BARRIEFIELD CAMP AGAIN RAIN-SOAKED AND MUDDY

Kingston Ladies Send Flowers to Field Hospital.

BAGGEGEMAN ENLISTS

WITH LIEUT. COL DAWSON'S 59TH BATTALION

There Are 200 Recruits Ready At Smith's Falls For Either The 59th Or The 77th Battalion.

Rain, mud and then some more seems to be the way the weather man has decreed that Barriefield camp shall suffer. For the last two weeks the grounds have been muddy, no sooner starting to dry up from the effects of one down-pour than another comes with equal violence to cause inconvenience.

Major Sears and Major Barrett, 5th Kingston Field Battery, were in the camp on Monday afternoon on militia business.

Lieut. Charlson, C.A.S.C., who has been in the hospital for the last six weeks with pneumonia, has fully recovered and reported for duty on Monday.

M. Ryan, baggageman at Sharbot Lake, has enlisted with the 59th Battalion at Barriefield.

Several Kingston ladies are sending flowers to the Field Hospital at the camp and the staff are deeply grateful for their kindness.

Retreat this week is being sounded at 7:30 p.m.

Lieut-Col. Balderson and Major de Hertel, 42nd Regiment, Smith's Falls, were at the camp on Monday. The officers report that the 42nd Regiment has 200 recruits for overseas service which will either be sent to the 17th Ottawa Battalion or the 59th Kingston Battalion.

It is interesting to note that thirty of the fifty men of the overseas draft from the 8th C.M.R., are Canadians. All are splendidly built men as well as being very intelligent and will be the equal of any men who have so far gone over.

Lieut. H. Stethem, O.C., School of Machine Gunnery, returned on Monday from Alexandria where he addressed a meeting held to stimulate recruiting.

Major J. Hamilton, A.D. of S. and T., is in Toronto on military business and Lieut. J. T. Suther-

land, his adjutant, is acting A.D. of S. and T., in his absence.

The officers and N.C.O.'s attending the School of Machine Gunnery have finished trenches for the accommodation of a machine-gun. The conditions were made by Lieut. H. Stethem as near as possible to those which the men would meet with on the firing line and a trench complete even for sleeping quarters for the men was dug on Monday morning.

The camp dentists, Capt. A. W. Winnett and Capt. S. H. Simpson, treated 174 soldiers for dental trouble last week.

Capt. Saue, "B" company, 59th Battalion, brought in twenty-nine recruits from Cambellford on Monday afternoon. After being outfitted they will be taken on the strength of the new "B" Company being formed to take the place of the overseas draft.

Pte. Fournier, 59th Battalion, was discharged from the General Hospital on Monday.

Squadron Sergt-Major C. L. Dinneen, 8th Regiment, C.M.R., has been promoted to the rank of Regimental Sergeant-Major.

The 8th C.M.R., men were engaged in rifle and fire discipline on Tuesday. The recruits are showing up splendidly. Two squads who have been receiving recruit drill for the two weeks they have been in the regiment were dismissed on Monday afternoon and will now take their places with the regiment.

The recruits of the 8th C.M.R., received their first lesson in equitation on Tuesday morning.

Tpr. Fraser, 8th C.M.R., was transferred to the Kingston General Hospital on Monday suffering from diphtheria.

Tpr. Brown, 8th C.M.R., and Pte. Cross, 59th Battalion, are in the Field Hospital with slight cases of bronchitis. Driver Grady, C.A.S.C., is in Hospital with an abscess on his shoulder.

The sports as announced in Monday's issue will be run off to-night.

Sydenham Street Church will give a concert in the Y. M. C. A. tent to-night. Major G. L. Starr will make a presentation of prizes during the evening.

Capt. the Rev. A. E. Runnels, chaplain of the 4th Hussars, gave a splendid address in the Y. M. C. A. tent on Monday evening. There was a very large number of soldiers present, who very much appreciated the address. He will give addresses on Wednesday, Thursday and Friday evenings.

At Tete de Pont Barracks. With the draft of fifty men and the number of recruits lately received, "C" Battery is now over full strength. The pleasant surprise that the officers have received is the splendid type of men who are being taken on as recruits.

The N. C. O.'s taking the Royal School of Artillery receive their physical drill on the market square. This takes place every morning between 6:30 and 7 o'clock. The N. C. O.'s are quartered in the Richardson building.

Gunner Beuchamp is employed as medical orderly at Tete de Pont Barracks.

G. Kerr, J. Holman and E. Brown have been taken on the strength of "C" Battery.

In Marine Circles. Steamer Buena Vista passed here on her way to Rideau ports. The tug Emerson arrived with two light barges from Montreal. The tug Emerson cleared with the barge Melrose to load coal at Port Colborne.

Mr. and Mrs. Patrick Hawkins and Misses May Cushing and Esther Kane, Rochester, N.Y., are spending the summer at Wolfe Island.

Health

As age advances the blood gets thin, the nerves exhausted and vitality runs low.

By building up the nerve force of body and mind Dr. Chase's Nerve Food is an unbounded blessing to people of advanced years.

Dr. Chase's Nerve Food is a good deal of anxiety.

Joseph Hawkey Sends Picture. The Whig is in receipt of three splendid pictures of some of the members of the 21st Battalion from Lance-Corpl. Joseph Hawkey, reeve of the Township of Kingston.

