## ON BARRIEFIELD HEIGHTS WITH THE OVERSEAS TROOPS

At present there are over 750 men on the roll of the 80th Battalion and nearly all of the officers are present. In Peterboro there are 150 men drilling away until their number reaches that of a whole company (250) and then this number will be brought to Barriefield.

Uniform is arriving every day and the men are rapidly being given the official khaki. The Whig learns that two-thirds of the 80th Battalion are Canadians. This is a higher percentage than in any other unit yet stationed here.

Major C. A. Low, junior major of the 80th Battalion, has not yet reported for duty.

The overseas draft from the 59th Battalion is being given constant work on the ranges, as the shooting ability of the men at the front at present must under the circumstances be very high. The Ross Mark III is used and the men are given their shooting lessons under a very efficient staff of instructors. The work is carefully planned out and as a result the shooting standard of the men from Barriefield camp at Shorncliffe, according to letters, is as high, if not higher than in the ranks of any of the units from other camps. In field work the Ross Mark II rifle is used but the Mark III is used on the ranges as this is the rifle that is used at the front.

Lieut. M. M. Johnston, has had painted the title "34th Battery" on his large "torpedo" car.

Fifteen recruits for the 80th Battalion arrived at Barriefield camp on Thursday from Ottawa.

The 8th Regiment, C.M.R., took an exercise ride on Thursday morning down the Gananoque road and in the afternoon held a route-march in the same direction. The return from the route-march was made through the fields arriving at the camp from the rear of the ranges. Major McLoughlin was in command.

Lieut. Johnston, 34th Battery, was in command of the battery on a route-march down the Gananoque road on Thursday afternoon. The road was very dusty but the men did splendidly.

The 8th C.M.R. is preparing for its trip across the ocean. Lieut. E. A. Godfrey, assistant adjutant, is in Toronto and while there will arrange for the scenarios of several entertainments to be given by the men and officers on the trip over. It is not generally known that Lieut. Godfrey is an actor, who some years ago made a good name for himself on the dramatic stage. He was then in England.

Capt. Watdon, adjutant of the 80th Battalion, returned to the camp on Thursday from Petawawa and Ottawa.

Capt. Layfield, quartermaster, and Capt. Carew, paymaster of the 80th Battalion, left on Thursday for Peterboro to look after the catering and the paying of the men who have been recruiting and are drilling in that place under Lieut.-Col. Johnston senior major of the battalion.

Lieut.-Col. J. R. Munro, commanding officer 8th Regiment, C.M.R., returned from Ottawa on Thursday.

Lieut. Graham, 80th Battalion, who has just returned from the front, will give a lecture to the Young Men's Club of Queen Street Church on Sunday afternoon.

Lieut. Hubbs, 8th C.M.R., is in Hastings.

Route-marches were in order on Thursday. The 59th Battalion, 8th C.M.R., 33rd and 34th Batteries, all had route-marches in the direction of Grassy Creek. The 59th Battalion was on the road all day, dinner being served at noon from the transports. The route taken by the battalion was down the Gananoque road and return by the Kingston Mills road.

The dentists will soon be quartered in a shack near the Field Hospital. There is so much work to be done that it was thought advisable to construct a permanent place than a tent for the work.

Major G. H. Gillespie, organizer and inspector of Cadet corps, is sending out to the different schools in the Division the necessary orders regarding the formation of the cadet corps. He is very optimistic over the prospects and is of the opinion that the corps should be even more successful than in former years.

The platoon commanders of the 80th Battalion gave the men a lecture in saluting on Thursday.

Herbert Todd has been taken on the strength of the 59th Battalion. The Y. M. C. A. is keeping up the splendid work it made for itself since the camp opened by almost every evening furnishing some entertainment for the men. Secretary F. W. Lillie is very energetic in doing everything possible for the volunteers and he has a good staff to assist him.

The draft company from the 59th Battalion paraded to the tent last evening and gave a splendid entertainment. The draft includes a number of Russians and these men formed themselves into a Russian choir, giving several selections which were very entertaining. Capt. A. W. Gray presided.

An illustrated lecture by Dr. Evans will be given this evening.

L. C. Hind, St. Thomas, aged nineteen, has been attached to Barriefield Camp as telephone operator and repairer.

At Tete de Pont Barracks. At present Tete de Pont Barracks is quiet except for the fact that Sergt-

Major W. Bramah is very busily engaged in breaking in the men for artillery work. The draft is being given special training and the officers are highly pleased with the work of the men.

On October 1st, a class of N. C. O's from "C" Battery, R.C.H.A. and the batteries at Barriefield who have not yet taken the R.S.A. course will be given a six-weeks' course. On November 8th, a class for thirty officers of thirty N. C. O's will be given. Applications are already being received in large numbers and for this reason great care has been taken in the selection of those who will attend.

The following officers have been accepted for the sixth Royal School of Artillery course which opens at Tete de Pont Barracks on November 8th: Lieuts. Phipping, Langley, F. F. H. Killo, Kit, 2nd Battery, and J. F. B. Davies, 8th Brigade, Ottawa; Provisional Lieutenants S. J. Faulkner, 34th Battery, Belleville, H. L. Hughson, 23rd Battery, Ottawa; D. C. Anglin, 5th Battery Kingston; C. J. Carroll, 9th Brigade, Gananoque; A. L. Wilson, 5th Battery, Kingston, and C. C. Walker, 5th Battery, Kingston.

### IN NEED OF MORE MEN

TO FILL UP THE NIGHT INDUSTRIAL CLASSES.

