

THE "BANNER YEAR" IN WORLD SERIES GAMES

The Coming Games Between Red Sox and Phillies Will Be the Twenty-Fourth Series to Be Played For the Premier Title of the Diamond.

New York, Oct. 5.—Although thirty-one years have elapsed since the first battle for the baseball championship of the world was won by the Providence R.I. "Grays", there were several years in which the struggle was not repeated...

CATCHER PORRIEST, CADY. Of the Boston Red Sox, formerly with Newark Indians, who will figure in the world's series this year. He is a good hitter.

American Association of that year. Unavoidable lapses occurred in eight of the subsequent seasons. There was no competition for the world's honors in 1891 or 1893.

In 1905, however, the two major leagues arrived at an understanding after the matter had been thoroughly discussed during the winter months, and the world's championship competition was placed on a solid basis.

Under these new conditions the post-season games were resumed and they have been played every year regularly since 1905. In the fall of that year the New York Giants defeated the Athletics of Philadelphia four games to one and scored the first winning of the world's title under the new regime.

Then followed the great eight game series between the Boston Americans and the Giants. Probably for a long time to come 1912 will be remembered as the "banner year," as in addition to a tie game with the Red Sox players, several of whom are still in the Boston line-up, went the limit and forced Manager McCraw to a four to three defeat.

Western University and Hamilton Tiger intermediates will play an exhibition Rugby game at London on Thanksgiving Day.

The pitching records of the International Baseball League show Beebe, of Buffalo, the leading twirler. He won twenty-five games out of thirty-two.

Much of the credit for the renewal in the lacrosse game must go to Joseph Lally, of Cornwall, who conducted a boosting campaign at his own expense throughout the different provinces, and did a lot to help the sport along.

Ottawa, which at one time was the greatest of all lacrosse burghs, played an exhibition game lately for the benefit of the Red Cross Fund, and it took so well that they will likely be back in the N. L. U. next season.

Toronto Star: If Major R. F. Massey, of the Aquatic Battery, can secure the exchange of "Bill" Smith and Thorne, the Beach paddlers, from the 92nd Battalion, now at Niagara, he will have practically the entire Beach war canoe crew, which cut such a big figure in canoeing circles this season.

Hamilton Spectator: "Ben" Simpson, who is, along with "Bob" Isbester, coaching the Tiger squad, is quite satisfied that the yellow and black will be hard to beat in the battle for the Big Four honors.

Cyclone Taylor is slated to manage the Seattle Hockey Club, in the Pacific Coast Professional League. There is a new arena being built in Seattle. The transfer of one of the Victoria ice-making plants to Seattle has been completed, and everything will be ready for the opening of the hockey season the first week in December.

Cocher Shaughnessy, the Ottawa football coach, is experiencing a great deal of difficulty with the backfield situation. The candidates out for the positions behind the line are scarce, and those that are on hand are, with two exceptions, nothing to enthuse about.
