McKay's Fashion Chat

FUR SETTS

The most popular Neck Pieces are in the animal effect, and so fashionable are they; that very few of any other type are seen. Silky Furs, such as Wolves, Lynx, and Foxes, are in demand. - Neck pieces are large and trimmed with head and brush. Muffs are of the Medium Round type, though flat ones in envelope shaping are fashionable also.

The Round Muffs are untrimmed, and for the Flat ones, a head or brush is used.

You are invited to visit our Show Rooms, and see our beautiful Furs.
