LT. COL. PERREAU BACK

HE WAS AT THE FRONT FOR A SHORT TIME.

Royal Military College Commandant Was With the Staff of the Canadian Division in France.

Lieut.-Col. C. N. Perreau, Acting Commandant of the Royal Military College, who has spent the past two months in England and on the firing line in France and Belgium, returned to the city on Friday by way of Cape Vincent.

Col. Perreau sailed from England on the American steamship New York, and arrived at New York City on Thursday. When asked if he had seen any submarines on the trip from England, the colonel replied that the trip had been uneventful.

While attached to the staff of the Canadian Division in France, Col. Perreau had a splendid opportunity to see what was going on. He met Major Burstall, formerly of the R.C.H.A.

Everyone in England and France is loud in their praise of the Canadian Division, Col. Perreau said. The Germans, he says, are determin-

ed to win, but in the course of a short time they will find out that the British and French mean business.

Before leaving England for Canada, Col. Perreau visited the Canadian division at Shorcliffe. He speaks of it consisting of the finest lot of men he had the opportunity to inspect.

Conditions are greatly changed in England since Col. Perreau was last there. Every person is determined that Germany will be brought to her knees, and for that reason they are exerting themselves. The great need in Britain is more officers and men, said the colonel.

Col. Perreau declared the Allies are more optimistic than ever.

"There are ready in Britain, today 2,000,000 well trained men waiting for their chance to fight," he said, "and in France there are a million men in reserve. When the Allies' drive begins the German hosts will find themselves greatly outnumbered. The end is certain. The Allies are bound to win."

"Of the destructiveness of the various shells used in battle, the six-inch shell loaded with lyddite is by far the deadliest, contrary to the general belief that the larger shells are the most potent factors in bombardments. The lyddite shell puts out of action every soldier within one hundred yards of its exploding point. I have reason for adding that there is a plan for passing the 'Dardanelles' soon to be put into effect, which promises complete success."

Although it is not stated, it is believed that the mission of Col. Perreau to the firing line was to get some idea of conditions that exist, as the professors at the Royal Military College are put into effect, cadets in the latest methods of warfare.

While in England Col. Perreau had an opportunity to meet Col. L. R. Carleton, Commandant of the Royal Military College, who was called home by the War Office for service at the front. Although Col. Carleton has been in England for some time, his regiment has not yet left for the front.

Col. Perreau was accompanied by his wife and two children.

NO ACTIVE OPERATIONS

On British Front, Sir John French Reports.

London, Sept. 10.—Field Marshal Sir John French, Commander-in-Chief of the British Army in the field, has sent the following report on recent operations:

"There has been no change in the situation since my last communication. There has been mining activity on both sides without important result. Our own artillery and that of the enemy has been active east of Ypres. On our front conditions are normal."

"A German aeroplane was brought down by rifle and machine gun fire on September 1st, falling close behind the German lines southeast of Hooge. A second German aeroplane on September 5th was brought down by one of our fighting machines. It fell behind the enemy's lines opposite the southern portion of our front."

Change Of Time. On and after September 13th, S.S. America will leave for Cape Vincent at 1.30 p. m. instead of 2.30. After September 18th the 7 a. m. trip will be discontinued.

CORNER STONE LAID.

Of the New North Toronto Railway Station.

(Special to the Whig.) Toronto, Sept. 10.—The foundation stone of the new North Toronto station was laid yesterday afternoon by Thomas L. Church, Mayor of Toronto, in the presence of a large and representative gathering, over which A. D. MacTier, General Manager of the Canadian Pacific Railway, presided and introduced the mayor in a few appropriate remarks.

The mayor was presented with a handsome silver trowel in a glass case suitably inscribed, bearing the arms of the city of Toronto and the Canadian Pacific.

A. D. MacTier said:—"I desire on behalf of the Canadian Pacific Railway Company to not only warmly welcome you here to-day, but to thank you for honoring the company I represent by being present and seeing your worthy mayor lay the corner stone of this new station which, when erected, will be worthy of the northern part of this beautiful city. I may safely say that its erection proves that this company has the same abiding faith, as I am sure you have, in the future growth of Toronto." Mayor Church and Chief Justice Mulock also delivered addresses, expressing the public's appreciation of the enterprise of the C.P.R.

FARMER ACCIDENTALLY SHOT

By Young Lad, And Died Soon Afterwards.

