

Berlin Fears New Moves By The Allies

BULGARIA SENDS WARNING TO GREECE

Regarding Allies Landing At Salonika--Kaiser Going to Serbian Front--The Greek King Must Do One Thing or the Other.

(Special to the Whig.)

Sofia, Oct. 9.—Bulgaria's favorable opinion of Greece will no longer be justified unless the latter changes her attitude concerning recent events at Salonika—the Allies' landing, the Bulgarian minister at Athens was instructed to-day to warn the Greek Government.

He was directed to say: "Bulgaria cannot accept responsibility for the future if there is no change."

What the Greek King Must Do.

(Special to the Whig.)

Petrograd, Oct. 9.—Though officials here said the new Greek Cabinet had made an excellent impression, the newspaper Retch asserted: "Sooner or later King Constantine will be obliged to stake his crown on the German card or reconcile himself with Venizelos, the ex-Premier, who was crowded from office because of his pro-Ally views."

Kaiser To Go to Serbian Front.

(Special to the Whig.)

Amsterdam, Oct. 9.—The Kaiser is about to leave for the Serbian front, it was reported here to-day from Berlin.

ALLIES MAKE BIG GAINS AND BOMBARD HEAVILY

(Special to the Whig.)

London, Oct. 9.—From vantage points which the French wrested on Friday from the Germans south of Tahure, a furious bombardment was being directed to-day against the Teutonic trenches.

Le Trepass, one of the captured positions, was mentioned in despatches from the front as an especially important French gain.

Artillery operations to-day plainly were part of the programme of clearing the German trenches ahead for continued advance.

In the Loos region the indications were that the British had decisively checked the German attempt to recover previously lost positions.

Tremendous German Losses.

(Special to the Whig.)

Paris, Oct. 9.—Tremendous German losses in the Kaiser's offensive around Loos on Friday were shown in to-day's official summary of the results. The Germans were described as attacking in three dense lines, followed by many columns. The French artillery wiped them all out.

Other violent German attacks about Neuville and St. Vaast were also completely repulsed.

The Germans captured part of the first line of French trenches near Leintrey Friday night in the course of a series of reconnaissance attacks.

THE 8TH C.M.R. REVIEWED BY DUKE OF CONNAUGHT

(Special to the Whig.)

Ottawa, Oct. 9.—For a few brief hours the 8th C. M. R., one of Ottawa's contributions to the Canadian expeditionary overseas force, visited the city yesterday afternoon. After a tedious journey from Kingston, the battalion over 600 strong detained at Central station, and were greeted by a large crowd, who anxiously awaited the home coming of the boys.

The 17th soup kitchen was eagerly on the scene, and the soldiers were given soup and minor refreshments. Then they formed up and were marched to Parliament Hill.

H. R. H. the Duke of Connaught reviewed the battalion on the hill at 3 o'clock, and was accompanied by his staff, Premier Borden and members of the Cabinet.

The men lined up at the right of the main building and the Duke took

the salute coming past. He was much impressed by the smart appearance of the men, who despite their fatiguing train journey, showed to great advantage in their review.

All the Ottawa officers and men of the battalion were present and the Hill was comfortably filled by a crowd of friends and enthusiasts. Lt. Col. Munro, Captains Askwith and Blue, and other officers were heartily cheered as they marched past.

The 7th band met the 8th at the station and escorted them to the Hill, under the direction of Bandmaster Brown.

H. R. H. complimented the men on their fine appearance, shook hands with the officers, and spoke personally to some of the men.

Following the review the men were released from duty for an hour to visit their friends, and left the city later in the day.

Allies Likely Making Move Against Turks

(Special to the Whig.)

London, Oct. 9.—The German press suggests that the Allies, despite the landing of troops in Salonika are preparing for more energetic operations against Turkey in the hope of smashing her before German assistance arrives, and that Italy may take part in these operations.

