FINED FOR SHOOTING
DUCKS BEFORE SUNRISE AT HAY BAY.

Inspector Hunter held Game Court At Napanee—Irene Renfrew Was Committed For Trial.

(From our Own Correspondent.)
Napanee, Oct. 26.—In the Police Court yesterday Irene Renfrew, Belleville, appeared on a remand to answer a charge of conspiracy with Edward Snider and others to commit forgery. She was defended by J. E. Madden, D. H. Preston acting for the Crown. The evidence of three witnesses was taken, and she was committed for trial.

William Dunlop, charged with being drunk and disorderly, was fined \$5.

Yesterday afternoon in the Town Hall Provincial Game Inspector Hunter, Belleville, held an inquiry into charges of shooting ducks before sunrise, against Herbert McCabe, Deric Fields, Clarence McCabe and Blake Huycke, all of Hay Bay, and also members of the Hay Bay Game Protective Association, who took the matter up. After hearing the evidence of a witness, who claimed he saw the accused, Clarence McCabe and Blake Huycke, were fined \$10 and costs, and the cases against the other two were dismissed with a warning.

CANNOT GAUGE IMPORT.

Austrians Driven From Second Line Defences.

London, Oct. 26.—A despatch to the Daily News from Milan says: "Magnificent success is attending the offensive that is being pushed along the front, and Austrian losses have been very heavy. The preparation for the offensive by three days of artillery fire was most destructive both to the trenches and the men in them, particularly in the group of Austrian defences protecting the Col Lana. The natural difficulties these positions presented were reinforced by every defensive device known to the soldiers.

"It is significant that the Italian advance is of a nature to prevent the Austrians from taking advantage of strategic routes and moving troops from place to place in support of threatened positions and to fill gaps which are numerous because, in addition to heavy losses in killed and wounded in two days, Austria's loss in prisoners totals 3,500. Austria will now be forced to draw on troops in one of her fighting fronts or further deplete her watching force kept near the Roumanian frontier."

ANTHRAX AT OGDENSBURG.

Patient In The Hospital There With Th. Disease.

Ogdensburg, N.Y., Oct. 26.—A case of anthrax, a disease common to cattle, but infrequent to human beings, which attracted country-wide attention during the illness and death of George F. Stackpole, a lawyer of Riverheads, L.I., who died at Bellevue Hospital as an indirect result of the malady, is receiving attention at St. John's Hospital here. The patient is William Barnett, of Moira. How the disease was contracted is not known.

A quantity of serum from the Bureau of Animal Industry at Washington, used as an anti-toxin to combat the anthrax germ in a human being for the first time in the case of Mr. Stackpole, was forwarded to the hospital.

ARMY SERVICE CORPS.

Non-combatant Branch Of Service Filled Up.

Ottawa, Oct. 26.—It was announced by the Militia Department last night that no further applications for commissions in the Army Service Corps will be received, as this non-combatant branch of the service has been filled up. However, it is stated that there are vacancies in the infantry, and the department is always pleased to receive such applications.

Unnecessary mention of higher formations, such as brigades, divisions, is strictly forbidden, and causes delay.

How Money Talked.

Ottawa Journal.

An official statement printed by the executive committee of the Canadian Patriotic Fund shows that the cities, towns and villages occupied by Canadians of German stock have been among the most generous contributors to the fund.

Ottawa made the largest contribution per head namely \$2.68. The per capita contribution for Toronto was \$1.28, of Hamilton only \$1.15, of Kingston, \$1.75, St. Catharines \$1.19, Brantford \$1.02.

The per capita contribution of the whole of Canada has been about 70 cents. Compare with this the figures for the towns in which the German-Canadian blood is strong:—Waterloo, \$4.20; Niagara, \$3.95; Galt, \$2.85; Baden, \$2.57; Berlin, \$2.56; Guelph, \$1.48.

If money talks, our people of German descent have spoken loudly on the right side.

FOOD MUCH HIGHER IN ENEMY COUNTRIES
Food 70 to 78 Per Cent. Up As Compared With July, 1914.

Ottawa, Oct. 26.—Statistics received by the Labor Department show the stress of the war on the enemy countries in regard to the raising of the price of food. Official Prussian publications admit that the level of retail prices of food in Berlin in July was nearly 70 per cent. higher than for July of 1914. During the month of July alone there was an average increase in price of 2.6 per cent in potatoes, bacon, sugar, butter, beef, mutton, bacon, rice and lard.

