Sharply at one o'clock commenced the judging and an excellent programme of sports which was conducted by A. Thompson, Reeve of Olden Township; W. J. Thomlinson of Sharbot Lake; Mr. Williams of Arden; Lieut. Wagar of Wagarville, and Mr. Smith, school teacher of No. 3. Olden. Mr. McDonald's Grove, which was willingly granted by Mr. McDonald, made a very good place for the judging of the live stock and sports, due to its proximity and adaptibility for this purpose.

Charles Shibley, Harrowsmith; M. R. Reid, M.A., I.P.S.; Mrs. W. P. Black and Miss R. Goodfellow, Parham, acted in the capacity of judges, Frontenac Branch of the Department Earl E. Ruttan. it taking them about three hours to sive and so close were the exhibits.

### How Crisco is Made

Of one thing, and one thing only, Crisco is made. This is a selected portion of the very highest grade vegetable oil-the cream, you might call it.

No animal fat is added to "stiffen" this oil, as is done in the case of lard compounds.

The oil is put through the special Crisco process, by which pure hydrogen is added to it.

Then it is strained over and over again, until the least possible impurity is taken out.

This pure, sweet, creamy fat is as rich and as digestible as the best of creamery butter-and is much to be preferred to any "mixed" cooking fat.