Classes Poorly Attended And Extra Effort Will Be Made To Get Men Out—Classes For Women Well Patronized.

There was keen disappointment at the meeting of the Board of Education on Thursday night, when Trustee Renton, chairman of the Industrial Committee, reported that the night classes for men did not pan out as well as had been expected, and asked that they be discontinued. The Board was given much discussion, and it was finally decided to have the committee again take up the question. It is felt that everything possible should be done to get a good attendance at the classes.

The Board has put forth every effort to make the classes a success. The very best teachers have been employed, and it is indeed a great pity that the men have not availed themselves of the opportunity of attending. However, it is hoped that men will be secured, and that the Board will be finally able to do good work. Trustee Renton said that the classes for the women had been a success, and recommended "that industrial night classes in sewing, millinery, domestic and science be opened by the Board of Education the first week in October; that an enrollment fee of \$1 be charged, the same to be returned if the pupil attended seventy-five per cent. of the classes; that no call class be opened with less than twenty pupils." The Board adopted this part of the committee's report.

Trustee Farrell said he was very sorry to learn that there had been such a very poor attendance at the classes, without making another strong effort this fall to get the men out. Principal Sliker said that the classes in drawing had been the best attended. There was an average attendance of twelve. The attendance in the class on electricity was never more than six or eight, while the class in arithmetic was also very small. The class in English was open to both the men and women, but only the latter remained for it. The instructors were not to blame but the fault was in the fact that the men failed to realize their deficiency. Trustee Farrell considered that it would be a step in the wrong direction to have the classes stopped now they had been organized. He believed that ways and means could be taken to stir up the men and get them to attend.

Trustee Laird said that perhaps the call for men at the front had been the cause of many men not attending the classes.

Trustee Farrell said that at the present time close on to one thousand men were employed at the locomotive works, and that no doubt the matter could be taken up with the management of the plant, and that many men could be secured for the classes. He felt that the classes should not be closed until "another trial" was given.

Trustees Elliott and Anglin both thought that the classes should be continued, and that steps be taken to get the men out to the classes.

Trustee Chown did not think the classes could be made a success. They had been a failure for two years. The men who should go to them were tired out at night, and would not go. Trustee Renton pointed out that the Board had given the sum of \$500 for the classes, and that the Government grant amounted to \$300, a total of \$800. Of this amount \$200 was now on hand, to run the rest of the term, and the committee was doing its best to get through on this amount. The classes for the ladies had been largely attended, and appeared to be the most important, and for this reason the committee did not feel like throwing away the money on the men.

It was finally decided to have the committee reconsider the matter and report.

The motion was moved by Trustees Farrell and Elliott and read as follows: "That the matter of the continuing of the male classes be referred back to the committee, with the desire that a special effort be made to continue the same. This was carried on the following vote:

Yeas—Trustees Anglin, Bell, Elliott, Farrell, Godwin, Henderson, Laird, McKay—8  
Nays—Trustees Chown, Monk, Mills, McLean and Sawyer—5

Mrs. Linden E. O'Neil, Deseronto, underwent a painful operation for catarrhal growths of the nose at the Hotel Dies.

## The Newer Styles For Women

Light weight soles—quite high heels—plain vamps—cloth tops are very popular—the sale for laced shoes is increasing, proving their popularity—we think we show the neatest, best fitting shoes in the city.

VAUDEVILLE AT THE GRAND.

Blanche Sweet Seen in Great Photoplay "The Clue."

That high-class vaudeville and photoplays are becoming the favorite entertainment for Kingston theatregoers is easily seen by the large audiences that nightly attend the Grand Opera House. Last night a splendid bill was presented before one of the largest audiences of the season. Blanche Sweet, a photoplay favorite, was seen in a pictorialization of the thrilling detective masterpiece "The Clue," a mystery that involves the secret military plans and almost causes the death of an innocent man. The other pictures shown were a two-reel Universal photoplay, "The Funny Side of Jealousy," a comedy picture, "Their Bewitched Elopement," the Pathe Pictorial News and the Pathe colored pictures.

The vaudeville consisted of Levere and Palmer in a harmony singing act that is hard to beat. Their singing of "The Rosary" was the best ever heard in the theatre, and won hearty applause. Miss Palmer recited James Whitcombe Bieley's "I Ain't Going to Cry No More," which was followed by Mr. Levere's song, "Poor Old Girl," and a duet both sang "As the Sands of the Desert Grow Cold," being loudly applauded and sang as an encore "The Glow Worm."

The same bill will be presented every afternoon and evening for the balance of the week.

### "KIDDIES" WILL ATTEND.

Board of Education Grants Them Half Holiday For Big Fair.

The "kiddies" will have a chance to see the Kingston Industrial Fair, R. J. Bushell, the manager of this big show, always looks after the welfare of the children. On Thursday night, he paid his annual visit to the Board of Education, and as a result of a little speech he made to the members, it was decided to grant the pupils in the Collegiate Institute and Public Schools, a half holiday on Sept. 29th, the second day of the fair, to take in the sight.

Trustee Renton, who moved the resolution, granting the request of Mr. Bushell, paid a warm tribute to the work of this energetic secretary. "I wish we had more men like Mr. Bushell to work for the fair," said Trustee Renton. He added that it was a pity the buildings at the fair grounds were not in a better condition for the holding of the fair this year.

## ISAAC ZACKS,

271 PRINCESS STREET.

### A Simple Way To Remove Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

### MILK VS. HOT WEATHER

THESE HOT DAYS You Cannot Be Too Careful With Your Milk.

Our Milk is thoroughly pasteurized, properly cooled, and delivered in sealed bottles.
