THE SPORT REVIEW

Reports from Hamilton state that the Hamilton Rowing Club officials have given the players warning that they must stay on the field, and cut out scrapping in future games.

Several Canadian boxers may be chosen to take part in the tournament in New York Nov. 12th and 13th. The winners will be sent to San Francisco by the American Union.

Silver Quilty, the big Ottawa line plunger, has developed a slight attack of blood poisoning in his arm following the M. A. A. game here last Saturday and has since been under the care of a specialist.

One thousand students will make the trip to Minneapolis Saturday for the Iowa-Minnesota football game if a rail-way will bill them over the road as cattle at 2 per head.

Ottawa Times: The evolution of Canadian football, instead of opening up the game, appears to be gradually eliminating its spectacular features. The M. A. A. game has become a lost art, and punting is gradually giving way to criss-cross runs and trick formations. So far this season Ottawa has not attempted one goal from the field; neither did Montreal.

Stratford Bowling Club is now without grounds, the greens on Ontario street having been sold for building lot. However, the club will prepare new grounds in the spring on the river bank, incorporating the greens in the lake park system.

"Jack" Erskine, the husky rover of the Hamilton Tigers and formerly of Queen's, received an injury to his knee on Saturday, which may keep him out of the game for some time. He did not notice the injury on Saturday, but when he tried to practise on Monday night he found great difficulty in running. Erskine had water on the knee a few years ago, and it may be that it is paying him a return visit.

It is said that Federal League agents recently tried to sign Merkle of the New York Giants, but he has refused to talk business, declaring that he had decided to "stick with the Giants for the rest of his major league career."

Bert Shocker, the right-hand pitcher drafted by the New York Highlanders from the Ottawa Club of the Canadian League, has signed his contract for 1916. Shocker has a great record. He is 24 years old, stands close to six feet and weighs 190 pounds. He played with Fort Wayne for a time in 1914.

The big event of the year in running circles will be the engagement between Corkery of Toronto, the Hamilton Herald road race winner, and Fabre of Montreal, the Boston and "Frisco" Marathon winner and victor in the Montreal around-the-mountain race Thanksgiving Day, and Arthur Jamieson, the crack Indian runner from Hamilton, winner of half-a-dozen 10 and 15-mile races.

According to a statement by Manager Lester Patrick, of the Victoria B.C. Hockey Club, "Dubbie" Kerr will probably be missing this year. Kerr is now located at Calgary, and as he has a good position in that city, the Victoria Club will make him an offer attractive enough to have him come to the Coast. Hockey salaries have been reduced at the coast, and if the veterans do not accept the terms offered, the clubs will bring out the younger players this season.

Toronto Star:—The residence rule of the Interprovincial Union is practically a dead letter. Montreal is using Joe Donnelly, who only blew in town a few weeks ago, and Ottawa has front runner from Dunsmuir, where he has been all summer, to play with the Shagmen, Hamilton is using Clements of Guelph, while Argos are playing Dr. Frank Knight of Copper Cliff. Knight, however, gets status because he has enlisted with the Dental Corps, and it was agreed that enlisted men could play where they were stationed. It is simply a case of where one club dare not protest another.

The officials have been appointed for the scheduled matches in the Interprovincial Rugby Union on Saturday afternoon. The game between Argonauts and Ottawa at Toronto will be refereed by Frank Robins, with Ben Simpson as referee. The match at Montreal between Tigers and Montreal will be refereed by "Billy" Foulds, of Toronto, with "Tom" Clancy, of Ottawa, as judge of play.

Hamilton Herald:—Up to date Hamilton Tigers have been the only club to announce the decision to turn over the entire rugby surplus to the Patriotic Fund. At the Big Four meeting the opinion was given that all of the clubs would do likewise, but they have not yet announced themselves. Argos' surplus will go to "Glad" Murphy—a worthy cause. Besides giving to the Patriotic Fund, Tigers will meet an all-Toronto fourteen at the end of the season, the proceeds also to go to "Glad" Murphy.

Foe Decorates Jews.

Berlin, Oct. 22.—Two hundred and eighty-six Jews in the Canadian army have been promoted to officers, and 4,000 Jewish soldiers in the army have been decorated with Iron Crosses. 16 of them with the Iron Cross of the first class.

Stunts By Bethlehem Steel.

New York, Oct. 22.—Bethlehem Steel common sold at 529. A year ago, while the Stock Exchange was closed, Bethlehem was quoted in the outside markets at 26.

