KHAKI CLUB OPENED

A NOTABLE EVENT ON SATURDAY EVENING.

Club For Soldiers Furnished Largely By Citizens—Addresses Delivered At the Opening.

On Saturday evening the Khaki Club building, at the corner of Ontario and Princess streets, was officially opened, with a large number of officers, non-commissioned officers and men in attendance. Before the appointed hour of opening, the R. C. H. A. band played several selections in front of the club building.

The Honorary Presidents are Col. T. D. R. Hemming, W. F. Nickle, M.P., and H. W. Richardson, and the President, Mrs. G. Hunter Ogilvie, upon whom much of the work of organization of the club has fallen, and who received the sincere congratulations of the speakers. Col. Hemming called for three cheers in honor of the President and all the young lady helpers, who so ably assisted.

The remaining officers of the Khaki Club, most of whom were present, included Mrs. J. B. Carruthers, Mrs. W. F. Nickle, vice-presidents; Lieut. R. W. Nichols, 80th Battalion, honorary secretary; Capt. H. C. Wotherspoon, honorary treasurer. Captain Gray and Lieuts. Harper, Huycke, Mason, Morris, Reams, Reiffenstein and Tett constitute a committee.

The first speaker of the evening was W. F. Nickle, M.P., who stated that the Canadian soldier ranked high in every respect. To place our soldiers in this enviable position, Mr. Nickle said that it has cost the Dominion of Canada $150,000,000 for the first year of the war. Next year we are prepared, if needs be, to spend $200,000,000 more.

"We know you soldiers before us to-night are going to take our places in the trenches. We are unable to respond to this duty, but we can, while you are among us, give you this club and make it inviting. It will, I am sure, make your life a pleasant one while in Kingston. We desire you to make use of it and enjoy yourselves."

Col. Hemming told how H. W. Richardson had placed the building free of rent at the disposal of the club. The city has allowed free lighting and water. Other business men have given liberally in financial donations and already $250 has been subscribed in cash.

"We want every soldier to take full advantage of this home," said the Colonel. "We also intend in the course of time to place a billiard table in the building. A canteen will be placed here also, but it is to be a dry canteen and all prices in connection with the same will be reasonable. The club will be open to soldiers at all hours they are not on duty or when they are on pass-leave."

After Mayor Sutherland in a brief speech had summed up the good qualities of the Khaki Club, and expressed his hope that the same would be carried out to a successful issue, the first part of the evening was concluded.

Three cheers were given in honor of the Camp Commandant, Col. Hemming, also for Col. G. H. Ogilvie and for the Barriefield camp.

Refreshments were served by the young ladies and officers. R. R. F. Harvey, Lieut. Crowe and Signaller J. Thompson rendered piano selections, vocal solos, duetts and recitations.

The donators to the Khaki Club include R. Uglow, Mrs. Ralph Adsit, Mrs. (Sergt.-Major) Hunter, Mrs. H. Lavell, Reliance Moulding Company, Mrs. C. H. Finkle, N. R. Grimm, Jackson Press, Messrs. P. S. and F. K. Mahood, Kirkpatrick Art Store, who gave pictures, stationery, reading matter, etc. J. McGall, A. K. Routley, J. W. Baker, W. McGlade and E. Martin, tobacco, cigars, etc.; R. J. Reid, James Reid, T. F. Harrison, furniture; R. Waldron, Steacy & Co., and John Laidlaw & Sons, various articles of interest; Mayor R. D. Sutherland, W. F. Nickle, $10 each; Mrs. William Kirkpatrick, $5; R.C.H.A. a Regimental Institute, $32.50; 8th C.M.R., $50; 59th Battalion, $100; 14th P.W.O.R. Home Guard, $20; F. Milo, $8.50; R.M.C. Cadets, $20.

Taylor and Hamilton, plumbing free. James Thompson, S. V. Horne and A. Tyo were also liberal contributors.

SMASHED BRIDGE RAILING

Automobile Had Narrow Escape From Going Into Harbor

A feat that would have created much enthusiasm in a motion picture theatre was enacted while a local taxi cab driver was speeding over the temporary bridge on Sunday afternoon. With some three or four soldiers in the automobile, the driver ran forcibly into the railing on the side of the bridge. In less time than it takes to tell the tale thirty feet or more of the railing was torn away and thrown into the water. The wheels of the auto nearest the wrecked railing were no more than a couple of inches from the ends of the planking, but fortunately the machine did not go over. The bridge was later repaired.

