

## Greece Told Of The Allies' Balkan Plans

### ENEMY MAY FAIL TO REACH TURKEY

#### The Situation in the Balkans Makes the Allies Hopeful That the Attempt to Reach Constantinople May Be Frustrated.

London, Oct. 19.—The reports that the Allies have occupied Strumitsa and landed at Enos, which was recently transferred from Turkish to Bulgarian rule, has caused a more optimistic feeling throughout the Allied countries.

As to the progress of the Near Eastern campaign, it is known from both Serbian and German accounts that Field Marshal von Mackensen's army is meeting with greater resistance than was expected and, although it is probable that the Serbians eventually must fall back on stronger strategic positions in the north, the fact that the Allies are bringing heavy forces against the Bulgarians and so placing them that the Bulgarians will be compelled to divide their armies, gives hope here that the Germans may be balked in their latest attempt to reach the sea by bringing assistance to the Turks.

All along the line the Serbians and their Montenegrin neighbors, who are also being attacked, are offering very stubborn resistance to both Austro-Germans and Bulgarians, and while they have given up a number

of towns and positions they have not yet reached the line on which they expect to make their stand.

#### Bulgarian Progress Small.

The Bulgarians, so far as can be learned, have made progress only in the Zlotokopska valley, near the river Morava, north of the town of Vrnja, where they blew up a bridge. There is no confirmation, however, of the report that they cut the railway in this district, the bridge which they destroyed being a small wooden one near the railway. The Bulgarian force which penetrated the valley is not a large one. On the other hand, it is pointed out, the capture of Strumitsa is of real strategic value, as its occupation permits the defense of the southern end of the railway and compels the Bulgarians to keep a force there. Enos, too, is of value, as although not a good landing place, its occupation threatens Dedegatch, which has a great harbor and is fortified and mined. The civilian population has already left Dedegatch, which is entirely in the hands of the military, under German officers.

CHLORIDE OF LIME FOR THE BRITISH FRONT.

English workmen in a munition factory near London packing chloride of lime for shipment to the front. Note that they wear respirators. These packets may be for disinfectant purposes or for making chlorine gas to attack the enemy.

### Allies Decide As To How Italy Will Aid

(Special to the Whig.) London, Oct. 19.—The most effective method for Italy to co-operate with the British and French in the Balkans is being considered by the Allies, Minister of Munitions Lloyd George told the House of Commons to-day.

It is understood here that the decision of the Entente powers to send large reinforcements to the Balkan front has been communicated to the Greek Government in the form of a friendly note from the British and Russian Ministers, in which the plans of the Entente powers are outlined and which also pointed out the Greek's obligations under the terms of the Greek Government.

### Zeppelin Crew All Killed In Collision

(Special to the Whig.) Liverpool, Eng., Oct. 19.—Collisions with a factory chimney at Maudsley killed all the crew of a Zeppelin, in though it also demolished the chimney, according to a Paris message received here to-day by Pilkington Bros., the factory's English owners.

#### War Tidings.

Germany has apologized to Holland and Switzerland for the passage of Zeppelins over their territory. Turkish ammunition is very scarce. It is said that the big guns at the Dardanelles have only sixteen shots each to fire.

Late despatches from the front on Monday reported no change in the positions of the Allied troops, despite the heavy German attacks.

A Berlin despatch says that the abandonment of the Dardanelles campaign by France and Great Britain already has been decided upon.

Austrians Think They're Winning. (Special to the Whig.) Berlin, via London, Oct. 19.—An Austrian statement says to-day: "We have repulsed the Russian attack in the Styria river region. The battle is progressing favorably for us."

#### GERMANS TOOK TOWN.

Southwest of Belgrade, a Berlin Report Says. (Special to the Whig.) Berlin, via London, Oct. 19.—The capture of the town of Obranovac, forty miles southwest of Belgrade, by forces of Field Marshal von Mackensen, and a further advance of the Teutonic army to the heights south of Belgrade, were reported by war office this afternoon.

#### SEIZED SWEDISH VESSEL.

And Escorted It to Port of Revel, Russia. (Special to the Whig.) London, Oct. 19.—British submarine has seized the Swedish steamship Nike, one laden, Sweden to Germany, and escorted it to Revel, Russia, according to a Stockholm despatch to-day.

The first alien to be interned from Waterloo county is Gebhard Schofield, who tried to send money to Germany.

### SERBS AND BULGARS IN BLOODY BATTLE

Athens, Oct. 19.—A bloody battle between the Serbians and Bulgarians still raged to-day along the ten-mile north and south line between the Serbian towns of Zvezdica and Ristovat.

