

Allied Troops Are Pouring Into Salonika

TO ATTACK BULGARIA THROUGH KAVALA

Landing of Troops There By Allies Excellent Piece of Strategy--Bulgaria Will Have to Concentrate Forces to Meet This Invasion.

(Special to the Whig.) London, Nov. 4.—The landing of French troops at Kavala, a Greek port on the Aegean Sea, near the Bulgarian border, is considered to be an excellent piece of offensive strategy. Kavala not only is a great tobacco port for Turkey, but it is the terminal of three important railways, by one of which the Greeks in July of 1913, outflanked the Bulgarians and forced them to retire out of Macedonia and virtually won the war. The occupation of Kavala by Entente allied troops will necessitate, it is believed, that it will be abandoned by the activity of the Russian army in Galicia, where, according to the Russian official reports, General Ivanoff has won another victory over the Teutons on the Stripa river. Further north, in Volhynia, there also is heavy fighting, and the Russians claim to have checked an Austro-German offensive, which had as its object the capture of Czartorysk. In fact, all along the eastern front the Russians, according to the German official report, are making a series of attacks from the Gulf of Riga to Roumania.

Will Vanquish Enemy in End, Says Briand

Paris, Nov. 4.—"France will not sign a peace agreement until after her restoration by right of victory and until she shall have obtained all guarantees of a durable peace," said Premier Briand yesterday. This statement was included in the ministerial declaration of the new Cabinet, which was read before the Chamber of Deputies and the Senate. The Premier read the declaration to the chamber. It said in part: "The present enterprise of Germany in the Balkans attests the failure of that nation's efforts in the principal theatres of hostilities. Her hopes will be shattered. The Central Powers may postpone defeat, but they cannot prevent it. After having weighed our task, we intend to pursue our victory as it may be, to the necessary issue. We have the will to vanquish. We shall vanquish in the end." The reading of the ministerial declaration aroused great enthusiasm.

Help Needed For Refugees From Serbia

(Special to the Whig.) Paris, Nov. 4.—An urgent appeal by the Serbian Legation here was issued to-day "on behalf of the refugees fleeing before the invasion of the pitiless enemy which aims to exterminate an entire nation." Thousands of Serbs have already arrived in Greece, nearly naked and in miserable condition. Both warm clothing and money were declared necessary to save their lives. Princess Dermidoff, wife of the Russian Minister at Athens, has organized initial relief, but needs help badly.

ATTACK ON LADY BECK. "Poison Pen" Letters Regarding Her Horse Judging Ability.

New York, Nov. 4.—The New York Herald publishes the following: "The 'poison pen' letters intended to attack her competency to judge saddle horses at the National Horse Show, which will be opened Saturday, in Madison Square Garden, have been sent broadcast to prominent exhibitors concerning Lady Beck, wife of Sir Adam Beck, director of remounts for the Canadian Army, was the announcement at the office of the National Horse Show Association. Officials of the association expressed indignation over the attempt to injure Lady Beck's standing as a horse woman and stated that the letters contained a veiled threat which it is believed is intended to keep Canadian notables from the exhibition."

French Victory Over Germans In Champagne

(Special to the Whig.) Paris, Nov. 4.—Another important French victory over the Germans in the Champagne region was announced by the War Office to-day, the official report says: "After a violent attack we recaptured the major portion of the German advanced trenches in the vicinity of Chauvion farm, expelling their defenders, despite their use of liquid fire. On the route to Lille, south-east of Neuville and St. Vaast, there have been violent grenade and artillery duels."

Favor Chinese Monarchy.

Shanghai, Nov. 4.—Election returns to-day continued to indicate an overwhelming majority on November 20th for the re-establishment of a monarchy in China. It is believed the Northern Chinese will accept the result as a fair one, but serious disorders are threatened in the south. The Government is taking formidable military precautions. The cities of Meichou and Lieg were bombarded by a French aviator.

SCENE OF ITALIAN OFFENSIVE. Map shows Carso Plateau and Isonzo River district, where Italians recently administered fearful losses on Austrians, who threw artillery into ravines and ran. Especially heavy fighting took place near San Martino, where many prisoners were captured.