Austrian official figures show that the price level in July was more than 78 per cent. higher than a year before.

British statistics give an increase of about 23 per cent. in the general level of food prices on September 1st last, as compared with the corresponding date of 1914. British beef had risen by about 35 per cent., British mutton by about 30 per cent., and imported beef and mutton by only about 4 per cent. Fish increased in price by over 30 per cent. during the year; bread, flour, tea and eggs by 25 per cent., and butter and cheese by about 20 per cent.

In Canada the index number of the Department of Labor showing the average wholesale price for commodities entering into the cost of living was 147.2 for September, as compared with 147.6 for August, and 141.3 for September of 1914.

DIED AT OGDENSBURG.

The Late Mrs. William Dunn, a Native Of Prescott.

Ogdensburg, N.Y., Oct. 25.—Mrs. William Dunn died Thursday afternoon at the home of her daughter, Mrs. William Douglas, 25 Washington street, from the effects of old age. In her death, passes from earth one of the finest and most Christian and lovable old ladies of this city. Mrs. Dunn was in her 93rd year and was without doubt one of the most aged residents of Ogdensburg. She came to this city a decade of years ago to live with her daughter and where the infirmities of old age overtook her and ended a career of beautiful womanly character.

Mrs. Dunn was a woman who loved to do good things, who loved to aid those in need of help and whose influence in her younger days was always on the side of the uplift. She was a most motherly and kindly woman and these characteristics stand by her until she passed into the great beyond.

Mrs. Dunn was ever a most faithful and devout member of the Catholic church and since her residence in this city had been an attendant at St. Mary's Cathedral. She was a fine old lady and her death will not only be mourned in her own home but by everybody who knew her and appreciated her fine and womanly qualities.

Mrs. Dunn was born in Ireland and in her young girlhood days migrated to Canada along with her parents and settled in North Augusta, in the Dominion. She was married in Prescott, Ont., seventy-two years ago to William Dunn and twelve children came to bless the union, six of whom were boys and six girls, two of the sons and two of the daughters having died. Those surviving are: Richard Dunn, formerly of this city, but later of North Dakota, and now in the city; Thomas of Cleveland, O.; James and John of Buffalo, Mrs. William Douglas and Mrs. Eliza Hickey of this city; Mrs. D. E. Thompson of Rochester and Mrs. Margaret Metcalfe, Seely's Bay, Ont.

The funeral obsequies were conducted Saturday morning, and interment was made in the family plot in St. Mary's cemetery.

CHURCH AS MEMORIAL.

To A Young Man Who Fell At Bethune.

London, Oct. 26.—A cheque for \$125 has been sent to Canon Beal, secretary of the Archbishop's Western Canada Fund, towards the erection of a church at Bethune, Sask. A short time ago a young Englishman, named "Jack" Harrison, whose parents live at Yelverton, Somerset, fell in action at Bethune, in France. His parents contemplated putting up a memorial in the form of a mural tablet, or some piece of church fabric, in the local parish church. This was discussed by Mr. Harrison with Rev. H. E. Sawbridge, rector of Diss, Norfolk, who was formerly engaged in Western Canada as one of the Archbishop's Fund missionaries. "Why not commemorate your boy's heroism by helping to provide a church where it will be badly needed, perhaps by many of our soldiers, who will emigrate after the war," suggested the rector. Mr. Harrison at once acquiesced and diverted his gift accordingly.

Now Canon Beal is anxious to see this example followed by others who may be desirous of raising some memorial to their fallen ones, and he would like to see this proposed church, as well as one or two others, erected entirely as war memorial churches.

SEVERE RHEUMATIC PAINS DISAPPEAR

Rheumatism depends on an acid which flows in the blood, affecting the muscles and joints, producing inflammation, stiffness and pain. This acid gets into the blood through some defect in the digestive processes, and remains there because the liver, kidneys and skin are too torpid to carry it off.

Hood's Sarsaparilla, the old-time blood tonic, is very successful in the treatment of rheumatism. It acts directly, with purifying effect, on the blood, and through the blood on the liver, kidneys and skin, which it stimulates, and at the same time it improves the digestion.
