### WAS HIT IN THE EYE

LIEUT. EDWIN BAKER WAS SERIOUSLY WOUNDED.

He is Now in An Hospital in France—His Father Received a Telegram From the Militia Department at Ottawa.

That his son had been seriously wounded was the message that John Baker, who lives about four miles from Collins Bay, received in a telegram sent to him on Friday from the Militia Department at Ottawa.

Lieut. Edwin Baker, Queen's University graduate, was attached to the 6th Divisional Engineers. He was wounded in France on October 10th. The bullet struck him in the eye, and he is now in a very serious condition in an hospital in France. He is twenty-two years of age, a well-known young man in this district, and his many friends were grieved to learn of the mishap.

He graduated at Queen's University last spring, and before entering his university course attended school at Napanee and Bath. He was a member of No. 5 Company (Queen's) Engineers for some years, and when war was declared, offered his services for the front. He attended camp at Valcartier, was in barracks here all last winter, and was also at Barrieffield Camp for a short time. He waited his chance to go overseas, and was finally selected.

Lieut. Baker was very well-known in Kingston, and held in very high esteem by all his friends. He was president of the Wesleyan Club of Sydenham Street Methodist Church. He was also a member of Sydenham Street Bible School basketball team.