Sang In Sydenham Street Church.

At the evening service in Sydenham Street Methodist Church on Sunday the congregation was delighted to hear Samuel Anglin, late of Boston, sing a baritone solo, entitled, "Morning and Evening," by Spicker. Mr. Anglin is a graduate of Queen's University having secured his degree of B.A. Six years ago he went to the United States and took up music as a profession. He has recently returned to the city.

Has Been Incorporated.

A Dominion charter has been taken out, and the James Swift & Co., Ltd., incorporated to do business at Kingston. The capital is $150,000.

Rexall Orderlies are free from harsh drugs and are the nicest laxative for children. Sold only by G. W. Mahood, The Rexall Store, 10c., 25c. and 50c. boxes.

American missionaries, who escaped from Van Persia, are at Petrograd. Several died from wounds or disease. They saw thousands massacred.

HE HAD TO GO.

Could Not Stay And Retain His Self-Respect.

At Smith's Falls at a big recruiting meeting, Prof. Mulloy closed with a personal reference. "Fifteen years ago I was teaching school and did not go with the first contingent to South Africa. But I decided later that I was needed, so went to Ottawa and made the recruiting officer take me as one of the ten required from Eastern Ontario. When I had been sworn in I returned and told my aged mother. 'My son,' said she, 'you will never return.' I answered, 'Even if I knew I would never return I would go, for I could not stay and retain my self respect.'"

MRS. HAROLD J. TENANT.

Wife of the Parliamentary Under Secretary for War, one of the two women members of a new committee named by Lloyd-George to advise on questions of industrial fatigue, hours of labor, etc., in munition factories. Mrs. Tenant has been prominent in industrial work formerly as factory inspector.

A PROMINENT CITIZEN

The Late Royal Church, Picton Passed Away.

Picton Gazette.

In the death of Royal Church, which occurred on Sept. 9th, the town of Picton lost one of its well-known business men.

Mr. Church had been ill for many years, but retained the active control of his large business almost until the time of his death. Most men with his afflictions would have given up the fight against physical infirmities long since, but sustained by his unyielding will and force of character, he was full of courage to the end.

Although he has been failing very rapidly for several months, he was not confined to his room during his last illness until the Friday preceding his death. Since his youth, Mr. Church's health has been very poor. As a boy he met with an accident while hand-sleighing which injured certain nerves and resulted not only in life-long lameness, but in frequent suffering. Later he met with another accident which injured his sight and resulted in blindness of one eye. When these misfortunes seemed almost too heavy to bear another trouble was visited upon him. An attempted act proved too much, of a physical strain and a hemorrhage of the lungs followed. During the past twenty years Mr. Church has had ninety-nine hemorrhages. Truly, he has been sorely tried.

Royal Church was born in the township of South Marysburg, Oct. 26th, 1874. He spent the early years of his life in the vicinity of Milliford, where he started his first business venture, the milling and evaporating business. Removing to Cherry Valley he was there engaged in the machine business. In 1905 he returned to Port Milford where in company with Mr. Albert Collier he organized the South Bay Canning Company. Mr. Collier was Manager. Mr. Church Assistant Manager and Secretary-Treasurer. In 1908 this factory was burned. Shortly afterwards Mr. Church moved to Picton and was appointed manager of the Boulter factory in 1910, a position which he resigned in 1911, when in company with his brother, Mr. Sylvester Church, he began the erection of the Church Bros'. Canning Factory in Picton. In 1912 they were joined by Mr. John Hubbs, and the business has since been known as Church Bros.' and Hubbs Canning Co.

The late Mr. Church was a member of the Picton Council for two years, as Councillor in 1911 and Reeve by acclamation in 1912. In all his business relations Royal Church was known as an honorable, upright and clear-headed business man. He was a strong Conservative in politics.

Shortly after coming to Picton he purchased the home of the late John Terrill, corner of Main and Talbot streets, where he has since resided.