There still are three months of good weather ahead for any new movement against the Dardanelles or for operations in other parts of the Aegean district while the Russians under Grand Duke Nicholas are expected to force matters in the Caucasus and the British to push along to Bagdad.

Robert Russell Loscombe, K. C., far about seventy years a resident of Bowmanville and a widely-known barrister, died Thursday aged eighty years.

Allied Fleets In the Aegean And Black Seas

London, Oct. 9.—Allied fleets already are reported off Bulgarian ports in the Aegean and Black Seas, and, in view of the possibility of a Russian landing on the Black Sea coast of Bulgaria, it is stated that a Turkish army is being sent there so that the Bulgars will not be called upon to fight their old friends and protectors.

What assistance Italy will lend her Allies in the new venture forced upon them in the Balkans is not disclosed, nor has any change in the policy of Roumania been announced.

No Fall Session.

Ottawa, Oct. 9.—It is pretty generally accepted now that there will be no fall session of parliament. Sufficient financial appropriations have been made to carry to the end of the year.

ENGAGEMENT OF PRESIDENT WILSON AND MRS. GALT.

Photo taken during the baseball season just closing shows President Wilson and Mrs. Norman Galt, widow of a prominent jeweller of Washington, D.C., and formerly Miss Bolling, of Virginia, whose engagement to marry was officially announced at the White House recently, examining a baseball just before the President started the game by tossing out the ball.

KING WOULD ABDICATE?

Threat Alleged, If War Should End In Inconclusive Peace.

New York, Oct. 9.—That King George of England threatened to abdicate if Premier Asquith consented to an inconclusive peace is the assertion made in yesterday's Sun and attributed to a passenger just arrived from England on the liner New York. The story quotes King George as saying to the Premier:

"If ever this war ends in an inconclusive and disgraceful peace, I shall abdicate the throne. I would never continue to occupy it or to allow one of my children to occupy it if such an eternal disgrace and humiliation were to be inflicted on the British Empire in this war, and for us an inconclusive peace means defeat."

Allied Troops Will Assist In Macedonia

London, Oct. 9.—The efforts of Austria and Germany to force their way through Serbia to reach the near eastern seas and join hands with their Turkish allies have produced one of the most interesting situations of the war.

The Austro-German troops already have gained a footing on Serbian territory, but they have not as yet come into touch with the main Serbian army, which is entrenched in the mountains just beyond the rivers while the Anglo-French force which was landed at Salonika is making its way northward to assist the Serbs and to protect Macedonia from a threatened Bulgarian invasion.

The landing of British and French troops is proceeding despite the change in the Greek Government.

The ministers of the Entente Powers at Athens have asked Greece to define her policy with regard to the Balkan situation, but the premier, Alexander Zaimis, has answered that he will be unable to do this until a meeting of the Cabinet is held. There is, however, evidence that Greece will maintain a policy of benevolent neutrality towards the Allies.

GIVEN FIRST CALL ON CANNED MEATS

Entire Canadian Output is Offered to the British War Office.

Ottawa, Oct. 9.—The Government has offered the entire possible Canadian output of canned meats to the War Office for army and navy purposes. The prices quoted are not disclosed. The offer has been sent by the Minister of Agriculture to Sir George Perley, following an investigation of the live stock situation by Mr. Burrell. If the War Office accepts the offer the supplies will be sent forward in monthly shipments for the next six months. It is probable that the War Office will also place in Canada large orders for dressed beef, regarding which negotiations have been in progress for some time. If orders are placed here for both dressed beef and canned meats the effect will be to stimulate the live stock industry.

German Soldier Eighty-One Years

Berlin, Oct. 9.—The oldest German soldier, Dr. Herwig, a military surgeon, eighty-one years of age, is now at the front, says an announcement by the Transocean News Service.

Dr. Herwig took part in the war of 1870, and volunteered at the beginning of the present war.

No German Organ For Church.

