QUEEN'S WILL DECIDE

ON MONDAY ABOUT ITS SEASON'S RUGBY

May Only Enter A Senior Team In the Intercollegiate—The University Will Have a Hockey Team.

The Athletic committee of Queen's University will meet on Monday afternoon at Queen's gymnasium for the purpose of deciding whether or not it is advisable to carry out the intercollegiate Rugby games this season.

John Dawson, secretary of the committee, when speaking to the Whig, stated that it would likely be suggested that Queen's enter only a senior team and that the junior and intermediate rugby and the soccer teams be dropped for this year. The members realize that many of the Queen's men have enlisted for service and that it would be rather difficult to carry every team through. They also realize on account of the war the money which would be spent in taking the teams to Toronto and Montreal could be used for better purposes.

There appears to be no doubt but that Queen's will enter in the senior intercollegiate hockey series this coming winter. On account of the committee owing the skating rink it does not cost so much to run a team.

RECRUITING IS GOOD.

Twenty-two Signed Up By Major E. C. Barrett.

During the past week recruiting has been very good in Kingston, when one takes into consideration that a large number of men have gone direct to the camp grounds to sign up. Major E. C. Barrett, who has been recruiting for the 80th Battalion, reports that he has enlisted twenty-two men in the past eight days.

The list is as follows: John Daly, Wolfe Island; Charles Bowen, Williamstown; Garrett Eagle, Strling, Ont.; D. V. Fraser, Trenton; Alfred Baker, Gananoque; George Lilo, Gananoque; Herbert Nelson, Gananoque; William Henry, Patrick-street, Kingston; S. O. Macley, Main street, Kingston; Amos E. Smith, Kingston; E. H. Gallagher, Rochester, N.Y.; John Ladds, Kingston; Thomas G. Harding, Mayo township; John Murphy, Perth, Ont.; Harry Williams, Kingston; Alexander C. Smith, Onondaga, N.Y.; W. Griffin, Toronto; George Jarrett, Toronto; Edward Bradley, Toronto; Henry Bradley, Toronto; John Kyte, Kingston; V. E. Shurtcliffe, Gananoque.

A DROP IN SUGAR.

But Doesn't Benefit the Small Purchaser Yet.

The price of sugar in Canada has dropped 10c per cwt. This is an outcome of an arrangement made by the manufacturers with the jobbers by which the retail trade gets sugar at 10c less than heretofore. Of course a drop of 10c per cwt. will only mean a fractional difference when it comes down to selling a few pounds over the counter. The public may therefore pay a little less for their sugar, but they won't pay much less at that. The arrangement has been pending for some time.

On the Firing Line.

Now that the 21st are on the firing line, and, as we follow many friends in this battalion, the photograph at the King Edward Theatre, "On the Firing Line," Monday and Tuesday will convey to our minds what our soldiers have to contend with. This is one of the four pictures the King Edward has secured the exclusive rights for in Kingston and are being used throughout the Dominion for recruiting purposes, Monday and Tuesday, 20th and 21st. "For the Motherland," this film secured 121 recruits from one theatre in Toronto. Ladies will kindly attend in the afternoon and leave room for the young men to attend in the evening. Usual admission.

Won Several Prizes.

Andrew McMahon, Earl street, took up three of his black and white cocker spaniels to the Toronto Fair, and they won high honors at the dog show. They won firsts on all entries, the prizes including three cups valued at \$100 each for the best black and white cocker spaniels in the show, a special prize for the best brace in the show, any color, and a special for the best trio, any color. The prize-winners were very much admired.

21st Not Gone As Yet.

Although there have been many rumors that the 21st Battalion has left for the front, little credence is put in them. When the battalion leaves, the relatives of some of the men will be notified. Up until the present time no such notification has been received.

The general belief is that the second Canadian contingent will be sent to France to complete the Canadian army corps which is to be formed.

Change Of Time.

On and after September 13th, SS. America will leave for Cape Vincent at 1.30 p. m. instead of 2.30. After September 18th the 7 a. m. trip will be discontinued.

