RECRUITING IS BRISKER IN THE 3RD DIVISION

Average of Fifty a Day Arrive at Barriefield.

CAPTAIN H. STETHEM

APPOINTED ADJUTANT OF THE 77TH BATTALION

Sergt. Inst. Springer's Son Does Gallant Work At the Front—Was Captured by the Germans But Was Released.

Recruiting in this division has been a little better, due probably to the organization of the Speakers' Patriotic League. About a month ago it looked as if Canada had settled down to let some one else do the work at the front for the Empire. Recruits were scarce. Of late, however, the response has greatly improved, Kingston providing many more than at any time since the beginning of the war.

Nearly every day about fifty men arrive at Barriefield camp for the three branches of the service. The 59th Battalion is now up to full strength, but efforts must be made continually to keep up this record. As a company is to be sent at regular intervals (possibly every month) it will be necessary to keep the Provisional School of Infantry going to train officers. The P.S.I. is a splendid institution, the instructors being highly capable men, but like any other profession, actual experience must be necessary before the actual working standard is attained.

Mayor Gibbard, Napanee, accompanied by Mayor R. D. Sutherland and Mrs. Sutherland, were at the camp on Thursday afternoon. Mayor Gibbard was in consultation with Col. T. D. R. Hemming in regard to the arrangements to be made for the big recruiting meeting to be held at Napanee. Sir Wilfrid Laurier and Sir George Foster will be the speakers, and prominent men and officers throughout the division will be present.

The soldiers are still coming to the city every evening to visit with friends but the number of busses that daily wait outside the lines for fares is growing less. The number of horse-drawn vehicles is much less than at first, but the number of automobiles is keeping up. The officers are the greatest users of conveyances.

The road to Barriefield, despite the fact that the city Council provided money for a thorough oiling a short time ago, is now as bad as before.

Lieut. Herbert Stethem, officer commanding the School of Machine Gunnery, has been promoted to the rank of captain and appointed adjutant of the 77th Overseas Battalion at Ottawa. Capt. Stethem is a Kingstonian, this being his birth place, and he has always had a wide circle of friends who will congratulate him on his important promotion. It is doubtful if there is any other officer in the division who deserves it more than he. He proved himself a man in every sense of the word while stationed at Frederickton with the Royal Canadian Dragoons. In the riots over the street-car strike, Capt. Stethem was injured during the row.

As soon as war was declared, he was one of the first to volunteer, and after a rush trip to Kingston and his marriage to a Kingston lady, he went overseas as officer commanding the machine gun section for the R.C.D. He was at Ypres and in several other engagements in France, and showed great valour, but a short time ago had, much against his will, to return to Canada to recuperate. Instead of resting during his sick-leave he commenced a series of lectures to stimulate recruiting and to instruct in machine gunnery at the camp. He is so anxious to do some more for his country that he will make another attempt at overseas service with the 77th Battalion.

Lieut. Clapp, veterinary officer of the 8th Regiment C.M.R., will in a few days receive his cap and tunic as a result of the splendid work he has done for the service. Lieut. Clapp had a successful veterinary office at Belleville before putting on a uniform.

The mosquitoes reign supreme in the camp, particularly in the 8th C.M.R. lines. The pests seem to come from the country to the east and are very thick just now.

The 8th C.M.R. was engaged in mounted squadron work on Thursday morning, and in dismounted squadron work in the afternoon.

Sergt. Inst. Springer, of the Barriefield camp, instructional staff, has just been notified that his son, at the front as a despatch rider with the Engineers, has been granted the Distinguished Conduct Medal. His son while engaged as a despatch rider was wounded twice, at different times, had three horses shot from under him and was captured. His release from capture was due to the friendliness of a German officer who he discovered knew his aunt. He is still at the front doing wonderful work but now is the proud possessor of the country's official appreciation. Both father and son were born in London and lived there until three years ago, since living in Ottawa.

Lieut. Huxley, assistant adjutant of the 59th Battalion, is in Cobourg on duty.

Portion "B" examinations for the officers taking the Provisional School of Infantry were held on Friday.