CAUSE OF DELAY. Orders Allotted But Contracts Not Signed.

Ottawa, Nov. 4.—Delay in awarding the big contracts for large sized shells, it was learned to-day, is caused by difficulty in securing definite quotations from the steel companies on the basis of the charge to be made the manufacturers. A number of orders have been allotted, but no contracts are yet finally closed. Montreal concerns, which it is understood are in on the contract, include the Canada Cement, whose order is around \$5,000,000; the Dominion Bridge Company, Canadian Fairbanks Co., Peter Iyall, and Canadian Vickers Co. The Ingersoll Rand and Jenckes Machine Co., of Sherbrooke, will also get contracts, but the quantity is not decided. The Canada Cement Co. is understood, will turn out 4,000 machine made and 2,000 forged shells per week. Practically every concern now making the smaller shells is said to be in line for renewal orders.

LECTURER AT BRITISH WHIG HOME ECONOMICS SCHOOL HAD BIG CLASS LAST NIGHT.

PROGRAMME FOR FRIDAY AFTERNOON. Subject: "Motherhood and the Development of the Child." Menu: Fried Rice, Japanese Style; Sauce Hollandaise; Potatoes; Tea Cakes.

At a special session of the British Whig Home Economics School in City Hall Auditorium last night, Mrs. Brown-Lewers, the domestic science lecturer, who has been charming big classes every afternoon, this week, talked to a deeply interested audience made up of representative men and women of Kingston, on "The Woman Who Spends." This lecture was entertaining and instructive from start to finish and Mrs. Brown-Lewers' ideas in regard to money matters were heartily approved by her hearers.

In connection with her work here she has given much constructive advice to housekeepers, and her Better Foods Better Homes slogan has grown to be a very popular one. "Watch Your Step," might be another of Mrs. Brown-Lewers' slogans, as again and again in her work she advises women to so plan their work as to avoid unnecessary steps and to save time and energy.

RECOMMENDS SALADS. The baked ice cream was much unvalued at and thoroughly enjoyed at the evening session Wednesday. Indeed, at every lecture, Mrs. Brown-Lewers' food is praised by those who taste it. Last night, in speaking of salads, she emphasized their importance and said they were not used largely enough. "Of course," she added, "men sometimes compare being fed on salads to having ruffles sewed on their clothing. Nevertheless, salads contain many valuable elements and should be used more." Her evening lesson was on how to make a simple salad with Haricout dressing. Attractive young girls from the high school are assisting Mrs. Brown-Lewers in serving the foods she prepares.

This afternoon the cookery programme includes creamed chicken in patty cases and timbales and a pastry lesson, during the course of which Banbury tarts, clover tarts and children's favorites will be made. The cake lesson covers a Weary Willie cake, which costs only eleven cents, and Mrs. Brown-Lewers explains that this is a cake to be baked on those days when the housewife feels something like a Weary Willie, for it requires scarcely any effort to prepare. The lecture to-morrow on "Motherhood and the Development of the Child," is one of the best of the entire course. Much to the regret of Kingston women who have been thoroughly enjoying the British Whig Better Foods Better Homes School, this course of lectures will be concluded to-morrow. Among the dishes to be demonstrated are English tea cakes. Mrs. Brown-Lewers' recipe for these cakes is one handed down in her family for many generations and is more than two hundred years old.

WAFLES. 1 cupful flour, 1-2 teaspoonful salt, 2 teaspoonfuls of baking powder, 2 eggs, 3-4 cupful milk, 2 tablespoonfuls crisp, dry breadcrumbs. Mix and sift the dry ingredients. Separate the egg white from the yolk; beat the white until stiff. Beat the yolk, add the milk and crispco. Add the dry ingredients to the liquid. Mix thoroughly and fold in the white of the egg lightly. Fry on a hot waffle iron well-greased with crispco.

EGGS A LA GOLDEN ROD. 2 hard cooked eggs, 6 slices of toast, 1 cupful medium white sauce. Cut the egg whites into small pieces and add to well seasoned white sauce. Pour over slices of toast; sprinkle top with finely mashed yolks. Garnish with sprigs of parsley.

