

The Teutons Still Hoping For a Decision

Kingston, Storrington and Portland Events During September--The Children's Exhibits Were Excellent--Those Who Won Prizes.

The second annual Rural School Fair for the Township of Kingston was held at Catarqui on September 13th, under the direction of the Frontenac Branch of the Ontario Department of Agriculture.

The Westbrook Branch of the Women's Institute deserve commendation for the role played in the fair they assisted in making this fair the grand success that it was.

A suitable field was willingly granted by Mr. Simpson for the judging of the colts and calves and the conducting of an excellent athletic programme.

About one o'clock the judging commenced. G. B. Curran, Department of Agriculture, Nanapanee; A. P. MacVannell, Department of Agriculture, Picton; Mrs. Alexander, Sydenham, assisted by Miss Jennie Kavaner, Sydenham, acted in the capacity of judges.

NEW RUSSIAN COMMAND Writer Expects Grand Duke To Smash The Turks. London, Sept. 20.—Waclaw Czerniewski, writing in the Weekly Graphic on the real meaning of the New Russian Command, says the appointment of Grand Duke Nicholas as commander-in-chief of a Caucasus army will have a direct influence on the Allies' troops fighting in Gallipoli.

The danger of invasion of Asia Minor by the Grand Duke, with original the Turks to defend their homeland at any cost. They will be compelled to withdraw troops and ammunition from Gallipoli and be obliged to give up thoughts of defending their remaining possessions in Europe, even Constantinople. And this they will have to do for the sake of defending Anatolia, where lies Sultania, the cradle of the Turkish nation.

The writer concludes: "It is surprising how little the importance of this master stroke of the Czar is understood in western Europe—the victorious march of the British and Allied troops towards Constantinople."

No More Excursionists Paris, Sept. 20.—So many excursionists, frequently in personally conducted parties, have been journeying from Paris and other cities to the scene of the battle of the Marne, that the military authorities today prohibited trips in groups. The prohibition does not apply, however, to individual visits.

ENEMY MAPS OUT A NEW CAMPAIGN

In Hope of Winning Decision Before Winter-- Stoppage of News From Austria Coupled With Statements of German Officers in Belgium.

Rotterdam, Sept. 20.—For several days no newspapers from Austria or Hungary have arrived, while business men in Holland have had great difficulty in communicating with those countries.

It is fairly certain now that the advance into Russia will not be prosecuted much further, no further, in fact, than the seizure, if possible, of the railway lines from Riga right down to Kovno, which are now the immediate objectives. Then the Germans will dig themselves in and transfer all their available troops for a new campaign against one or another of their enemies.

This opinion is based not on deductions from the military situation, but on reports which have reached here from absolutely reliable sources of what is being said by high German officers in Belgium who may be considered as knowing something of the minds of the general staff.

LAD POISONED SISTER Playing "Doctor" He Gave Her a Dose Of Carbolic. Patterson, N.Y., Sept. 20.—Left alone at their home while their mother went out on a shopping tour, Marion and John Dittmar, three and four years old respectively, were "playing house" on Friday. During the course of a "party" both children ate a quantity of fruit and candy and soon little Marion was seized with a stomach ache.

GERMANS GET MORE BREAD. Increase In Rations To All Portions Of Population. Berlin, Sept. 20.—The increase in bread rations which was granted some time ago to the laboring classes of Berlin has now been extended to other portions of the civilian population.

STOP TREATING SOLDIERS British Military Authorities To Issue Order To London. London, Sept. 20.—The British military authorities have decided that a prohibition under "treating" is essential to the well being of the troops within the metropolitan police district of London, and the board of central control probably will issue an order when it meets on Tuesday forbidding this form of hospitality. The district contains 700 square miles.

Under the prospective order, which applies to clubs and restaurants as well as saloons, anyone paying for another person's drink or giving him money to pay for it, or anyone serving a drink except to the person who pays for it will be liable to punishment.

Lindsay Woman Wants Divorce. Ottawa, Sept. 20.—Jessie Porter, of Lindsay, dressmaker, will apply at the next session of Parliament for a divorce from her husband, Samuel Porter, publisher of Toronto, on the usual grounds.

THE SPORT REVIEW

It is expected that there will be at least forty teams in the newly-formed junior O.R.F.U. series.

Hamilton Rowing Club's O.R.F.U. senior, intermediate and Junior games this fall will be played on the Hamilton Jockey Club's grounds.

Toronto Star: Boston is reputed to be the home of culture, beans, and baseball. It's also the home of about 22,000 man-eaters. Further information can be obtained from Tyrus R. Cobb, of Detroit.

Petie Powers, the Ottawa Baseball Club's clever utility player, has been sold to the Chattanooga club, of the Southern League.

An effort is being made to form a four-team group in Hamilton in the Interprovincial intermediate series, the winner to play off with the Toronto champions.

McGill will not have a pro. coach this fall, since Paisley has succeeded Frank Shaughnessy as director of the team.

Although no definite action has been taken by the Intercollegiate Union recently, the continuing of the sport this season, the continuing of football played by the larger universities is now practically assured.

Manager Livingston, of the Ontario pro-hockey team, states that there has been absolutely no change in the plans for pro hockey this coming winter. Toronto will have two teams as usual—Toronto and Ontario.

Ottawa Journal: Barney Oldfield's ambition is to drive an automobile at the rate of two miles a minute. Barney couldn't hope to get to the graveyard any quicker.

Rev. A. E. Vert, President of the British Columbia Amateur Union and Vice-President of the Canadian Amateur Lacrosse Association, has decided to retire from amateur sport this fall. Mr. Vert has taken a prominent part in amateur sport affairs in British Columbia for a number of years, particularly in lacrosse. It was through his exertions that the C.A.L.A. was organized, and he is at present working in the interest of the western side in the struggle for the possession of the Mann Cup.
