BOTH FATHER AND SON HAVE ENLISTED WITH "C" BATTERY, KINGSTON.

Thomas Rowe, Senior, and Thomas Rowe, Junior, have arrived here from Toronto—Both Will Make Excellent Soldiers.

"Stand not upon the order of your going, but go at once," a quotation from Macbeth, has brought in many recruits for overseas service, and two of the most interesting yet received in the city are Thomas Rowe, senior, and Thomas Rowe, junior, both of Toronto. The elder Rowe, who is now designated Driver Rowe, is by profession a shoemaker, and lived at 100 Caroline avenue, Toronto. Battery Sergt-Major Peplatt is recruiting men for "C" Battery in that city, and when the call came Driver Rowe, realizing that he should do his duty, offered his services. His next act was to bring down his son to the recruiting office, and he too was accepted. Now father and son are members of "C" Battery, and they are two of the best men under Capt. W.E. Steacy.

Driver Rowe, senior, as he is an expert shoemaker, will likely be made a non-commissioned officer, while his son will also be given an appointment if he proves himself worthy of it.

This is the first case that the Whig has heard of in which father and son have enlisted on the same day for overseas service. The father was born at Bryan, Lancashire, England, and the son was born in Canada.

TWO FINE ROADWAYS.

Aberdeen and Upper William Streets Are Completed.

The residents of Aberdeen street and of William street between Division and University, are holding their heads high, and perhaps they have good reason to do so, for they have the finest pieces of residential road pavement in Kingston. The work of constructing asphaltic macadam with concrete base has just been completed, and the new roads are a credit to the City Engineer. They are splendidly built, and add greatly to the appearance of those two thoroughfares, which have been completely built up of late.

Enquiry of the City Engineer elicited the information that the roadways cost \$11.50 a running foot. Traffic on a macadam base, as compared to a concrete base on Aberdeen and William streets, would cost \$14.00 a running foot. Asphalt like that on Princess street would cost around \$4 a foot.

The Aberdeen and William street roadways are constructed of the same surface material as on Barrick street, but the asphaltic macadam is better laid, and has a concrete base, whereas Barrick street was simply re-surfaced.

After examining the above two new roadways, the opinion is expressed that the residents of University avenue may compromise by accepting asphaltic macadam.

MILLANERS MADE MERRY

At Lake Ontario Park on Tuesday Night.

The first annual outing of the United Milliners' Association, Kingston, was crowned with the greatest success at Lake Ontario Park on Tuesday afternoon and night. Some out-of-town guests, were among the company, including the Misses Rose Funnell, Ganescoy, Edith Snowden, Toronto; Georgia and Margaret Macfarlane, Montreal; Miss Walker, Walkerville.

Tea was served about 6.30 o'clock, and after attending to the show in the pavilion, dancing was held until after midnight. Thirty-five couples participated.

Light refreshments were served shortly before breaking up, and automobiles conveyed the merry-makers to their respective homes.

IMMIGRANTS ASK COLORED

If He Would Give Them the Price of a Drink.

"I want men to fill the places on the farms of the county, but can't get them," was the statement of Immigration Officer George Hunter to the Whig on Wednesday morning.

Col. Hunter states that there are a lot of "floaters" but they are of no use to the farmers, as the majority only stay until they get enough money to get "light."

Things have gotten to such a state that Col. Hunter has been asked on several occasions by immigrants for the "price of a drink."

He Was Let Go.

Robert McClellan appeared before Mayor Sutherland in the Police Court on Wednesday, charged with drunkenness.

"Have you got a job to go to," asked the acting magistrate.

"Yes," was the reply.

"Well, get to it at once," remarked His Worship.

IN MARINE CIRCLES.

Water In the Rideau Has Risen During Past Week.

Reports received from different Rideau points state that the water has risen three or four inches during the past few days. On account of the low water the Rideau passenger boats had to be taken off the route a few weeks ago.

To relieve the situation the steamer Buena Vista, which has been on the route near Ottawa, has been brought up on the Kingston run so as to carry the cheese which is made at the factories along the Rideau to the city for shipment to Montreal.

The schooner Ford River cleared for Charlotte with feldspar.

The schooner Merrill will arrive to-day to load feldspar for Charlotte.

The schooner Isabella H. is unloading gravel at Soward's wharf.

The steamer Fairmount, which has been at sea for two months, is expected at Baltimore on Thursday.