Besides his many friends, Mr. Church leaves to mourn his loss his wife, Mrs. Phelena Church, his mother, Mrs. Ruch Church, and one son, Ronald, of Picton, one sister, Mrs. Mouck, of South Bay, Ont.; one brother, Sylvester, of Picton; and four half-brothers—John of South Bay, Ont., Albert of Port Milford, Ont., Palen of San Francisco, Cal., and Clark of San Luis Obispo, Cal.

Received the Goods.

Sidney Mullins informs the Gananoque Reporter that recent advices from his son, Roy Mullins, who is a prisoner in Germany, state that up to the time of writing, August 13th, six boxes forwarded had arrived safely, and the contents were much appreciated. Several more boxes were expected the following day. Since his son was made a prisoner, Mr. Mullins has sent in all twenty-seven boxes, and at least half of these reached their destination safely, as well as $4 in money. Roy states that conditions for the prisoners have improved considerably since the first, but the work they have to do is very hard.

MAJOR R. H. BRITTON

WRITES THAT THINGS ARE QUIET AT FRONT.

Gananoque Baseball Team Has Trimmed Everything—Major Britton's Battery Has a Colt Which Was Born at Ypres.

Major Russell H. Britton, in command of the 3rd Battery, 1st Brigade, C.F.A., at the front in Flanders, writes as follows to a friend in Gananoque under date of August 28th:

We are still in the same place as we were last time I wrote you and to-day has been the quietest I have yet experienced on the firing line. There isn't a sound. It's like Sunday afternoon in a small inland village, and it has been very quiet for a month.

The weather is glorious for fighting, and I can't imagine why everything is so quiet. It is perhaps the lull before the storm, but I expect it is still a question of ammunition, but I do not know anyone who is pining away for another Ypres fight. They are all right a month after, but will not stand repetition. If repeated very often the novelty (?) would wear off.

The baseball team are playing a good many games of ball these days and they are very good. We have won the majority of them and are getting better all the time. The team consists of: Catcher, Gordon Cane; pitcher, Alonzo Cowan; 1b, Q.M.S. Frank Mooney; 2b. Fred Meggs; 3b. C. Rae; s.s., Rod O'Connor; fielders, Darry Smith, Mose Bishop and J. Applin.

There are several more that play as well, such as J. Muchmore and Alex. Hardy, who are good.

Everyone is well and the cool weather has been a very great blessing in disguise as heat would have probably meant sickness.

Our present position is a beautiful one and we will be lucky if we spend the winter in it as it is high and dry and is the best we have ever been in. The water is exceptionally good and there are enough farmers about to make it easy for the boys to get eggs and milk which are very valuable and much appreciated additions to the rations, which while sufficient in quantity, generally are not varied very much and gets rather tiresome owing to the sameness.

I have had hard luck with my officers, having lost Capt. Stewart a month ago from sickness and to-day Mr. Shaw was carted away with appendicitis. Capt. Stewart has gone to Canada and I expect Mr. Shaw will have to go as well.

This leaves Mr. Taylor and myself, as Mr. Gillies is in London on leave.

We have a colt in the battery which was born at Ypres and which we call "Ypres." She comes into the officers billet each night on her way to her stable to get a lump of sugar. We have tried to get her to go to her stable without paying this call and she raised a fearful fuss. She is a peach of a colt and a great favorite. The boys are teaching her tricks.

Napanee

Sept. 20.—An exciting chase occurred Saturday night about half-past nine o'clock, when an automobile party from Belleville went speeding through the town, having no regard for speed laws. They were also making a lot of unnecessary noise with some kind of a horn. Acting Chief Barrett gave chase with another car, and succeeded in catching them near Deseronto, and they will appear in the Police Court on Tuesday to explain their conduct.

J. J. Graham, ex-chief of police here, came up yesterday from Kingston, where he is attending the School of Infantry. Everybody was pleased to see him looking so well.

Mr. and Mrs. J. Sear and daughter Martha, Toronto, are visiting Mrs. F. W. Barrett, Pearl street.

Special services were held in Grace Church Sunday in connection with Rally Day in the Sunday school. The Rev. F. L. Langford, one of the Educational Secretaries of the Sunday School Department of the Methodist Church, preached morning and evening, and also gave an interesting talk on "Wood" to the Sunday school in the afternoon.