CANDIED SWEET POTATOES. Twelve sweet potatoes, 1 cup boiling water, brown sugar, 1-4 cup crispco, salt, pepper, and powdered cinnamon. Pare and parboil potatoes, cut in halves, boil ten minutes, drain, lay in greased baking dish. Spread with crispco, sprinkle with brown sugar, salt, pepper and powdered cinnamon, pour in boiling water and cook until tender. Bake often with sauce in pan while cooking. The cinnamon may be omitted.

SOUTHERN CROSS PUDDING. 12 ears (or 1 can) of corn, 2 cupfuls milk, 3 eggs, 1 teaspoonful salt, 1-4 teaspoonful white pepper, 2 tablespoonfuls crispco. Grate the corn from the cob with the back of a knife, scrape out the corn left sticking to the cob. Beat the eggs, add to the milk. Add corn and seasonings and pour into deep baking dish. Dot the top with crispco, bake in a moderate oven until the pudding is set like a custard.

WILL WIN IN THE END. Canadians Are Warned That Economy Is Necessary.

Montreal, Nov. 4.—In announcing that a domestic loan in installment would be issued at the end of the month, W. T. White, Federal Finance Minister, told the Canadian Club that the Duke of Connaught had expressed a desire to participate and that his name would, therefore, head the list of subscribers. Mr. White said that he was absolutely confident that the Allies would win in the end and warned Canadians to produce as much as possible and to economize. He explained how Canada's adverse trade balance of \$300,000,000 in 1913 had been changed to an excess of exports of \$45,000,000 for the six months ended September 30th.

"CAN WE HOLD OUT?"

Strassburg Paper Fears Defeat of Germany By Famine. Geneva, Switzerland, Nov. 4.—Owing to the high prices of food in Germany, neutrals are leaving that country for Switzerland. Under the heading, "Can We Hold Out?" the Neue Zeitung says: "Hardly had we crossed the threshold of the second year of the war when the question of bread settled, another anxiety faced us, namely, the dearth of the first necessities in the matter of food." "Will our enemies succeed in defeating Germany by famine?"

LACK OF CONFIDENCE IN GREEK CABINET

Has Been Passed by the Greek Parliament Likely Members of it Will Resign. (Special to the Whig.) Athens, Nov. 4.—The Greek parliament to-day passed a vote of lack of confidence in the Zaimis' Cabinet, which means it will resign. Premier Zaimis has been the strongest force for continued Greek neutrality. He succeeded Premier Venizelos because King Constantine thought the latter too strongly pro-war in his views. The Zaimis' Cabinet overthrow presumably foreshadows Greece's entrance into the war on the Allies' side.

PEACE TALK.

It is Said There Will Be a Meeting in Lucerne. (Special to the Whig.) London, Nov. 4.—The Athens correspondent of the Exchange Telegraph Company asserts that, following his defeat in the Chamber of Deputies, Premier Zaimis will resign.

CANADA'S LATEST CALL.

Bonar Law Expresses Appreciation Of British Government. Ottawa, Nov. 4.—Acknowledgement by the Imperial Government of Canada's call for a further 100,000 troops in response to the King's appeal from Bonar Law, Colonial Secretary. It is worded as follows: "With reference to your telegram, 31st October, please convey to your ministers expression of the warm appreciation of His Majesty's Government of their patriotic response to His Majesty the King's appeal in providing the reinforcement of the Canadian contingents which have been fighting so gallantly in the common cause."

NEAR COMPLETE ROUT.

Germans Were Near Total Disaster in Champagne. Copenhagen, via London, Nov. 4.—The Ribe Stifts Tidende, the leading newspaper on the German frontier, publishes a letter from a German officer who was present during the French offensive in Champagne from September 25th to 27th. The officer writes that the Germans came within an ace of total disaster, and had fully prepared to leave their second line. Their artillery had been prepared and the infantry was ready to march off, when the bombardment suddenly ceased. Had it lasted another two hours the situation, which was then "indescribably critical," would, the officer says, have developed into a complete rout.

HAS REACHED GALLIPOLI.

