Just One Application And the Hairs Vanish

(Modes of To-day) A harmless, yet very effective, treatment is here given for the quick removal of hairy growths; enough powdered delatone water to cover the undesirable hairs, apply paste and after 2 or 3 minutes remove, wash the skin and the hairs have vanished. One application usually is sufficient, but to be certain of results, buy the delatone in an original package.

Mrs. Anson, daughter of Mrs. Hay, Sr., who was in the room when Shoop called, stated that Mrs. Hay, Jr., was not present in the room. In summing up the case, Mr. Cunningham stated that from the evidence of Mr. Shoop and Mrs. Hay. Jr., who was an uninterested person, he could not see that there was any case of false prefences. Cunningham contended that the circular which Shoop left when he took the order was a binding contract but the Magistrate did not agree with him. Mr. Cunningham contended that the testimony of Shoop and Collins was true.

Mr. Givens—"It appears to me that the whole thing is tainted with fraud. These men go to women, not men, and take money from the wives of men who are serving, at the front." Mr. Givens contended that the circular was not binding. He claimed that Mrs. Hay, Jr., was an interested party on account of Shoop

being a boarded in her house. The Magistrate decided to reserve his decision until Monday, August Mr. Givens stated that he had several more cases against Collins.
