Napanee

Sept. 27.—The annual meeting of the Napanee Red Cross Society was held Saturday afternoon in the Town Hall. A very enthusiastic and encouraging report was presented, showing that during the year past about \$4,000 had been collected by the Society, and that donations including cash and articles for hospital use, were valued at about \$700, had been made to Quetelet Stationary Hospital No. 5. Altogether about \$1,500 had been given in cash to various needy institutions and the balance had been spent in buying wool and articles necessary to make articles needed by the wounded soldiers. The officers elected for the coming year were: President, Mrs. A. W. Grange; 1st vice, Mrs. F. F. Miller, 2nd vice, Mrs. Rudd Perry, secretary, Mrs. George Thompson; Treasurer, Mrs. Herbert Daly. Representatives were present from the various Red Cross Societies in the county with the object of discussing the purchasing of a motor ambulance. It was finally decided that one should be purchased to be known as the Lennox and Addington Motor Ambulance, the cost of the vehicle will be about \$1,800 or \$2,000, and nearly half of that amount was subscribed and promised before the meeting was over.

A family quarrel between some residents on Water street resulted in the appearance of H. Hearns and William Hearns before Magistrate Rankin on Saturday on a charge of disorderly conduct. On a plea of guilty they were let go by paying \$4 costs each. An organ recital and concert was given Friday night in St. Andrew's Presbyterian Church under the auspices of the choir. William Hocking, a graduate of the School of Music, Plymouth, England, gave several selections on the organ. Miss M. Barton, Madoc, conducted vocal selections as also did A. Day and Bertram Weiss, while Miss Jean MacIntosh, Belleville, gave a number of recitations. The accompanists were Mrs. Bryae Black, Mrs. Moore and Miss F. Nesbitt. E. J. Corkill acted as chairman. The proceeds, about \$60, were in aid of a repairing fund. Daniel Lofy, wanted in Deseronto on a charge of assault, was arrested Saturday by Chief Barrett, and taken back to Deseronto by the Chief of Police there. George Greer met with an accident to his car while travelling along the road near J. Brandon's farm. The steering rod broke and the car went into the ditch and crashed into a fence. Fortunately the damage was very slight. The Pictou beverages proved too much for Charles Babcock, who imbibed a little too freely of them while attending the County Fair there; consequently he fell into the hands of the police. When he arrived back in Napanee, he was let off by paying the costs of the Court when brought before Magistrate Rankin.

ABOVE THE ORDINARY.

Good Maskinonge Fishing at Cape Vincent. Cape Vincent, N.Y., Sept. 27.—Cape Vincent is keeping up its reputation as a fishing ground, a distinction it has enjoyed for a good many years. A few days ago, E. J. Otis and Gordon Potter, of Utica, with Charles J. Roat as guide, made some extra catches in waters adjacent to this village. The first day they went out they captured a fine specimen of maskinonge that weighed twenty pounds, also three pickerels, the largest weighing twelve pounds. The next day they landed two maskinonge, tipping the scale at twenty-one and nine pounds respectively. For a number of years past these men have been fishing at Clayton, and during that time they state that they got but one small lunge. The fishing for maskinonge in the waters about Cape Vincent this year is above the ordinary, and hardly a day passes but what several nice specimens are landed by anglers.

Renfrew's Fine Fair.

Renfrew, Sept. 27.—The sixty-first annual exhibition of the South Renfrew Agricultural Society, which closed on Friday evening, was in every way the most successful in the history of the society. Thursday the attendance, despite some rain, was 7,900. Friday it was 8,000. The fair had different military touches, one of which was the presence of the 73rd Royal Highlanders' Band of Montreal through which several recruits were secured here. Speaking at the directors' luncheon J. C. Stewart, Dalmeny, Vice-President of the Fair Association of Ontario, said he regarded Renfrew as the best county fair in Ontario.