The line is about thirty-five miles within the Serbo-Bulgarian frontier and two-thirds of the distance northward from the Serbo-Greek frontier, along the Salonika-Nish railway.

#### Italian Fleet On Its Way To Help Allies

(Special to the Whig.) Rome, Oct. 19.—It was reported that an Italian fleet was steaming already to help the British and French in blockading the Turkish and Bulgarian Aegean Sea coasts, in covering the landing of Allied troops at Enos, and perhaps in the bombardment of the Bulgarian port of Dedegatch.

#### Push the War At All Points With Vigor

(Special to the Whig.) Dublin, Oct. 19.—From Attorney-General Sir Edward Carson's resignation of the British cabinet and Gen. Sir Charles Munro's appointment as successor to Gen. Sir Ian Hamilton in command of the forces on the Gallipoli peninsula, the Irish Times inferred to-day that the British Government means to push the war at the Dardanelles, as well as elsewhere, with renewed vigor.

#### Two German Steamers Were Torpedoed By British Submarine In Baltic

(Special to the Whig.) Stockholm, Oct. 19.—A British submarine to-day torpedoed the German steamships Fernambuco and Soderhamm in the Baltic, sinking the former vessel.

#### Mob Children Whose Father Is In Uniform

Mrs. George Phillips, "Trader's Hill," Elginburg, has sent a very pathetic letter to George Hunter, J.P., asking for the protection of her children from a mob that bothers them continually. Mrs. Phillips writes that hers is the only English family in that vicinity. Monday evening her three children, while at the village two miles away, were mobbed by a crowd at the post office corner. Her husband and son, she says, are in uniform at Barriefield.

#### British Steamer Sunk.

(Special to the Whig.) London, Oct. 19.—The sinking of the British Wilson liner Aleppo, 3,000 tons, presumably by a German submarine, with the rescue of the crew, was announced to-day.

#### TELIS WHY HE KILLED

His Wife at Como, Italy—Claims Temporary Insanity. Como, Italy, Oct. 19.—Trembling and at the point of collapse, Porter Charlton yesterday told the court which is trying him for his wife's murder how he met and married his victim, of their life together, of the events which led up to the killing in the honeymoon villa on Lake Como.

The young American told of his discovery that he had killed the woman during an interval he declared was a blank in his mind, of the manner in which he sank the body in a trunk, in Lake Como, and finally his flight.

On her furious jealousy and violent fits of anger against him following their marriage he spoke at length. These gusts of rage he attributed to the cause which finally, he said, temporarily unseated his reason.

#### TO PROBE CAVELLE DEATH

British Nurse Executed by Germans in Brussels. London, Oct. 19.—Foreign Secretary, Sir Edward Grey, has requested the American Government to investigate the circumstances which attended the execution of Miss Edith Cavell, a British nurse, in Brussels, Miss Cavell, who had been a head of a training school in Brussels, was put to death on order of the German authorities on the charge of having harbored British and French soldiers and Belgians of military age and assisting them to escape from Belgium to join their colors.

#### RUSSIA HAS CONCLUDED TREATY IN FAR EAST

Differences With Mongolia and China Have Been Amicably Settled. Ottawa, Oct. 19.—An important treaty has been concluded between Mongolia, China, and Russia, according to despatches received by the Canadian Government from Shanghai. It delimits the rights and privileges of each of the interested parties in outer Mongolia, and settles the outstanding differences between Mongolia and Japan. The three principal issues finally settled are: "Chinese suzerainty over Mongolia is recognized by Mongolia and Russia; Mongolian autonomy is recognized by Russia and China; and Russia's desire for a buffer state is fully satisfied. Railway agreements and mining privileges which Russia had formerly acquired are confirmed. Russia obtains the right to establish an agent at Urga with 50 guards and each Russian consul will be supplied with a similar guard. The post office in Mongolia is to be under Chinese postal service.

Diplomatic relations between Mexico and the United States were resumed on Tuesday.

### CANADA MUST SEND MORE MEN TO WAR

#### It Is Expected That By Spring This Country Will Have Enlisted 200,000 Men--At Present About 140,000 Have Enlisted.

Ottawa, Oct. 19.—Lord Kitchener's call for three million men and the urgent necessity of increased recruiting in order to bring the war to a speedy and successful conclusion is taken as involving the necessity of Canada contributing a more effective quota than at present to the cause of the Empire.