If you trust to luck for a ride, nine times out of ten you will walk. The one hundredth sheep, a lot of times, is not worth hunting for. Pass by as worthless an opinion that conflicts with honesty.

NEWBORO.

Oct. 20.—John Casson, Hoboken, N.J., is enjoying a few days vacation at H. Small's. Toronto, spent the week-end with his parents, Mr. and Mrs. William Dargavel. Mr. and Mrs. Theodore McMillan, Kinburn, have been visiting her parents; Mr. and Mrs. Ackland, Winn. Houghton, has gone to Russia where he will be employed by an railway, being constructed by an English Company.

A few of the residents were hailed before the Cadi, at Elgin last week to answer to the charge of being drunk in a local option town. Not guilty was their plea, backed by evidence which brought about the verdict, "Not guilty."

The good roads gang is busy in the village filling a long felt want. Judge Reynolds held Division Court here last Thursday night. R. Grothier is in Brockville this week serving as a jurymen. A. J. Hart, Prescott, was a village caller on Wednesday. Mr. and Mrs. F. W. Hall, Perth, motored here on Wednesday.

MAPLE GROVE.

Oct. 21.—Farmers have completed digging potatoes, and report a poor crop. M. Lees has moved into his new residence on Main street. Work has been commenced in the mica mines on Mr. Sills' property. Stanley Whaley had the misfortune to injure his arm while playing. Inspector Truscott called on the school on Friday, and was well satisfied with progress the children are making in their studies. Mrs. M. Kemp and daughter Flossie spent part of the week in Kingston. A. Whaley made a trip to Piccadilly on Saturday. Miss Winifred Thompson has returned after spending Thanksgiving at home. Mr. and Mrs. W. R. Wilson and son, Belleville, called on J. Campbell, Belleville, Wilmar. Mr. and Mrs. VanLueve and family, also Mr. and Mrs. Bert. Kemp and family, spent Sunday at Mrs. M. Kemp's. Mrs. E. T. Stevenson, Verona, is visiting at Mrs. Whaley's. Mr. and Mrs. S. Stevenson were recent guests at Bert. Freeman's, Desert Lake.

Will Greece Forfeit Her National Honor?

London, Oct. 22.—The Daily Chronicle says editorially "The attitude of Greece under the Ziamis cabinet is still obscure. The pledges of the Serbo-Greek treaty bind her, and if she ignores them indefinitely, if she continues to break the treaty, both in letter and in spirit, she will forfeit her national honor, which no nation forfeits with impunity. Though Serbia herself may not be in a situation to resent her betrayal in her hour of need, her Allies have every right to resent it on her behalf, and we have no doubt that the point has been courteously, but firmly, brought by them to Ziamis' attention.

"We are offering something that is already in our hands to give. Belligerents in negotiating with neutrals, during this war have often been generous in offering what belong to their enemies, but there are instances where any nation has made a gift like this of something which it had in its own secure possession.

LOYD GEORGE'S SUCCESSORS.

Munitions Minister Won His Spurs in Recent Advance.

London, Oct. 22.—The success attending the appointment of David Lloyd George as Minister of Munitions is testified by the Times' parliamentary correspondent, who says that the production in munitions has increased fourfold and in one highly important branch over thirty fold.

"The Ministry of Munitions," the correspondent adds, "justified itself in the recent heavy fighting on the western front. There were no complaints this time of advance having to be stopped for lack of ammunition. A prodigious amount of high explosives was shot away in the advance to Loos, but still the supply was not exhausted. The authorities at home received no complaints whatever from the generals in the field. When the fighting ceased they had a great deal more ammunition left than they expected and in certain departments there was actually a greater quantity ready for the gunners at the end of the struggle than at the beginning, which proves excellent transport arrangements."

THREATEN ROMANIAN KING.

Violent Campaign On Over Question Of Intervention.

London, Oct. 22.—Despatches from Bucharest indicate that a violent campaign is being waged in Roumania over the question of that country's intervention in the war. One of the Bucharest opposition newspapers, according to the despatches, has gone so far as to threaten the King with a popular rising. Much indignation has been caused in Roumania by the action of the Austrian authorities at Sziburg in arresting Michael Cantacuzene, former Roumanian minister of justice, who was returning to Bucharest from Paris, whose arrest it is alleged was due to the finding of a letter in his possession addressed to M. Filippesco, leader of the Conservative party in Roumania.