Several years ago deceased was stricken with paralysis. Since that time he has suffered five strokes, the last during the past week, when he was brought home from Watertown, N.Y. Deceased leaves a widow. Rev. Dr. Gracey, for the past thirty-seven years pastor of St. Andrew's Presbyterian Church, of this town, preached his farewell sermons to his flock yesterday. After the morning service the Communion service was conducted by Dr. Gracey. At the Sunday school service there was a grand rally. At the evening session Dr. Gracey's farewell words were spoken, words fraught with good will and good advice. During his residence in Gananoque Dr. Gracey has endeared himself not only to his own congregation, but to the entire population of the town. Rev. Father Cox, S.J., Loyola College, Montreal, opened a two weeks' mission in St. John's Church yesterday morning, and was greeted by large congregations throughout the day. THREE CHILDREN DIE WHEN HOME BURNS

Parents Leave Them Alone in House to Go Harvesting in Cornfield. Cornwall, Ont., Sept. 27.—While their parents were engaged gathering a corn crop, the three small children, aged five years, three years and three months respectively, of Mr. and Mrs. Cory Hollier, of Aultsville, were burned to death on Friday when their home was totally destroyed by fire. It was not known by the neighbors who endeavored to extinguish the fire that the children were in the house, nor were they aware of the whereabouts of the parents, but A. C. Fetterly, of Cornwall, who happened to be motoring in the vicinity, located them in a field almost a mile from their home. Mr. and Mrs. Hollier were distracted when they returned and found their little ones had perished. It is not known how the fire started, but it is supposed that the children had been playing with matches and had ignited some inflammable matter in the house.

NEW RECRUITING PLAN.

Rural District To Be More Largely Draw Upon. Ottawa, Sept. 27.—A new scheme of recruiting is under consideration, whereby the rural districts will be drawn upon to a greater degree than formerly. Authorization has already been given for the recruiting of 150,000 men in Canada since the war commenced, and so far there has been little trouble in recruiting the totals authorized. Already the greater part of the 150,000 men has been raised, the most of them being recruited in the larger urban centres. Men desiring to recruit from the rural districts have been compelled to come into town at their own expense. Should authorization be given for the raising of further numbers—and it is practically certain that it will—recruiting will be inaugurated at rural points. In connection with these places the following arrangement will be made: In small rural places with a population of less than 1,000 a minimum of 20 men recruited will insure the billeting and training of these men at the point in question during the winter months, or until they are drafted to other units for despatch overseas. In villages and towns of over 1,000 population a minimum of 50 will have to be raised before the privilege is granted. In towns with 4,000 population the enlistment must be at least 100, and in towns over 4,000 population a full half-company of 250 men will be required. Drill instructors are at present being trained for the purpose of drilling at these centres. Berdeau Purchased Hotel. Cape Vincent, N.Y., Sept. 27.—William O. Berdeau, who for the past three years has conducted the Broadway House in the eastern portion of the village, has purchased the Cape Vincent Hotel, and will take possession on October 19th. Mr. Berdeau will make extensive repairs to his new possession. Woman's Sudden Call. Deseronto, Sept. 27.—Mrs. B. Brintnoll, aged forty-seven, died suddenly of appendicitis before medical aid could be summoned.

CRISCO

For Frying For Shortenings for Cake Making

A Canadian Cooking Fat For Canadian Housewives

Patriotism sometimes leads us to buy a poorer product made in our own land in preference to a better product made on foreign soil. But when the better product is also the home-made product, there is double reason for choosing it.

CRISCO

For Frying For Shortenings for Cake Making

Crisco began its career in the States—yet for four years many Canadian women have used it because of its clear superiority for all sorts of cooking. Now it is made in Canada. The big factories at Hamilton, Ontario, are in operation. They were built by Canadian workmen, and are manned by Canadian labor. They are part and parcel of the manufacturing of the Dominion. The makers of Crisco are glad to put this fact before the women of Canada for their consideration.
