ON BARRIEFIELD HEIGHTS WITH THE OVERSEAS TROOPS

The organizing and training of a battalion for overseas service is being accomplished at Barriefield camp despite all kinds of setbacks in a way that is a credit to every officer at the camp and it is to the officers that credit is due.

LIEUT. VERNON CROTHERS, son of W. J. Crothers, who went overseas with the 8th Regiment, C. M. R.

the camps and it is on record that soldiers drafted from units at Barriefield camp have gone to the front with less than three weeks training in England.

Canada has a reputation for training civilians to become soldiers in a shorter time than can any other nation. This record is one to be proud of and is a credit to the Canadian Militia authorities that such can be accomplished.

A soldier is taken on as a raw recruit into one of the units at Barriefield camp. He is put into a recruit class and in a few days of intelligent teaching he is taught to be a soldier and then is drafted into the ranks. If he shows unusual ability he is provisionally appointed a lance-corporal and gradually earns more stripes. Then he is given a course as non-commissioned officer and learns that most technical part of the work so that he will be able to instruct his men.

When the Whig representative was walking through the lines of the 80th Battalion on Thursday afternoon, he met a private named in his arms a jet-black cocker spaniel, a few weeks old, exhibiting its ability to amuse people to a crowd of soldier-spectators. The dog proved to be the mascot of "B" company and known to the soldiers by the initial "B".

The road in the rear of the 80th Battalion lines is being greatly improved by the laying of cinders. The lines of the 80th due to a number of improvements both in the back and front are now as good or better than any in the camp and even when the ground is very muddy are high and quite dry.

Lieut. Stanley Driver, Army Service Corps is making arrangements for the "At Home" which is being held before the camp closes by the officers at the camp. The dancing will be in the City Hall.

The 59th Battalion will take a route-march on Friday afternoon.

The 80th Battalion under command of Lieut.-Col. Ketchum took a route-march as far as the "Forty-foot" road on Thursday afternoon and to give the battalion credit they did splendidly.

The 59th Battalion band will play at the foot-ball matches between the soldiers at the camp, Queen's University students and the cadets of the Royal Military College.

Lieut. L. H. Birkett arrived on Monday to report to the 80th Battalion for duty and instruction. Lieut. Birkett is the son of J. H. Birkett of the Locomotive works.

The officers who are going overseas with the drafts from the three artillery batteries are: 32nd Battery, Lieuts. Wallbank and McLaughlin; 33rd Battery, Lieuts. McLaren and Huyeke; 34th Battery, Lieuts. McCallum and Latchford.

Seventy-five recruits for the 80th Battalion arrived, on Wednesday and after being examined and equipped were taken on the strength on Thursday.

Lieut. Charlsson, Army Service Corps has returned from Ottawa.

The School of Cookery opened in the 80th Battalion lines on Thursday, under Sergt-Major Kerrison of the Royal Military College.

Major Kerrison is known over Canada as an experienced and efficient military cook and there is no doubt but that the graduates from the school of which he is head will be well-instructed in their difficult duties. The good cook can "make or break" a company by keeping the men satisfied or dissatisfied and the course in cookery under an experienced man is a good venture.

Lieut.-Col. S. A. Thompson, Royal Military College, gave a lecture to the officers of the 80th Battalion on Friday morning.

Frank Collins, an employee of the Chateau Laurier, Ottawa, has enlisted with the 59th. His enlistment makes the fifth member of the family who is in the service of the Empire. Billy and "Bun" Collins, both from Ottawa, are now overseas. One brother is in the Imperial army and another in the navy.

The examinations in the Provisional School of Infantry commenced on Friday and will be finished by Saturday afternoon.

There are now eight soldiers in the Convalescent Home at "Elmhurst." Soldiers from the Canadian Expeditionary Force who through service have become medically unfit are being put into the Home to recuperate. Six of the eight are members of the C.E.F. in Canada.

ACTIVE RED CROSS WORK. Being Done at Yarker, Moscow and Colebrook.

The ladies of the Red Cross Society of Yarker, Moscow and Colebrook realize that the wounded soldiers are in need of many things, and are endeavoring to raise money in various ways.

Last May the society raised about \$200, which was handed over to the head of the Red Cross Society of Canada.

It is the intention of the ladies that \$100 of the sum raised will be given towards buying the motor ambulance which is being donated by the people of Lennox and Addington.

On Wednesday afternoon a number of Yarker ladies went out through the district and sold tickets and received donations for the tables.