Steamer Windsor is expected to-day.

The schooner Wahcondah left the Kingston Shipbuilding dock at five o'clock on Tuesday evening, and cleared at ten o'clock for points down the St. Lawrence River.

The Montreal Transportation Company's barge Selkirk went into drydock on Wednesday morning for repairs.

The steamer Samuel Marshall passed up at 5 a.m. Wednesday.

Steamer Natronco, up 9 p.m. Tuesday.

Steamer Beaverton, down 3 a.m. Wednesday.

WAR PRISONERS WORKING

At Repairs To The Interior Of Fort Henry.

Rev. B. E. Rutsky, Ottawa, who each month conducts divine service for the German prisoners-of-war at Fort Henry, was in the city on Tuesday and Wednesday. He conducted his usual service on Tuesday afternoon.

In conversation with a Whig representative, Mr. Rutsky paid a compliment to Lieut.-Col. J. H. H. Fox, Commandant, who he says is a strong man and in the right place. The prisoners are being given some work in connection with their request, and the interior of the fort is being repaired. The men sometimes are allowed out of the grounds under cover, as far as the water, Prominent sympathizers, Mr. Rutsky said, are trying to persuade the Government to give the prisoners work on the road between the Cataract bridge and the camp grounds. This piece of road has been taken over by the Government for maintenance, and as another piece, that between the old toll gate on the Bath road to Heathfield on the York road, will be macadamized by convict labor, this will be used as an argument. The only reason, it is understood, why the Government will not allow the war prisoners to do the work is because it might interfere with labor conditions here.

James Ronney Passed Away.

James Ronney died on Monday at the residence of his son, Harry Ronney, Belleville, after a short illness. He had reached the ripe age of eighty-nine years, having been born in Belfast, Ireland, in 1841; he came to Canada, settling at Brockville, where he lived until 1887 when he removed to Napanee. In that town he spent the rest of his life, having only gone to Belleville on July 1st to visit his son. Soon after he was taken ill and was unable to be removed to his home. Of late years he had lived a retired life.

In religion he was a Methodist and in politics a lifelong Conservative. He was an enthusiastic member of the Orange Order and had taken part in Grand Lodge deliberations along with the Hon. Sir Mackenzie Bowden. Surviving are two sons, A. F. Ronney, Kingston and Harry Ronney, Belleville.

LITTLE GIRLS COLLECT MONEY.

In Aid of Queen's Stationary Hospital Corps.

Being unable to go to the front and do their bit for their King and country, five or six girls, ranging from six to ten years of age, who reside in vicinity of Queen and Wellington streets, have decided to make a canvass of their friends to raise funds for Queen's Stationary Hospital.

Monday recently while the children were playing "war" on the street, one of them was seized with the idea that they could do something. When she told her chums what she was thinking about they immediately got busy. All the girls got small aprons similar to those worn by the nurses and made a narrow cap. Then they prepared a list and started out to canvass. After being out for a few days they collected \$5. One of the children has two brothers at the front.

Where Is the Garbage Man?

What has become of our garbage man? This is the question which the police are asked to answer on numerous occasions. During the past few days complaints have been pouring into the Police Station. In some cases citizens claim that there has been no collection for almost three weeks.

While the Whig representative was in the police rooms on Wednesday morning Police Constable Cotter answered the telephone nine times in about twenty minutes. All were complaints about the non-appearance of the garbage man.

Nurses All Rejoined Corps

It was reported that some of the Queen's Stationary Hospital nurses who have been sent to France late in May had been left there. Dean Connell when asked by the Whig stated that all the nurses who left Kingston had rejoined the corps in England and had proceeded to the Dardanelles.

County Patriotic Fund Payments.

The Frontenac County Patriotic Fund has paid out to the Kingston dependents of men on active service a total of \$523.50. Mrs. Cunningham, a soldier's wife, was given \$22 as her fare to England. The committee is now looking after eight families. By month the amounts disbursed were as follows: October and November, \$44; December, \$22; January, \$32; February, \$45; March, \$65.50; June, \$118; July, \$164.

The county pays \$400 into the fund every year. The next payment will be in September.

Weather Notes.

Since yesterday the weather has been everywhere fine except in the Maritime Provinces, where showers have occurred. A shallow depression covers the Mississippi Valley, attended by a widespread rain area.