Windsor, Oct. 9.—St. Andrew's Presbyterian Church has decided to cancel a contract with the German firm for a \$15,000 organ, ordered before for the war. It is hoped to recover \$2,500 already paid on the instrument by legal proceedings after the war.

Sixth Son Goes To War.

Hamilton, Ont., Oct. 9.—Mr. and Mrs. J. J. Chappell said good-bye to their sixth and last son to go to the war. George Chappell had five brothers at the front, but the number was reduced to four when the oldest was killed in a charge by the Canadian troops.

CHAPLAINCY QUESTION.

Church Times Calls For Resignation Of Chaplain-General.

London, Oct. 9.—Discussing the question of recognition of Salvation Army chaplains, Commissioner Lamb has expressed satisfaction with Lord Newton's assurance, given in the House of Lords, that the Army Council is ready to receive the duly commissioned Canadian chaplains of the Salvation Army. It appears that the status of the Salvation Army as a church was questioned by the Chaplains' Department of the War Office and three Salvation Army chaplains from Canada, two of whom were attached to Ontario battalions with the second Canadian division, were not permitted to proceed to the front. The Salvation Army headquarters communicated with Major-General Sir Sam Hughes, who was entirely sympathetic, and he supported their claims for recognition in their spiritual ministrations as well as in their tent work.

The chaplaincy questions are causing much trouble. The Church Times is grumbling that the Church of England is unfairly represented, and calls for the resignation of the Chaplain-General as a protest.

PAINTING OF KAISER.

Turned Face To Wall By Military Official At Ingersoll.

Woodstock, Oct. 9.—A most interesting incident of the Ingersoll Fair, and one which up to date has not been given very much prominence, was the awarding of a first prize in the art collection to a painting of Kaiser Wilhelm of Germany. It almost seems incredible that in times like the present such was the case, but the fact remains. It certainly must have been the eyes of an artist who awarded that prize, but there were others present who for obvious reasons were not allowed to see the picture. An officer of the 71st Battalion who is in training for overseas was one of these latter, and seeing the picture with the red ticket attached, promptly turned it to the wall. The incident has created a deal of excitement both locally and in Ingersoll.

ENEMY CANNOT REINFORCE.

The German Rear Formations Are Paralyzed.

Paris, Oct. 9.—Soldiers wounded at the capture of Tahure, now arrive in Paris, all are of the opinion that the French are gaining the upper hand not only through their artillery, but because of the gallantry and dash of the infantry.

"At the rate things are going," said a wounded sergeant-major, "it will be a long time before the Germans are in a position to think of a counter offensive. Our heavy artillery 'sprays' their rear formations, paralyzing the bringing up of reinforcements and supplies to such a degree that the last prisoners captured at Tahure had not eaten in more than forty-eight hours, and had no cartridges in their pouches."

GERMANY NEEDS COPPER.

Chandlers, Lighting Apparatus and Works of Art Confiscated.

London, Oct. 9.—The German ministry has announced that owing to a scarcity of copper all chandlers and lighting apparatus, as well as works of art, such as statues, will be taken over by the Government, says an Amsterdam despatch. Lighting appliances not daily use will be taken first, but it is stated that the Government soon will have to seize all the copper in Germany.

Corpl. Haunts Is Wounded Second Time

Mrs. James Haunts received word that her husband, Lance-Corporal James Haunts, had been seriously wounded, and is in Norfolk and Norwich Hospital, England. Mrs. Haunts and child still reside at 256 Rideau street. Mr. Haunts was wounded before in the battle of Uegrenier.

BID FOR QUEBEC POTATOES.

Quebec, Oct. 9.—Hon. J. E. Caron, Minister of Agriculture, received some days ago from Dr. P. Pelletier, representing the Province of Quebec in London, a cable asking a price on an order for 10,000 tons of potatoes delivered at Havre. It is probable that the potatoes were for the British army in France.

