## STIFF FINES IMPOSED TREMBLAY THE VICTOR

### FOR AUTOS SPEEDING ON CATARAQUI BRIDGE.

Police Swore That Two Automobiles Went Over Bridge At Rate of Twenty Miles An Hour.

The police are out with a big stick after the owners of automobiles who exceed the speed limit going over Cataraqui bridge. Several fines were imposed at the Police Court on Thursday morning as the result of a visit Constables Samuel Arniel and James Mills paid to the bridge last Friday afternoon. Constable Arniel had his little stop watch with him, and as a car came along at what he considered a pretty brisk rate, Constable Mills gave Constable Arniel, who was stationed some distance away, the signal, and the time was kept.

It was found that a couple of the cars made a speed over the bridge of twenty miles an hour, and in both cases the Magistrate imposed a fine of \$10 and costs. Some of the offenders stated they were not running the cars at the time, but the Magistrate pointed out that in each case the owner was responsible. The speed of the cars showed all the way from fifteen to twenty miles an hour, while the by-law states that four miles an hour is the limit. Some pleaded guilty, while others did not, and the evidence was taken. The cases were disposed of as follows:

William H. Penwarden, \$5 and costs; Percy Ward, \$3 and costs; John Lemmon, \$10 and costs; Joseph Sinnott, \$10 and costs; W. H. Williamson, \$3 and costs; Gilmore McBroome (for exceeding the limit and driving without license), \$3 and costs on each charge.

Dr. G. W. Bell was charged with exceeding the limit, but explained he was not the owner of the car, and the case was enlarged for a week.

The price of everything is going up these days. Even police court fines are getting higher. This is what Isaac Metcalfe thought when the Magistrate imposed a fine of \$2 and costs for driving on the wrong side of the street when turning a corner.

"Some have only been fined \$1 and costs for that," said Metcalfe.

"I know, but the price has gone up," remarked the Magistrate with a smile.

Napoleon Newell is on the "prohibited list," but by all accounts he has been handling a great deal of the "strong stuff" the past few days. He admitted being under the influence, and when asked by the Magistrate where he had secured the liquor, he said that he met a man named George Nelson, a friend with whom he had worked in a lead mine. George must have been a good friend all right, for he bought a bottle of liquor and the two emptied it. Then Nelson bought another bottle, and it is now, he said, in the hands of the Court. Nelson was sent to jail to think it all over.

H. McMillan admitted being drunk, and was fined \$3 and costs or one month.

John Howard, a young man, was charged with skipping out of the city and leaving a board bill unpaid. He promised to pay up, and the case was enlarged for a day in order to give him time to make a settlement.

### RED CROSS WORK.

#### What the Society Has Done Since War Began.

The British Red Cross, early in its work, established six hospitals in France immediately around Boulogne and three in and near Calais. The voluntary hospitals offered to the French by British donors were inspected and supervised. Several great hospitals were established in England itself, the largest of which is in London, and has nine acres of floor space. It cost \$500,000. The British Red Cross has 2,300 Voluntary Aid Detachments made up of people from every walk of life, who give their service, however needed, even in the most menial task. A combined membership of 67,000 people. With the aid of these Voluntary Aid Detachments, some 600 auxiliary hospitals were equipped, and rest stations established for tending the wounded on the way to the hospitals. Convalescent hospitals were likewise established, manned and maintained. The Red Cross in time of war is directly under the direction of the War Office and Admiralty, so that no two activities conflict, and there is no waste of material, time and work.

### BRITISH RED CROSS FUND.

#### Subscriptions Being Received by the City Clerk.

Kingston's civic grant of \$2,500 to the British Red Cross fund is being supplemented by voluntary subscriptions from the people. Envelopes were circulated in all the churches last Sunday by Mayor Sutherland, and a liberal response is expected. This afternoon the City Clerk, who is receiving subscriptions from any who wish to give, had about \$200 recorded. A good part of this amount came from St. Mary's Cathedral people. L. Abramson handed in the contributions of the members of the Jewish synagogue. At least \$1,000 should be raised through the envelopes distributed.