Making Ready For the Landing of Troops. (Special to the Whig.) Rottterdam, Nov. 4.—Lieut.-Gen. Sir Charles C. Munro, Great Britain's new commander-in-chief on the Gallipoli peninsula, has arrived at his post, according to the Vossische Zeitung's Sofia correspondent, and made great preparations for the landing of troops.

BRITISH STEAMER SUNK.

Middleboro, Eng., Nov. 4.—The British steamship Friargate has been sunk by a German submarine. Five of the crew landed here to-day.

DOING GOOD WORK.

Paris, Nov. 4.—An official statement says "In spite of the protecting nets and many fixed mines set up by the Turks, British and French submarines have succeeded in passing the Narrows in the Dardanelles and operating in unison in the Sea of Marmora, where they render particularly difficult the movement of Turkish boats and the re-venting by way of the sea of the Turkish troops on the peninsula."

GRANTED LEAVE OF ABSENCE.

Washington, Nov. 4.—Brand Whitlock, United States Minister to Belgium, has been granted leave of absence for two months, and will return to the United States.

Gen. Villa, forced by hunger, thirst and a scanty supply of ammunition, to abandon his plan for an immediate assault on the strongly entrenched village of Agua Prieta.

VICTORIES SCORED BY THE SERBIANS

Bulgarians Forced to Retreat at Pirot--Allied Transports Arriving at Salonika--British Cavalry Joins Serbo-French Forces in Southern Serbia. (Special to the Whig.) London, Nov. 4.—The Serbians in the last two days scored two successes. The Bulgarian army marching from Pirot has been forced to retreat, Berlin officially admitting that the Serbians have extricated themselves from the net. More Allied Troops Arriving. (Special to the Whig.) London, Nov. 4.—New fleets of Allied transports are arriving off Salonika. British cavalry has joined the Serbo-French forces in southern Serbia. No Change in Situation. (Special to the Whig.) Paris, Nov. 4.—Troops for the Balkan campaign continue to land at Salonika. In the region of Krivolak and Raboro, in southern Serbia, where the French repulsed the Bulgarians on Nov. 1st, there has been no change in the situation. King At the Front. (Special to the Whig.) Amsterdam, Nov. 4.—An official Bulgarian statement from Sofia says King Peter of Serbia has gone to the front to encourage his soldiers, and take them the news that the French and British forces are hastening to their assistance. Huge Losses. (Special to the Whig.) Paris, Nov. 4.—Huge losses by the invaders, as the price of every foot of ground they have gained in Serbia, were claimed in an official report to-day from Nish. "On our northern front the enemy (Austro-Germans) have attacked us," said the statement, "in great force, especially on our right wing, where fighting is in progress. Our Morava River positions have been assaulted without result. The enemy advanced on Kraguevac and we took up positions south of the city. "In the Nisava River valley, our left wing has been forced to fall back, but our centre repulsed the Bulgars, driving them in disorderly retreat toward Bala Palanka. "In the Timok River region the enemy has attacked us in the vicinity of Boljevac." War Tidings. Four Allied destroyers bombarded the Turkish port of Techem, destroying forts, civic buildings and barracks. It is forty miles northwest of Smyrna. Berlin War Office admits further retirement on the Dvinsk front, fore Russian attacks; four other attacks repulsed. At the south end of the front, Russian attack was also repulsed. Berlin official denial is made of reports that Germany inclines to peace negotiations. Montenegro War Office reports the repulse of Austrian attacks in Bosnia, where they took 500 prisoners. According to authoritative statements there are only 150,000 German invaders in Serbia. The Austrians admit the capture of only 6,000 Serbs.

Two Kill 1,000,000 Flies.

Peapack, N.J., Nov. 4.—Thus far two youngsters in the fly killing contest started by Mrs. C. Leydard Blair have killed more than 1,000,000 flies. Dorothy Johnson and Dumont Huyler each have killed about 500,000 and are tied for the cup offered by Mrs. Blair.

C. P. R. Traffic Returns for the Last Ten Days of October show an increase of \$1,727,000 over the same time last year. This makes a total increase for the month of \$4,159,000. Eighteen lives were lost when a steamer grounded on the Pacific coast.