The School of Machine Gunnery will continue for about two weeks more, and Capt. Stethem will then

leave for Ottawa to take over his duties as adjutant of the 77th Battalion.

The strength of the 59th Battalion is now 1,359, the establishment calling for 1,134 men. About 250 men of "B" Company however, will leave in the near future as a draft.

Lieut. McLaughlin a graduate of the Royal School of Artillery, and of late attached to the 26th Battery at Valcartier, arrived in camp on Thursday to organize the 32nd Battery to be located at the west end of the artillery lines. The Ottawa recruiting officer is expected to arrive with sixty-five men from that place for the battery to-morrow.

The men of the 32nd Battery were engaged in erecting tents for the 32nd Battery on Thursday afternoon.

The strength of the 8th C.M.R. is now about 690, four more recruits being accepted on Thursday.

The next Provisional School of Infantry has not yet been authorized but orders to this effect are expected immediately and the necessary arrangements will be made.

It is published for the information of all concerned that where an officer commanding a unit of the Canadian Militia is selected for the command of a unit of the C.E.F. it is desired that the Second Command of the unit of the Canadian Militia shall be placed temporarily in command of that unit so that it will not be prejudicially affected in either organization or efficiency and also that recruiting in the Division or district in which the unit of the Canadian Militia concerned is situated shall be vigorously kept up.

With reference to Divisional Orders Nos. 135 and 138 of 1915 it is published for general information that a communication has been received from Militia Headquarters, Ottawa, to the effect that it has been brought to notice that Canadian soldiers wearing uniform have been seen in Ogdensburg; also that on the 30th July a lieutenant stationed at Kingston was seen in Ogdensburg in uniform. It is desired that Commanding Officers will take the necessary steps to ensure that the above mentioned orders are complied with and that officers, N.C.O.'s and men under their command are forbidden to enter the United States.

Eighty men from the 59th Battalion will daily report at the ranges for rifle drill.

Pte. Oullette, 59th Battalion is in the General Hospital with measles.

Pvt. Anderson, 8th C.M.R., had the misfortune to be stepped on by a horse and is being treated at the Field Hospital.

Sydenham Street Church choir will give a concert in the Y.M.C.A. tent this evening.

Two soccer games will be played this evening.

At Tete de Pont Barracks a qualifying class for N.C.O.'s of "C" Battery will open on September 15th.

On October 1st, the Royal School of Artillery class will open its sixth course since the outbreak of the war, but unlike previous courses this will be for non-commissioned officers only. This course will continue until November 8th, and then the seventh course will be exclusively for officers.

Applications are already being received in large numbers for the R.S.A. course.

Summer Skin Troubles.

Sunburn, blistering, and irritation are the common ailments of summer skin troubles, and Zam-Buk ends these very quickly. It works in two ways. As soon as applied, its antiseptic powers get to work and kill all the poison in a wound, a sting or a sore. This generally ends the smarting and the pain. Then Zam-Buk begins the healing process, and fresh healthy tissue is built up. For sore, blistered feet, sore hands, heat rashes, baby's heat spots, sore places due to perspiration, etc., you can't equal Zam-Buk. It also cures cuts, ulcers, abscesses, piles, and all inflamed and diseased conditions of skin and adjacent tissue. Druggists and stores everywhere sell Zam-Buk, 50c. box. Use Zam-Buk Soap also, 25c. per tablet. All stores, or Zam-Buk Co., Toronto.

Band in Macdonald Park.

By kind permission of Colonel G. Hunter Ogilvie, Officer Commanding R. C. H. A. Depot, the band of the Royal Canadian Horse Artillery will play in Macdonald Park to-night (Friday) from 8 to 10 o'clock, weather permitting, the following programme:—"With Kitchener's Army" March—"With Kitchener's Army" Bath Overture—"Mirella" Gounod Gavotte—"Weymouth Chimes" Howgill Selection—"Faust" Gounod Valse Militaire—"For Valour" Ancliffe Intermezzo—"Heartsease" Macbeth Reminiscences of Scotland. Godfrey Rag—"Tennessee" Jeff G. "O Canada." "God Save the King." Alfred Light, Lieut. R. C. H. A. Bandmaster R. C. H. A.

HOOD'S PILLS
