taken from us a highly esteemed lady in the person of Mrs. George Green. Some time ago she was stricken with a disease which baffled medical skill and, although everything was done that loving hands could do, it was of no avail and God called her to eternal rest on Sept. 16th. The deceased was a daughter of the late Robert Slack, Sydenham, and was born fifty-six years ago. THE SPORT REVIEW

London University, Dominion Junior champions, will play intermediate O.R.F.U. this fall.

The withdrawal of Varsity from rugby clears the way for the Big Four and O.R.F.U. It will improve their patronage, because there will be no clashes in dates.

"Tom" Clancy and George Church will likely represent Ottawa on the Interprovincial Referee Board this year. A vacancy was created through the departure of Lieut. "Eddie" Phillips for the front.

The Toronto Rowing and Athletic Club will place a strong club in the senior series of the Ontario Union. They expect to have the following: De Gruchy, Knowles, Zimmerman, Hobbs, Dode, Burkhardt, White Hoarse, Crawford, McBurnie, Richards, McLaren, Mooris, Duncan, Lajoie and Pettie.

The decision of the Intercollegiate rugby Union not to play this season will make the Montreal A.A.A. Argonauts and T.R. and A.A. teams stronger. Montreal are certain to secure the services of a number of McGill players, while the local senior teams are almost certain of getting a number of U. of T. players.

An unauthenticated hockey rumor is to the effect that Ottawa will trade Art Ross for Gordon Roberts. The rumor is that the Hamilton franchise will be transferred to either Cleveland or Pittsburgh until after the war.

The families of those members of the Hamilton Tigers who have enlisted for overseas service will be the recipients of season tickets. This is by way of reward for those who have each year purchased tickets. Tiger members who have enlisted are numerous, and there will be plenty of tickets given out. Secretary Bobby Kerr is busy now compiling the list.

The Hamilton Tigers this season will turn over all their surplus funds for general patriotic purposes. This action was decided upon at a meeting of the executive, following a recommendation to this effect made by the members' section. This means that the club will retain just enough from the receipts of all games, exhibition and otherwise, to defray actual expenses.

The complete record of Ty Cobb's ten years in major league baseball is a clear index of the wonderful ability of this diamond star. Cobb joined the Detroit Club on August 25th, 1905, and during the decade in which he has played for the Tigers has rolled up a grand batting average of .358 in 1,239 games. In this period Cobb went to bat 4,685 times, making 1,729 hits and 875 runs. He also has 185 stolen bases to his credit, an average of 48 and a fraction nearer.

George Adams, the long-distance runner, who held the ten-mile Canadian record from 1907 to 1912, has enlisted for overseas service with the 40th of Spornen's Battery. He was second in the fifteen-mile road race in Montreal in 1907. He is a native

One of the freak plays which occur occasionally in baseball featured the second game between the Philadelphia Athletics and Cleveland this week. It happened in the second inning, with Lajoie on third, two out and Healy at bat. There were two balls and two strikes on Healy when Garret made a pitch which struck in front of the plate, and the young Athletic player, showing signs of mental alertness made a swing at the ball and started off to first. Luckily for Cleveland, the ball struck Catcher O'Neil's protector and rolled out toward the pitcher, who recovered it in time to run to the base line and touch Lajoie, who was on his way home. Thus Garret saved himself a wild pitch Healy reached first on a missed third strike and Lajoie's out retired the side, all on one play.

Boston's Red Sox will go into the world series with as well-balanced an aggregation as ever faced the starting gun in an October derby, and undoubtedly will be a favorite in the betting. Boston had had quite an alien population for the past week—keen-eyed gentlemen looking for weaknesses or strength. The big bettors were looking at Carrigan's clan under fire.

The Tigers furnished the acid test. The series there was a world battle on a miniature scale, as on the outcome largely depended the American league pennant winner. And the lynx-eyed genius saw as class as exhibition of consistent baseball as was possible.

Boston has five pitchers—Wood, Leonard, Ruth, Shore and Foster—all pitching 700 ball for a season's average.

GERMAN CROWN PRINCE.

Was Keen To Fight the French Two Years Ago. London, Sept. 24.—Ian Malcolm, M.P., in a book entitled "War Pictures Behind the Lines," published to-day, relates a conversation he had with the Crown Prince of Germany at Berlin in January, 1914. The conversation, as reproduced from Malcolm's diary, reads in part as follows:

Crown Prince—After all, you British people ought to be better friends with Germany than you are. Mr. Malcolm—Sir, we are always ready to be friends, but to all our overtures your Chancellor replies with an invariable snub.

Crown Prince—How can we trust you whilst you are allied with such people as French or Russians? With us together we could divide Europe and keep the peace of the world forever.

Mr. Malcolm—But how would you propose to do that under our existing treaties?

Crown Prince—You could shut your eyes and let us take the French colonies. First of all we want them.

The interview closed by my making the trite remark that nowadays nobody wanted war with injured victors and vanquished, to which the Crown Prince vigorously replied: "I beg your pardon, I want war, I want to have a smack at those French swine as soon as ever I can."

At Tokio, preliminary court has found K. Hayashida, secretary of the Lower House of Parliament, and four members and thirteen former members of the House guilty of bribery in connection with an attempt to induce the opposition to support the Army Bill.