OFFICERS OF THE 21ST

RECEIVE APPOINTMENTS SO LETTERS ANNOUNCE

Lieut. J. Edwards Made Brigade - Machine Gun Officer - Lieut. Southey Appointed Bomb Throwing Officer.

Word was received in the city on Monday afternoon that Lieut. J. Edwards, who went overseas as machine gun officer of the 21st Battalion, had been appointed brigade machine gun officer. The brigade, to which he will be posted, is made up of the 18th Battalion, London, 19th and 20th Battalions, Toronto, and the 21st Battalion, Kingston.

Lieut. Edwards belonged to the School of Musketry and was attached to the Third Division as an instructor with the rank of Sergt-Major. As soon as war was declared he made an application to go to the front, but was informed that his services were very badly needed at home, and for that reason he was sent to Valcartier camp where he had charge of some of the musketry instruction. Returning from Valcartier he instructed the 21st here. Shortly before the battalion left the city, Lieut.-Col. Hughes found himself in need of a machine gun officer and he secured for Sergt-Major Edwards a commission. Since his arrival at Sandling camp the officers saw his worth and for that reason he was appointed to this new post.

Lieut. Edwards was formerly a member of the Imperial Army. It is also announced that Lieut. Southey, No. 2 Company, 21st Battalion, has been appointed bomb-throwing officer of the 21st. He is a South African veteran.

According to letters received in the city on Monday, the 21st has not received any orders about leaving for the front. They are drilling constantly and appear to be in the best of spirits.

Letter From Sergt. K. Mundell. Dr. and Mrs. D. E. Mundell, Brock street, on Monday afternoon received a short letter from their son, Sergt. Kenneth Mundell, with Lieut.-Col. A. E. Ross, Ambulance Corps at the front. Sergt. Mundell tells of the corps being inspected by Premier Borden, who shook hands with all the officers. The Premier told the corps that 16,000 Canadian reinforcements were on the way, but did not say as to whether the Ambulance men would be rested after their long and arduous labors.

The 21st Copped All. Mrs. J. Lamontagne, 907 Washington street, Watertown, N.Y., received a letter from her nephew, Pte. William Bowman, Jr., a resident of Kingston, who went overseas with the 21st Battalion. The letter is dated July 14th, and is stamped with a happy "V". He said: "We had a great day in the afternoon of the 10th of July. It was field day, and our brigade, consisting of the 18th, 19th, 20th and 21st Battalions, were all in it, but the 21st copped it all. They took the majority of the first and second prizes. The day was an ideal one for the sports."

Mrs. Lamontagne has received several postcards from her nephew. These are embossed with colored silk, that has been sewn upon the cards by hand. They are very beautiful. Private Bowman's father is in active service in the Dardanelles.

VAUDEVILLE AT THE GRAND.

A Splendid Entertainment Offered This Week.

The Grand Opera House was filled to capacity last night and the audience witnessed one of the best entertainments of vaudeville and pictures ever presented at this popular theatre. The feature picture was Rita Jolivet in "The Unafraid," the romantic adventures of an American girl who became a captive bride in the mountains of Montenegro. This picture is one of the best seen here. The other pictures shown were a two-reel Universal photoplay, "Rene Haggard Journeys on," a comedy picture, "Love, Fireworks and the Janitor," the Pathé News of the latest events of the war, and the Pathé colored pictures.

The vaudeville consisted of Edwy and Edna Laidie in a comedy aerobic and trombone act that proved to be a hit with the audience. Both did some very clever work on the trapeze and were warmly applauded.

The same bill will be repeated to-night and on Wednesday afternoon and evening.

Grain Crops Are Grand. J. R. Donaldson, mail clerk, says he never saw such grain crops as those along the K. and P. this year. In some places it is down but farmers are always pleased enough to "logde."

Pastures are as green as in May and live stock are rolling fat. If the farmers only get a week or so of nice dry weather to complete the harvest they will be busy all fall taking the money to the bank. Prices are high for everything, so the farmer hereabouts has reason to be cheerful.

West Beyond Her Depth. Miss Ida Hayward, an operator at the local Bell Telephone Exchange, has recovered from a narrow escape from drowning at Burnt Island, near Ganarone. Miss Hayward was in bathing, and went out beyond her depth. Her cry for help brought her to the shore. Miss Hayward is back on duty at the Exchange.

Causing Anxiety. Dr. R.W. Bruce Smith, Inspector of Hospitals for the Province of Ontario, is confined to his home. His condition, it is stated, is causing his family and professional friends a good deal of anxiety.

Water In Harbor Higher. During the past week or so the level of the water in the harbor has risen slightly over four inches. As yet it is still much too low and if it would rise another eight inches mariners would be extremely grateful. The steamer Rideau Queen had to be taken off the Rideau course and laid up on account of the low water. The time is now approaching when Ottawa's fair will be commencing and the management of the company who own this well known Rideau boat are anxiously awaiting to see if the water level will rise a few more inches.

"Red Cross Plasters" at Gibson's. Occasionally a man's generosity is due to the fact that he will get talked about.

GET RID OF HUMORS AND AVOID SICKNESS. Humors in the blood cause internal derangements that affect the whole system, as well as pimples, boils and other eruptions, and are responsible for the redness with which many people contract disease.

For forty years Hood's Sarsaparilla has been more successful than any other medicine in expelling humors and removing their inward and outward effects. Get Hood's. No other medicine acts like it.

COMING Watch for Announcement of a Great Sale--This Space in To-morrow's Whig.
