## What Dyspeptics Should Eat

"Indigestion and practically all forms of stomach trouble are, nine times out of ten, due to acidity; therefore stomach sufferers should. whenever possible, avoid eating food that is acid in its nature, or which by chemical action in the stomach from their diet all starchy, sweet or trian headquarters, in a despatch refatty food, and are trying to keep up ports that the Russian resistance on a miserable existence on gluten pro- the Sereth River has assumed a most ducts, should try a meal of any food serious aspect, and indicates that the or foods in moderate amount, taking new commander has been ordered to immediately afterwards a teaspoon- hold the remaining Russian positions ful of bisarated magnesia in a little in Galicia. hot or cold water. Bisurated magnesia is doubtless the best food corrective ken, semi-mountainous country and ant-acid known. It has direct action on the stomach; but by neutralizing the acidity of the food contents, and thus removing the source of the acid irritation which inflames the delicate stomach lining, it does more than could possibly be done by any drug or medicine. Do not dose an inllamed or irritated stomach with drugs but get rid of the acid-