The Minister at once responded that it would be very difficult to guarantee the delivery of 10,000 tons. Later Dr. Pelletier cabled for a price of 2,000, 4,000, 6,000 and 8,000 tons, delivered at Quebec or a New England port.

Would Leave Houses.

London, Oct. 9.—Commenting upon the acidity with which the damage wrought by Zeppelins is being repaired, the Globe suggests that these buildings be left alone. "Let the shuttered houses remain as mute witnesses to German frightfulness, and as a call to the English never to forget," says that journal.

Bishop Of Maine.

Boston, Oct. 9.—Right Rev. Robert Codman, Bishop of the Episcopal diocese of Maine, died at a hospital here on Wednesday. He had been unconscious since an operation several days ago.

Frost In Manitoba.

Winnipeg, Oct. 9.—Nearly a month later than ordinarily, the first frost of the season struck Winnipeg on Wednesday night, six degrees being officially registered.

TEUTON ADVANCE IS AGAIN BLOCKED

By Serbians And British Naval Contingent-- Russians Have Made Gains in Dvinsk Region--British Submarine Sinks German Transport in Baltic.

(Special to the Whig.)

Paris, Oct. 9.—So decisively have the Serbians, with the aid of a British naval contingent, defeated the Austro-Germans who tried to capture the Belgrade-Constantinople railway, to-day's despatches from Nish asserted, that it was predicted that no further advance would be attempted until General Von Mackensen is heavily reinforced.

Gains Around Dvinsk by Russians.

(Special to the Whig.)

Petrograd, Oct. 9.—In fierce fighting in the Dvinsk region, the balance of the latest gains have been in Russia's favor, said the official statement issued to-day. There was no vital change in positions.

The Russians' captures included an armored train, with 1,800 prisoners and many machine guns. Fifteen hundred prisoners were taken near Loutsik, and several villages. At a few points German progress was admitted.

From the Drisvyatitza river crossings to the Smorgen region a "protracted battle" was reported raging.

Details were lacking of the destruction of a German transport by a British submarine in the Baltic, but it seemed to be probable.

Off the Schlock region, Russian warships silenced German shore batteries and destroyed their launches.

Key In Hands Of the Entente Says Temps

Paris, Oct. 9.—The semi-official Temps sums up French opinion of the Greek "coup de theatre" in a phrase: "The difference of views between the King and Prime Minister Venizelos may have considerable consequences for Greece, but cannot impede our Macedonian expedition, which is proceeding."

It is considered that the presence of the Allied forces gives the Entente Powers the key to the situation, as the Temps continues Greek acceptance of virtual collaboration renders their pretense of no effort. The Allies are on their way to help Serbia. If they disembark in sufficient numbers—as it is asserted they will do—the possible opposition from the King can be ignored. The Temps concludes: "The expedition is now a fact. Facts alone count in the Balkans. It we proceed promptly and strongly the crisis shaking the whole peninsula will terminate in our favor."

War Tidings.

Forty high-rank officers were on Friday despatched to all quarters of France by the Minister of War to see that all the French people are doing their duty.

Three sons of General Edouard De Curieres De Castelneau have lost their lives at the front. Two of them were killed some time ago, and the death of the other, Second Lieut. Hugues De Castelneau, who was wounded in the recent fighting in Artois, was announced Friday.

Lieut. Stanley H. Kent, of the 10th Battalion, has captured a German flag, for which action he received the thanks of Gen. Alderson. He joined the Alberta Dragoons as a private, but was recently commissioned.

FRENCH OFFICIAL

Tells of Battling Along the Western Front.

(Special to the Whig.) Paris, Oct. 9.—Western Argonne, French batteries silenced a German bombardment of Gallic trenches.

Throughout Friday night there were occasional intense cannonading along the Libons, Quiennes and Nouvion sectors.

East of the Navarin Farm the Germans made a fierce counter-attack, which was repulsed. The same fate met similar German rushes against positions south of Tahure, taken by the French on Friday.
