THE THREE NEW BATTERIES ARE NOW UP TO STRENGTH

And Have the Best Baseball Teams in Camp.

CAPT. J. A. STEWART

CAMP SANITARY OFFICER IS SERIOUSLY ILL

Napanee Wants the 8th C.M.R. For The Town Fair.—All Arrangements Made For the Trip Of the 8th To Brockville.

The units at Barrieffield camp are taking advantage of the weather man's generosity as compared to his previous efforts, and are working every day improving their already good qualities as soldiers. The ranges are busy particularly with men from the 59th Battalion who are being given an extra amount of musketry training.

The sporting spirit is well developed at the camp. Although the three artillery batteries have been organized only a short time baseball teams are being formed. A big surprise came with the game of Monday evening when the 34th Battery team defeated the Engineers who have so far won from every unit in camp. They expected an easy victory over Major Massey's men but received a big surprise. The 33rd Battery in an "informal" game a few nights ago trimmed the 34th Battery team, so the sporting fraternity at the camp are wondering what the artillery men are capable of. Lieut. Huycke is bringing down twenty men from Peterboro to-morrow, and he reports that all are qualified amateur baseball players.

On Tuesday the men of the 32nd Battery held a meeting and elected officers for their athletic club. The voting resulted in Major S. A. McKenzie being elected honorary president, Capt. J. Gill president, Lieut. Young, vice-president, and Sergt. Trumpeter Cleere manager. If the 32nd Battery team do as well as do the other two battery teams there will undoubtedly be games arranged with the City League teams.

Capt. Strothers, Ottawa, has sent word that he has thirty-three recruits for the 32nd Battery. All of the batteries are now nearly up to strength.

The many friends of Capt. J. A. Stewart, Sanitary Officer at the camp, will be sorry to hear that he is in the General Hospital with a severe illness. Capt. Stewart was in Gananque on Sunday evening and was taken down with his illness shortly after his return to camp.

Gr. Johns, 34th Battery is in the Field Hospital with an infected foot.

Lieut.-Col. Ming, 4th Hussars, Lieut.-Col. Clyde, ex-brigadier, and Mr. Pollard, of the Napanee Beaver, were visiting Barrieffield camp on Tuesday afternoon. They made the request that a troop of the 8th C.M.R. attend the fair there, but it is not known yet if arrangements can be made. The 8th C.M.R., when it stopped at Napanee on the way to and from Belleville, made a great hit with the people, and requests have come in to the officials of the fair from all over the country to try and have the regiment as an attraction.

Capt. T. D. Archibald, second in command of "C" squadron, 8th C.M.R., has been detailed as medical officer for the regiment, vice Capt. G. G. Moberly who has been permitted to resign to accept a commission in the Royal Army Medical Corps.

Major W. J. Brown, G.S.O., Major G. H. Gillespie, I and O. of C.C., and Capt. H. Stethem, R.C.D., are a board of officers examining the officers and N.C.O.'s and men who took the School of Machine-Gunnery.

It is published for the information of all concerned that all officers and warrant officers of the Permanent force and staff of the 3rd Divisional area will appear in khaki. Uniform need not be worn after five o'clock each day or on Sundays after 1 p.m. or when on leave of absence away from the station.

Twenty-three recruits for the 34th Battery arrived on Tuesday morning and twenty are expected to-day.

Major Routh and Capt. Blue, 8th C.M.R., arrived back in camp on Tuesday after a trip along the route that will be taken by the 8th C.M.R. on the march to Brockville this week. Capt. Blue reported that the residents along the way are making great preparations. "They would give us the St. Lawrence if we wanted it," he said.

The officers of the headquarters staff and the officers of the 59th Battalion are to have a shooting competition on the ranges on Saturday afternoon. The officers are practicing hard to make a reputation for themselves.

Mrs. S. A. McKenzie and children were visitors at the camp on Tuesday afternoon on their way home to Gananque from Toronto.

