> To Pay Prisoners' Wives. Ottawa, Aug. 25,-A number of inquiries have been received at the Militia Department as to the stand-

ing of prisoners of war and whether they will receive pay. Under the Army Act prisoners are treated as absent without leave, and pay is withheld until they are cleared by a court of inquiry at the close of the war as not having misconducted themselves.

The Canadian Militia Department, however, despite this regulation, pays the wives of soldiers such amount as was assigned to them when their husbands left for the front.

Recently the British Government arranged to have prisoners in Germany paid \$1.75 a week through the American ambassador. At the close of the war this will be taken out of their withheld pay.
