route-march of the 59th Battalion to LeMoine's Point on Thursday afternoon proved a very enjoyable one to the men. The weather along the lake shore was not too warm and the march not being a forced one did not prove too strenuous. Lieut-Col. H. J. Dawson is highly pleased with the work of the men and their splendid appearance in marching through the city.

R. M. Sykes, who is distributing tracts and holding informal religious meetings throughout the camp is meeting with a splendid response from the men.

The officers taking the course in machine gunnery under Lieut. H. Stothem's instruction are progressing splendidly. The work is proving so interesting and popular that arrangements for a more extensive course will likely be made.

A competition for the officers taking the course in the time necessary to set up a gun was held on Thursday, two officers being on a team and the different teams contesting against each other.

Lieut-Col. H. J. Dawson is commencing the organization of a "new B" company for his battalion. The proposed draft is made up exclusively of the men of "B" company. "B" company will be recruited up to strength and the next draft taken from the company of the battalion with the best conducted and drilled men.

A man has been thrown off his horse and badly hurt" was the message brought to the medical tent on Thursday afternoon while the Whig representative was in the 8th C.M.R. lines. A stretcher was hurriedly brought into use and in less than no time everything was ready for the treatment of any man so described. The stretcher and medicine case had to be carried to the field across the road from the camp. A few minutes later the stretcher-bearers were seen coming across the field with a body, for the men who had sprained his wrist was walking behind them.

No programme was given in the Y. M. C. A. tent on Thursday evening owing to the fact that the tent was in use at the dance given by the officers of the camp in front of the administration building. R. Wallace and R. M. Sykes will hold a meeting in the tent to-night if the weather clears.

A soft-ball game between the staff-sergeants and the Y. M. C. A. staff resulted in a victory for the latter, 3 to 7.

A. Jennings, 14th Regiment, has been taken on the strength of the 59th Battalion.

W. Steeles, James Wood and G. Platt have enlisted at Barriefield with the 59th Battalion.

John Hope, of the legal firm of Stewart, Hope & O'Donnell, Perth, has been gazetted a lieutenant with the 59th Regiment, Barriefield, and will report this week. Lieut. Hope is one of Perth's most popular and capable young lawyers.

The 59th Battalion and the Eighth Canadian Mounted Rifles will each receive the sum of \$250 from Peterboro Council.

Tete de Pont Barracks. The officers and N. C. O.'s taking the fifth course in the Royal School of Artillery were given lectures on Friday morning during the rain.

A recent order states that all N. C. O.'s and men admitted to hospital will forfeit all active service pay due to them during their stay in hospital.

Was Well Thought Of. The Smith's Falls News telling of the job murder remarks: Mrs. Job, the murdered woman, was formerly a resident of Smith's Falls, living in a house built on a portion of the Hotel Rideau. Her husband was a machinist and was at one time employed with the Frost & Wood Co., later moving to Montreal. Mrs. Job visited friends here as recently as two years ago, and was arranging to again visit town this summer, as the guest of Mr. and Mrs. John Cartland. She will be kindly remembered here by many citizens, all of whom will be shocked to learn of the horrible manner of her untimely death.

Pte. D. Cappola of the 42nd Regiment Guard at Petawawa detention camp, died last Friday from blood poisoning and the remains were buried at Smith's Falls.

### A BRIGHT YOUNG MAN

His Funeral Was Held On Friday Morning.

On Friday at nine o'clock the funeral of the late Bernard O'Reilly, who died at the Hotel Dieu on Wednesday, was held from his mother's residence, 307 Alfred street, to St. Mary's Cathedral, where a solemn requiem mass was sung by Rev. Father A. J. Hanley. Later the remains were transferred to Wolfe Island. The deceased, a bright young lad, fourteen years of age, had passed his entrance into the High School at mid-summer from St. Mary's Separate School. Five years ago he and the other members of his family took up residence in Kingston, having formerly resided in Winnipeg, where he was born. He was a member of the League of the Sacred Heart. Two brothers and three sisters: James and Edward residing in Winnipeg; May, Kathleen and Marguerite residing at home, survive.

### Earning 20 Per Cent.

Talk of big earnings by Canada Locomotive put the price of that issue up to 50 1-8, a net gain of 1-2, says the Montreal News on Wednesday. Talk in the "Street" was to the effect that the company is earning 20 per cent on the common stock, and that it has orders for shells and locomotives on hand that amount to between five and six million dollars. The company is said to be daily turning out 600 shrapnel shells, between 350 and 400 of the 4.5 shells, and from 1,700 to 200 shell forgings; in addition to this, it is making at least 65 locomotives for war use. There was only one purchase of the stock in the morning, at 48 1-4, but about 675 shares changed hands during the second session, and the price advanced to 50 1-8.

### Coming Here Next Tuesday

The Havana Red Sox is one of the fastest teams playing ball to-day and have clearly demonstrated this fact as during its northern tour last season it met and defeated the best professional, State and International League teams and out of 147 games played in New York State lost but twelve. This season so far it has placed seventy-nine games, having won seventy-five and lost but four. They are also composed of talented singers and several selections are heard during the games. This colored team is organized in Augusta, Ga. They play in Kingston next Tuesday for the benefit of the Mowat Memorial Hospital.

### More Cotton Used.

The amount of cotton used in the making of high explosive powder runs into enormous quantities. In the United States alone, powder mills are consuming 4,000 bales of cotton a day, which amounts to 1,200,000 a year. It is estimated that at least 2,500,000 bales of cotton a year are being consumed by the Allies and the United States in the manufacture of powder and gun cotton. It would help to end the war if Great Britain could keep cotton from Germany.
