Petrograd, Sept. 20 .- The main | tempt to surround the Russian Vilna question now is whether the Vilna army group. It should be pointed troops will be able to make good out, however, that farther down the their retirement from a very difficult line of exit the Germans have been position. Everything was fairly moving slowly towards Slonim and simple until the Germans cut the Baranovitch, and that still farther Vilna-Dvinsk railway at Svientsany south, on the Breithomel line, they and flung a big force of cavalry into have reached Pinsk, which covers

No Official Anxiety.

r. trograd, Sept. 20 .- Assurances to capture Vidzy, thirty miles south are given that it is considered impossible for the Germans to succeed but for the present the Dvinsk oper- in their threatened envelopment of ation is of secondary importance for the Vilna group of armies, although they have succeeded in outflanking the Russians on their right, and even in spending cavalry to take the railway in the rear at Vileika. Confidence is felt in the steadiness

of the Russian retirement and their ability to escape from the sack in which the Germans had calculated the vigor of their advance is met by on catching them. The chief groun for this belief is supposed to be the inability of the enemy to bring ap forces large enough to surround the Russians. The Germans have carsixteen miles north-west of Lida, it tainly taken a big risk in sending may be hoped that the main body of their cavalry so far east, and the position of the Russian troops is unto fight their way out of the danger doubtedly difficult, but this manzone before the northern and south- oeuvre of the enemy is more perilous ern flanks of the enemy meet.