MILLINERY OPENING

At George Mills & Co's. "Famous Fur Store."

A semi-annual event of unusual interest to many ladies both in and out of Kingston took place yesterday and to-day in the millinery department of "Kingston's Famous Fur Store." It was "opening day" at the time of preparation for autumn attire.

The new Fall Hats are quite varied in style with a tendency to large shapes although the new small hats are very smart and chic. Velvets, Plush and Corded Silk Hats made plain and in combinations with trimmings of silver, gold and plaid and real pretty feather mounts in an endless variety of shades, were much in evidence. Simplicity in trimming is the decree of Paris and New York again this season and this is an important factor in the selling price. Indeed at the Mills opening the moderate prices were much talked about and hats were pronounced "reasonable" and "not expensive." Trimmed Hats from three fifty to seven-fifty and scores of beautiful shapes and colors from a dollar and twenty-five cents to three dollars were especially featured. Anticipating a larger millinery trade, the ladies hat section has been enlarged this season and includes a big display of hats for misses and children.

All departments of this store are very interesting now; the section devoted to Ladies' Coats revealed styles and fabrics very different to past seasons made exclusively for Messrs. Mills & Co., many coats being modelled on the exact lines of the expensive fur garments. Then the big fur show rooms are "loaded down" with furs of every description and judging by their immense stock this should be a record season in the sale of "Mills Furs" as the war has brought away down the prices of many of the popular furs. The Men's hat department is ready for a big fall trade in the fur hats for men and boys. Mills' enormous trade in Men's Hats is the result of a gradual growth of nearly 40 years and it is the aim of George Mills & Co., to build up a corresponding trade in Ladies' Hats. The slogan of their millinery department exemplified in the hats is "modesty, millinery at moderate prices—no two hats alike," and it is not at all surprising that so many ladies of Kingston and vicinity have become the satisfied wearers of hats from "the Hat Store"—one of the finest and largest in all Canada.

Will Sacrifice Salary to Go to the Front

Guard R. G. Morris of the Portsmouth Penitentiary has sent in another application to the Justice Department authorities, asking that he be allowed to go to the front. Some time ago he asked permission to go, at the same time requesting that his position be held for him, and that his salary be paid the same as in the case of Lieut.-Col. W. S. Hughes, Inspector of Penitentiaries. This application was turned down. Now all that Mr. Morris asks is that his position be kept for him until he returns. He is willing to sacrifice his salary.

MANY COMPLAINTS MADE About Persons Under Eighteen Years Driving Autos.

The police authorities have received a great many complaints about persons under eighteen years of age, driving automobiles, and action will be taken as the law says that no person under the age of eighteen shall operate a car. There has been a good deal of reckless driving around the city by young people, and the police will act.

A Fine Record.

The results of the examinations during the past year show a magnificent record for Albert College. With one exception all piano and vocal students were successful in passing conservatory and college examinations, and many first honors. All candidates in art, whose work is examined by Prof. W. A. Sherwood, R.A., C.A., passed, many with honors. All students in the expression department were successful. In the departmental examinations, 100 per cent of those who wrote on senior matriculation days faculty got their standing. In normal entrance and junior matriculation ten students were successful, three securing honors, and only one had spent two years on the work, the time allowed by the high schools. College opens on September 6th, and at present prospects for a good attendance are bright.

Major Pridoux Helped Him.

Donald Murray, the young man who walked from Montreal to Kingston for the purpose of enlisting in the Royal Canadian Dragoons, has signed up with that unit.

When he arrived in Kingston he had nothing but five cents in his possession. Major P. E. Pridoux took him in hand, giving him financial help, and saw that he was given transportation to Toronto, where he joined the Dragoons.

Married in Montreal.

A quiet marriage took place Thursday morning in the Chapel of St. James' Cathedral, Montreal, when Miss Doris, daughter of Col. J. P. Pages and Mrs. Pages, formerly of Kingston, became the wife of Lt. Victor Brodeur, R.N., son of the Hon. L. P. Brodeur, judge of the superior court and Mrs. Brodeur, of Ottawa.