Messrs. Greer, F. Bowen and J. Foster motored to Barriefield Camp yesterday. Frank B. Mills is attending the School of Practical Electricity in New York city. Mrs. Cameron Wilson and two children left for Valcartier to join her husband, Lieut. Wilson, and will stay until he leaves for England.

Stole Money From Company.

Prescott, Ont., Sept. 20.—On a charge of taking money from the cash box of the Prescott and Ogdensburg Ferry Company, Frederick Lapert, assistant engineer of the ferry boat, was arrested. The theft was discovered by a system of marked coins, and, after suspicion, caused by decreased receipts by the company.

Acknowledgement of his guilt was made when the coins were discovered in his possession.

The young man was committed to the county jail at Brockville, there to await trial. According to the confession made, it would appear that the thefts had been going on for more than a year.

More Trouble To Consumers

"This having to pay water and light rates every month is a nuisance," said a public-spirited lady who called at the Whig office today. "We have to spend the time to go down to the city buildings every month now, instead of quarterly. I find the bills are larger, too," she concluded.

Pat To Be an Aviator.

Patrick Kennedy, a former Queen's Rugbyite and hockeyist, is in Arnprior. He is qualifying for a commission in the aviaton corps with a view to doing service at the front.

Them an who is always celebrating isn't necessarily celebrated.

Probs: Rain to-night. Tuesday, gales, fair and cooler.

Our Suiting and Dress Goods Sections

Are literally filled to overflowing with the season's newest and best lines of novelty and staple lines for the fall and winter seasons.

No advances whatsoever in price.

STEACY'S

A SENSELESS STORY

KEPT RILEY FROM COMING BACK TO PRISON

Friends Circulated Rumor That Rev. Mr. Bingham Was Working For Government — Murderer Listens To Friends and Refuses To Return

The London Free Press says: Tom Riley, slayer of George Blackburn, of this city, in October, 1913, convicted of manslaughter in 1914 and sentenced to 15 years in prison, but later released through mistake for another Riley, convicted of a similar crime, would have given himself up to the Canadian authorities, but for the circulation of rumors that Rev. H. H. Bingham, of Talbot Street Baptist Church, was an agent of the Canadian Government, seeking to have him returned to prison after his escape to Everton, Mo.

In a story to the Free Press from Kansas City, Mo., it was stated that Riley had taken to the hills when Canadian officers attempted to secure his extradiction and refused to give himself up unless the United States authorities offered to defend him.

Circulating The Story.

Rev. H. H. Bingham was Riley's spiritual adviser during his incarceration here and took a deep interest in his welfare. He was convinced that Riley was a changed man and desired to lead a better life. As soon as it was announced that Riley had been released in mistake Mr. Bingham went to Everton, Riley's home, and endeavored to have him return voluntarily to Canada and give himself up to the authorities. While there was no definite promise, Mr. Bingham was practically assured that Riley would have his sentence reduced to minimum in return for giving himself up. Mr. Bingham was confident that Riley would return when all the facts were made known to him, but on his arrival a story was quickly circulated that Mr. Bingham was in league with the Canadian Government to have him return and the constant reiteration of this and other stories to Riley resulted in his refusing to return.

Riley A Changed Man.

Speaking to the Free Press, Mr. Bingham stated that he was convinced that Riley was a good man and thoroughly sincere in his conversion and would have returned to Canada but for stories that were circulated by people of Everton, Mo. "When I went there," he said, "I heard stories that I was in league with the Canadian authorities. They were told to Tom time and time again and his faith was shaken. I do not know that I blame him under the circumstances for refusing to return with the thoughts of prison life before him and such stories being circulated. I do know, though, that had he returned they he would have escaped with a very light sentence for he was really sincere in his conversion."

SIX MORE GERMANS

Were Interned at Fort Henry On Sunday.

Six more Germans were brought to the city on the 12.57 o'clock train Sunday afternoon and escorted to Fort Henry under a heavily armed guard. The German prisoners were young men and very smart looking chaps. They were gathered in from the eastern provinces where they had been a source of danger to shipping along the coast.

Rather than break into the spinster class, a girl may wed the wrong man.