On Tuesday, Oct. 19th, the ladies are planning for a big tea and concert to be given in the large hall owned by the Benjamin Company at Yarker. Prof. W. Mulloy, Kingston; W. J. Paul, Napanea; Messrs. Caracellan and Smith, Enterprise; Mr. Aylesworth, Deseronto; and Mr. W. R. Dunn, Yarker, will contribute to the programme.

Death At Stella. The death occurred at Stella, Amherst Island, on Friday, Oct. 8th, of Mrs. Luizen Beaubien, aged eighty years. Deceased was born on the Island, and resided with her daughter, Mrs. Thomas Smith. Her husband died some years ago. Her maiden name was Elizabeth Bray.

She is survived by three sons and five daughters: Joseph and Peter, Detroit, Mich.; Alexander, of the Island; Mrs. B. Burns, Sandhurst; Mrs. T. Baker, Mrs. W. J. Beaubien and Mrs. T. Smith, all of the Island. The funeral took place on Sunday afternoon from the residence of deceased's daughter, to St. Paul's Presbyterian Church, and thence to Glenwood cemetery, at Stella. Rev. James Cumberland officiated at the service.

The pallbearers were R. Killysabr, K. Tugwell, W. McDonald, Capt. H. Saunders. The remains were taken to the vault by an old friend of the deceased, Caleb Tugwell. Among the relatives present from a distance were Peter and Joseph Beaubien, of Detroit, Mich.

The late Mrs. Beaubien was very highly respected throughout the township. She had resided in the village for the past eight years, and for the past year had lived with her daughter, Mrs. Thomas Smith. She was a Presbyterian in religion, and a member of St. Paul's Church. The funeral was very largely attended.

Assisting Ambition

Men of ambition—with the desire to forge ahead—need revitalizing food to help them to compel success. Grape-Nuts (Made in Canada) is a success food. It is made from whole wheat and malted barley and, pound for pound, contains far more "go" and "get there" than ordinary foods.

It retains all the nutrient of the grains, including their natural mineral salts—Phosphate of Potash, etc., often lacking in ordinary food, but essential to thorough upbuilding of sinew, brain and nerves.

Grape-Nuts is partially pre-digested and agrees with all. It's the ideal vigor-food for child and adult.

SAYS HE IS MANTELL, JR. Man Who Tried To Commit Suicide In Buffalo.

Buffalo, Oct. 15.—A man who says he is Robert Mantell, Jr., of New York, a son of the Shakespeare actor, is locked up in a police station here on a charge of attempted suicide. In a statement to the police, he said he wanted to die because his money was all gone, and he could not get work.

"I am out of funds, and my friends have all left me," he said. Mantell came to Buffalo about a week ago, and enrolled at the State Employment Bureau for work. He told the clerk in charge he was a son of Robert Mantell, the actor, that he was 32 years old, and down and out. A farmer was in the office at the time, and he was attracted by the story the man told and offered him a job as a farm hand. Mantell accepted it eagerly.

Evidently he did not keep his promise to report at the farm. He has been staying for several days at a Pearl street rooming house. Late this afternoon he walked down the street until just opposite the police station. Then he pulled a bottle containing tincture of iodine from his pocket and drank it. Two policemen saw him and ran to his aid just as he fell. An ambulance was called and the man was rushed to a hospital. An hour later the surgeon said the man was out of danger. Mantell was sent back to the police station, and locked up. He begged the police not to let his family in New York know of the deed.

HUNGARY NOT ENTHUSIASM. Balkan Adventure Is Not Destroying Russian Armies.

Budapest, Oct. 15.—There is no enthusiasm in Hungary and even less in Austria for the fresh enterprise undertaken from strategic or political reasons in the Balkans. The people are, of course, delighted to have Bulgaria on the side of the Central Empire, but they are concerned to see their own people employed in an adventure far more "go" and "get there" than ordinary foods.

This has not been accomplished, as every sane minded person now realizes, and as they cannot see in the new enterprise anything else but German political ambitions in the Near East—ambitions with which Hungary has nothing in common—those representing public opinion in Hungary outside the limits of the army are not only not enthusiastic but somewhat weary.

Exchange Is Detrimental. London, Oct. 15.—The rate of exchange is reacting to the detriment of Canadian war contracts on this side. It is said that one contract for \$50,000 fell through a few days ago, solely on this account. It is felt that the Dominion Government should take steps to obviate the difficulty.