Evangelist Watt, a graduate of the Moody Institute, Chicago, is conducting a series of religious meetings in the writing tent of Messrs. Sykes and Wallace near the artillery lines.

Uniform is coming gradually to the artillery men in the camp. Shoes have already been issued and on Tuesday afternoon a load of pantaloons, etc., arrived. They will be issued immediately.

Tuesday was pay-day at camp and there was a smile on the face of every one of the soldiers. The men are

learning to save their money however.

A large number of men took advantage of the holiday from 3.15 p.m. until 10 p.m. for the baseball match on Tuesday.

Capt. Sauva, 59th Battalion, is in Brighton on recruiting duty.

Capt. MacConnell, 59th Battalion, reports that so far there has not been one case of desertion as a result of granting harvest furloughs. Several of the men having reported for duty after the expiration of their passes.

The officers of the 59th Battalion have purchased revolvers. The gun secured is of Colt manufacture and loads six cartridges.

The 59th Battalion is being issued with cap-badges. The badge is on the form of a maple-leaf and has the following words, and numbers: "59th Overseas-Canada-Foy-Pour-Devoir"

Several of the tents of the 59th Battalion were taken down on Tuesday and a higher earth floor built.

Rev. S. Banks Nelson gave another of his splendid addresses to the soldiers in the Y.M.C.A. tent on Monday evening. His subject was "Neutrals." To-night he will speak on "Why Does God Permit This War?"

In the semi-finals of the soccer league played on Tuesday afternoon, "A" company, 59th Battalion, was defeated by "B" squadron, 8th C.M.R., by 3 to 0. The finals will be played on the return of the 8th C.M.R. from Brockville between "B" and "C" squadrons.

In the soft-ball league the staff-sergeants will play the M.G.S. of the 8th C.M.R. at 6 p.m. to-day.

At Tete de Pont Barracks. The Royal School of Artillery officers and N.C.O.'s will bivouac on Fair's farm near Glenburnie on Friday night. The battery will leave the city on Friday morning, and during the day will entrench their guns so that they will be ready for a night's work in the field.

The men of "C" Battery were paid on Tuesday. A large number of N.C.O.'s and men who are taking the excursion to Toronto on Saturday are bringing back their wives to reside in the city until they leave for overseas service.

VAUDEVILLE AT THE GRAND.

The Indian Harpist the Attraction To-night.

The high class vaudeville and pictures that have been presented at the Grand Opera House for the first two nights of this week attracted considerable attention, judging by the large crowds that attended this popular theatre. Kathleen Klau-Wah-Ya, an Indian harpist, was the chief attraction, and won the hearty applause of all present. The first eight years of Miss Klau-Wah-Ya's life were spent with her tribe, the "Chinooks," along the banks of the Columbia River, and at this age she was taken by a white family to Portland, Oregon, where her musical talent being discovered, she was educated by private subscription. As far as is known she is the first and only North American Indian to attain proficiency upon one of the most complicated of musical instruments—the harp. For the last three days of this week another excellent programme has been secured by the management. Maud Allan, the celebrated dancer, will be seen in "The Rug Maker's Daughter," the latest release of the Paramount Corporation. A two-reel, a field one photo-play, a comedy picture, the Pathe pictorial news and the Pathe colored pictures will also be shown. The vaudeville will consist of Leighton and Lloyd in a comedy singing act.

High-Grade Bond Offerings.

Attention is called to the announcement in another column of Ontario Government Bonds yielding five per cent, and City of Toronto Bonds yielding 5.05 per cent. These issues are well known to the investing world that comment as to their value is hardly necessary. When, however, it is stated that these Bonds can now be obtained at prices yielding a higher rate of interest than has been obtainable for thirty years, a field one per cent. more than in normal times and two per cent. better than bank interest, the wisdom of taking advantage of this opportunity for safe and profitable investment will be apparent.
