There is no institution in the Dominton more Canadian than The Mutual Life. Assurance Company of Canada. It was incorporated under the statutes of Ontario in 1869 as The Intario Mutual Life Assurance Company. It was given a Dominion charter by an Act passed in 1878, but was still known as The Ontario Mutual Life Assurance Company.

It received a new name by an Act of the Federal Parliament in the year 1900, and has since been known as The Mutual Life Assurance Company of Canada.

Its investments of nearly \$25,000,000 are exclusively Canadian; the fives insured are Canadian only. It is strictly a Canadian Company assuring Made-in-Canada contracts.