Sault Ste. Marie, Ont., Sept. 10.—Willis Miller, a farmer, residing just out of Thessalon, was fatally shot through the shoulder by a rifle in the hands of Russel Hagen, a lad thirteen years of age, who resides with his parents in Thessalon.

Hagen had been invited by Miller to go with him into his oat field, some distance from Miller's house, to shoot a deer which had been visiting his fields in the early morning and was destroying his crops. On his arrival at Miller's home yesterday morning young Hagen found everything quiet and supposed Miller was not up, so decided he would go into the fields. On his arrival there he saw the head of a deer in the opening and fired. To his amazement he found that the deer was on Miller's shoulders and the shot had gone into the deer and through Miller's shoulder blade.

Help was summoned and the wounded man removed to his home, where he died a few hours later, leaving a wife and four small children.

Coroner Sproule empanelled a jury which returned a verdict of death by accidental shooting. A charge of manslaughter is being made against young Russel, but bail is being arranged for his appearance at the Assizes, which open here next week.

WASHINGTON DISAPPOINTED

Over Germany's Note Regarding the Arabic.

Washington, Sept. 10.—Superficial reading of Germany's note to the United States on the sinking of the White Star liner Arabic has created keen disappointment among the officials who have seen it. There is a growing feeling in responsible quarters that Germany is playing fast and loose with the United States. Officials were guarded in their private comments and refused absolutely to indicate what the course of the United States would be. But there is evidence of suspicion that the Berlin Government was not speaking altogether in good faith when it gave assurances recently that it would conduct its submarine warfare therefor with scrupulous regard for the lives of American citizens.

STRUCK BY AN AUTO

SOLDIER LAID UNCONSCIOUS ON ONTARIO STREET.

He Was Taken To General Hospital—Auto Driver Who Knocked Him Down Did Not Stop.

Pte. Herbert McAdoo, a member of the 59th Overseas Battalion, when returning to camp about 8.50 o'clock Thursday night, was struck by a speeding automobile on Ontario street near Queen and received severe injuries to his head and left leg. Whoever the driver of the auto was he drove on and never slackened his speed. Up until noon Friday his name had not been secured.

The injured soldier when seen by a Whig reporter in the General Hospital on Friday morning, stated that he was crossing the railroad track when he was struck. The force of the blow knocked him ten feet in the air and after alighting he found himself lying on the tracks. Realizing his precarious position with the little strength he has left, Pte. McAdoo pulled himself to the side of the road and then dropped off into unconsciousness. The injured soldier said that he must have lain there half an hour before he regained consciousness. When he revived, he saw a young fellow riding past on a bicycle and he called to him. The boy stopped and came over but was unable to do anything for him. The young fellow secured more help, and R. J. Reid's ambulance conveyed Pte. McAdoo to the General Hospital. The soldier told the reporter that he was suffering with a severe pain in his head. His left side was also bothering him considerably.

Pte. McAdoo is the nephew of ex-Policeman Alexander McAdoo who is a guard at the Montreal Transportation Company's elevator. The former's home is in Picton and he came to the city to enlist for overseas duty. Two months previous to this accident Pte. McAdoo had his nose broken.

TRUSTEES FILE CLAIMS.

Claim Commission Was Illegally And Justly Appointed.

Ottawa, Sept. 10.—Another step in the Ottawa Separate School controversy was taken yesterday when the old Board of Trustees filed its statement of claims in the injunction proceedings against the new Commission. It claims that the appointment was made illegally, unjustly and to the great detriment of the schools, that it was outside the jurisdiction and power of the Lieutenant-Governor-in-Council, and a violation of the British North America Act and the several acts governing Roman Catholic schools.

Jews Given New Year Leave.

London, Sept. 10.—More than 2,000 Jewish soldiers are here on leave from the front to celebrate the Jewish New Year's Day in London, among them being several Canadians. Though they will be back in the trenches on the Day of Atonement, they will rigorously observe the great fast. Khaki was largely worn in the great synagogue at Aldgate yesterday, when the chief rabbi conducted the services.

Rev. Dr. J. K. Fraser Called

Galt, Sept. 10.—At a largely attended meeting of the congregation of Knox Presbyterian Church a unanimous call was extended to Rev. J. Keir Fraser, D.D., of Alberta. Prince Edward Island. The pulpit has been vacant for several months following the resignation of Rev. R. E. Knowles.

Rifles For Russia.

Cleveland, O., Sept. 10.—Cleveland and Canton, Ohio, capitalists closed a contract yesterday for \$80,000,000 to supply Russia with 3,000,000 rifles. Final details of the contract were completed in New York.
