## BU.GARIA IS ANGLING REFUSED PERMISSION

### FOR CONCESSIONS OF LAND TO PENITENTIARY GUARD TO GO FROM SERBIA TO THE FRONT.

It Offers To Cope In With the Allies But Wants a Definite Promise From Serbia.

Sofia, Bulgaria, Aug. 30.—An inspired statement appearing in a publication controlled by the Government contains the announcement that if conditions affecting Bulgaria should be modified by the granting of Bulgaria's territorial demands to such an extent as to call for intervention in the war, the Government will convoke Parliament immediately.

This statement was elicited by the action of the Opposition in Parliament, which has been responsible for the publication of statements condemning the attitude of the Government as contrary to the interests of the country. The immediate con- vocation of Parliament was demanded by the Opposition.

In making its reply, the Govern- ment publication explains that it is the intention of the Cabinet to adhere to its policy of neutrality except in the event that the rights "fished from Bulgaria" under the treaty of Bucharest after the second Balkan war are restored.

"But should conditions be so modified as to demand intervention," the statements conclude, "the Govern- ment will immediately summon Parliament."

### Guard Morris, Veteran of the Boer War, Was Turned Down By the Minister of Justice.

Dr. J. W. Edwards, M. P., is inter- esting himself in the case of Guard Morris of the Portsmouth Penitentiary who applied to go overseas but was turned down owing to the deci- sion of the Minister of Justice.

Dr. Edwards when speaking to the Whig on Monday morning, stated that Morris, who is a married man with wife and family, asked permission to go to the front, that his position at the prison was held and that his fam- ily receive his salary. He is a South African veteran, and was men- tioned in despatches. When the call came for men to join the Can- adian Mounted Rifles, Morris went to the Barriehold Camp and offered his services to Lieut.-Col. J. R. Mun- ro, officer in command of that unit, thinking that the Justice Department would allow him to go over under the same conditions as Lieut.-Col. W. S. Hughes.

When Dr. Edwards took the mat- ter up with the Minister of Justice, he was informed that Morris was not entitled to his pay as he was not a member of the staff at the Ports- mouth Penitentiary previous to the declaration of war, although he had been a guard in the prison at Prince Albert, Sask.

The member of Frontenac claims that it is not right to allow one penitentiary official to go overseas and receive his salary besides his mili- tary allowance, while another is turned down.

In view of the nearness of the en- try of Greece into the European war, great anxiety prevails among the lo- cal Greeks. They may receive a call from their motherland to return and take up arms in the cause of the Allies.

Word has been received in the city to the effect that two military of- ficers, Capt. Repis and Capt. Hungis, both from Athens, are now in Otta- wa visiting the Greeks there and ex- plaining the duty expected of them in case of the call coming to Canada. They will visit several places in East- ern Ontario on a similar errand and will afterwards make a tour of the United States on the same mission, confident of attaining their object of having all their subjects ready.

De- ceased's husband and three sons ac- ted as pallbearers and six grand- children acted as flower bearers.

### STOLEN PROPERTY RECOVERED

Constable Bateson Secured It From Small Boys.

A short time ago a water tester and a number of small brass fixtures, the property of the civic waterworks, were stolen. The matter was reported to Constable Bateson, and he succeeded in securing the stolen articles. He secured it from some small boys, but it is not likely that there will be any prosecution.

The water tester, it appears, was stolen from the plant, and the rest of the booty was secured from the wagon used by the men at the waterworks department. Had the water tester not been found, it would have been necessary for the city to send to New York to secure a new one.