It is reasonable to anticipate that in the course of a few weeks, or at any event before long, authority will be issued for raising additional troops in this country. By spring it is probable that upwards of 200,000 men will have been enlisted or will be in process of recruiting.

At the present time about 140,000 men have been enlisted. There are 60,000 at the front, 30,000 in England, 32,000 training in Canada, and about 10,000 doing guard duty in different parts of the Dominion, while to this properly should be added about 10,000 casualties, probably half of the victims of which will be able to return to the front.

When the Prime Minister and the Minister of Militia returned from Great Britain it was anticipated that an announcement would be made as to the character and extent of additional forces, but though it is known the matter has been under consideration, no definite conclusion has been given out.

Due to the grave exigencies of the situation, there is every reason to expect an official announcement of arrangements by which Canada will have under arms over 200,000 men before spring. This will be the equivalent of four complete army corps. That this number may even be increased is quite within the range of probability.

Experience has shown that there is no great difficulty in securing the men, though it must be admitted that the improvement in industrial conditions operates in some degree to hamper recruiting.

Another factor in the situation which Militia authorities say makes delay in securing adequate equipment. Men cannot be sent overseas without arms or without clothing, and there is good ground for the assertion that recruiting is keeping pace with the turning out of the essential equipment.

#### Cabinet Crisis Is Regarded As Very Grave

(Special to the Whig.) London, Oct. 19.—Whether or not Attorney-General Sir Edward Carson's resignation foreshadows the present British Cabinet's fall, was of topic much discussed by politicians and the press here to-day. On all sides the crisis was recognized as a grave one.

"We should regret," said the London Globe, summing up the situation, "to see the Government come down, but it assuredly must fall unless it can show strength and decision in such grave matters as the Gallipoli expedition, the rescue of Serbia, the problem of recruiting and waste, and attacks by Zeppelins. The nation cries out for leaders who can show courage to face the truth. If the Cabinet fails now, it will fall."

#### FRENCH ARE INSTALLED

In Positions They Took From the Germans. (Special to the Whig.) Paris, Oct. 19.—A solidly installed in positions they had taken from Germans in Bois en Hache, the statement issued by the War Office to-day.

"French infantry forces Monday night repulsed three formidable grenade attacks by the enemy. "Lively fusillades were exchanged at Libons, and east of Navarin farm in the Champagne, bomb and petard fighting occurred."

"Then French artillery silenced an intense bombardment by the Germans on Eparges. "Our aviators bombarded the Germans' Burelencourt aviation grounds on the nights of October 17th and 18th, and demolished several hangars."

### PATRIOTIC FUND CHANGES TO REDUCE EXPENDITURE

Ottawa, Oct. 19.—Important changes in the administration of the Patriotic Fund are announced effective November 1st, as follows:

- 1—Families in which the father is alive, able-bodied and under 65 years of age, or where there are other males over fifteen years of age capable of assuming its support, should receive no assistance from the fund. The fact that other male members are out of work is not sufficient justification for granting aid.
- 2—Families of men on garrison and picket duty in Canada, known as active home service men, must not hereafter be assisted by the fund.
- 3—Where there are several children in a soldier's family, only one

may be reckoned at the maximum rate, one at the intermediate, and all others at the minimum rate.

4—Where the wife of a Canadian volunteer, C.E.F., has no children, is well and strong and is regularly in receipt of separation allowance and assigned pay she should not receive more than \$5 per month from the fund. (It is felt that with \$4.00 per month from these sources such a woman cannot be regarded as being in need.) This ruling does not apply to widowed mothers, nor to married women with children.

5—No C.E.F. family receiving separation allowance may draw more than \$30 per month from the fund, no matter how many persons it may include.

### INVITE THE CLUBS TO CLOSE EARLY

#### License Board Will Suggest Voluntary Restriction to Its Members.

Toronto, Oct. 19.—The clubs of the province, untouched by the order of the License Board, closing all drinking places at 8 o'clock, are not to be allowed to escape entirely. "In spite of that, I intend to do everything in my power to have the clubs voluntarily close at 8 o'clock," stated the chairman yesterday. "I am confident that when the matter is properly placed before them as a patriotic act most of the clubs will restrict themselves just as the public generally has been restricted, in the interest of national conservation of resources."

If this fails, Mr. Favelle will be prepared to ask for a widening of the powers of the board by the Legislature next session so that clubs may be brought under control.

#### Blown Up In Baltic.

London, Oct. 19.—A German mine patrol boat has been blown up in the Baltic Sea and her crew of ten men are missing, and are supposed to have been drowned.
