Inviting His Fate.

Rochester Post-Express.

Another tribe of the earth which is mourning now, and has good reason to; are the Armenians, scores of thousands of whom are being deliberately exterminated by the Turks. In an address just issued Viscount Bryce, the historian, gives facts to show that at least a half a million of these Asia-Minor Christians have been murdered or deported to desert regions under conditions of such brutality that those who were not slaughtered on the way are dying by thousands of ill treatment, starvation and disease. Their crime in the eyes of the Turks is that they have clung to their primitive faith tenaciously for nearly 2,000 years, resisting all inducements to embrace Islam. If anything were needed to reconcile the world to the break up of the Turkish empire and the parceling of its assets among nations who will govern the inhabitants more justly it is this new evidence of the intolerance, inhumanity and inhumanity of the Turk. Blinded and heading he is rushing on his fate.

Judge Middleton permitted the appointment of a commission to take evidence in New York in connection with the Walkerville dynamiting case.

A man never knows what a woman thinks of him—nor does she. Every time some people bury the hatchet they dig up a hammer.

Some people try to raise the wind by blowing about their prospects.