#### Slogan By Kingston Boy.

"A barless Ontario and a barless Canada by 1920," was the slogan suggested by Rev. W. A. McIlroy, pastor of St. Andrew's Presbyterian Church, called upon to say a few words of welcome to the delegates to the W. C. T. U. convention meeting in Ottawa.

**Kingston People Made In Stocks.** The recent rise in stocks, and particularly the 14 rise in the price of General Electric on Wednesday, benefited a number of Kingston people.

### OF WRESTLING CONTEST AT THE ARMOURIES.

In Aid of Ross Horse Ambulance Fund—Herman Did Not Take His Defeat Gracefully.

There was a large crowd at the assault-at-arms in the Armouries on Wednesday evening, the proceeds of which are in aid of the Col. Ross Horse Ambulance fund.

The principal item of the programme was the wrestling match for the world's lightweight championship between Eugene Tremblay, the present holder of the championship, and "Jack" Herman, also of Montreal. Herman proved very easy for the champion and went down twice, first in 21 minutes, 30 seconds and next in 21 minutes, 10 seconds. Herman took his defeat very poorly and had to be almost dragged from the ring, proclaiming all the time that he had not been put down. He almost tore the ring down in his frenzy.

In a splendid fencing exhibition Aid. James Bews won by five to three points over Sergt. McIntosh.

All of the boxing matches were three rounds. In the first Powell defeated Collins. Both were members of the 80th Battalion. In the second match, between Davis and Wood, both 80th Battalion men, the result was a draw. Davis, however, had the better of the encounter; for the most part.

Lieut. Faulkner easily outpointed Pte. Lewis of the 80th Battalion in their match, which was very exciting. Harris and Humphrey, both 80th Battalion men, clashed but the former quickly showed his superiority.

Aid. James Bews refereed the wrestling matches and Lieut. Faulkner the boxing matches. Mayor R. D. Sutherland announced the results.

Arrangements have been made for the holding of contests, fortnightly, during the winter for the soldiers, the proceeds of the events to be devoted to patriotic and Red Cross work. Steps will be taken to make these contests most interesting.

#### Cunningham—Black.

On Wednesday morning the Church of the Holy Name, Kingston Mills, was the scene of a pretty wedding, when Miss Lillie A. Black was united in marriage to Bernard Cunningham. Rev. Father Kingsley performed the ceremony. The bride was given away by her brother, James Black. Miss Helen D. Black was bridesmaid, while the Peter Cunningham assisted the groom. The bride was attired in a blue tailored suit, military effect, with a large blue velvet picture hat and carried a bouquet of white roses. She wore the groom's gift, a sunburst of pearls. The groom's gift to the bridesmaid was a pearl ring, to the groomsmen gold cuff links. The large number of costly presents testified to the esteem in which the bride was held. Mr. and Mrs. Cunningham left on the G. T. R. for eastern points. They will reside in their beautiful new home, Kingston Mills.

### THE OLD NORTH KING

Being Taken to Sorel, Que., as a Ferry Steamer.

Kingstonians will hear with regret that a steamer that has been plying in these waters for years will leave to-day for Sorel, to be used as a ferry. The steamer North King came here many years ago under the name of the Norseman, and was used as a mail boat between Toronto and this city. Later the name was changed to the North King and her course was between Kingston and Charlotte, with a run through the Thousand Islands.

A pilot is expected to arrive to-day from Montreal to take her on her last trip through the St. Lawrence, where she will degenerate to ferry use.

### Motorize Fire Department.

A sub-committee appointed some months ago by the Fire and Light Committee to consider the advisability of motorizing the fire department will likely report at the meeting to be held this afternoon. If the report is favorable, the City Council would not doubt be asked to submit a by-law to the people at the January elections.
