THE BELGIAN CONCERT
 TO BE HELD IN GRANT HALL MONDAY EVENING.
 The Artists Under the Patronage of Princess Clementine Napoleon—In Aid of the Belgian Sufferers.
 Recognizing the debt the rest of the world owe to Belgium, a society was formed early this year in London, England, under the name of "Esperanza," for Belgian sufferers, its object being to raise funds by concerts throughout the British Isles. Owing to the great number of Belgian refugees who arrived in England and their destitute circumstances, it was thought the opportunity should be extended to the United States and Canada to contribute to such a worthy cause, so an American tour was arranged.
 The following distinguished persons voluntarily lent their names to the organization: H. I. H. the Princess Clementine Napoleon, His Excellency Count De Laing, Belgian Minister; the Lord Mayor of London. There have been added the names of the local clergy of all the churches, who thoroughly endorse the movement.
 In addition to the above a committee of honor was formed, and amongst whom are found the lead-

 Chancellor of McMaster University, Toronto, who will preach at First Baptist Church to-morrow evening.

ing members of Parliament, banks, churches and business houses of Belgium, England and America.
 The funds are paid over to a proper accredited party, and a duplicate statement of each concert is sent by the local committee direct to the head office in England for comparison and checking purposes. It will therefore be seen that the strictest economy is practised, and the whole tour conducted on business principles.
 The artists are all of international reputation, and members of the leading opera houses in Brussels and Antwerp and the Royal conservatories.

A special programme has been arranged, and to all lovers of good music a most enjoyable evening is assured in Grant Hall on Monday evening.

NEW CONSTABLE APPOINTED.
 Police Commissioners Selected T. J. Armstrong For Position.
 T. J. Armstrong, Kingston, is the latest addition to the Kingston police force. He was selected by the Board of Police Commissioners at a meeting held on Friday afternoon to fill a vacancy in the department. He is a brother of Constable Marshall Armstrong. This is the second appointment made on the force within a short time, Stuart Patterson having been put on just a few weeks ago.
 The past year or so has seen many changes in the force. Nicholas Timmerman, who recently sent in his resignation, to accept the position of garbage inspector, was on the force for thirty years. Constables Berrihan and Horn were among the latest to resign. Constable Horn was only on the force a couple of months. The department has been under strength for some time, owing to the continued illness of Constable James Craig and as a result of the accident met with by Constable Truman Cherry, who had his leg broken in a street row.
 Some, in their efforts to be just, are nothing more than brutal. No cloak of righteousness was ever injured by week day wear.

GREAT RUSSIAN ARTISTS.
 London Morning Post And Leo Cherniavsky.
 The musical critic of the London Morning Post has the highest opinion of the genius of Leo, Jan and Mischel Cherniavsky. He recently wrote:
 "The eldest Leo is a violinist with unusual powers of execution which enables him to conquer the difficulties of Tschankowsky's violin concerto without hesitation. There is immense spirit in his playing and it is, in fact, occasionally impetuous; but its effect in conjunction with his command of expression is remarkable."
 Leo, Jan and Mischel Cherniavsky have played before H. H. Duke of Connaught, all the Governors, and Vice-Regal representatives in the British Empire. The principal towns in the whole of the British Isles and the British Colonies including Egypt have been visited by these brilliant musicians. They will appear here on Tuesday, Nov. 9th, and there is every reason to believe that they will meet with the same phenomenal success that they have met with on the other four continents. At any rate Kingston, will not be behind hand in bidding a welcome to these Russian geniuses. The plan is open at the Opera House.

RELATIVES STILL ASKING
 For Bodies of People Drowned on Schooner Cheyboygan.
 Although it is six weeks since the schooner Cheyboygan foundered off Nut Island, no trace has as yet been found of the bodies of Capt. McDonald, "Jerry" Lavis, of Cobourg, and William Joyner, of this city, and almost every day marine men are besieged with requests as to whether or not the bodies have been recovered. It will be remembered that the bodies of Mrs. McDonald, wife of the captain, and a man named Milne, were recovered, but no trace could be found of the other bodies.
 Mariners who have been travelling in the vicinity of the wreck have been keeping a close lookout for bodies. It was thought that after the two bodies had been found the others would also turn up, but it is just a question now if they will ever be found, although there is still hope.
 The Cheyboygan went down in the terrible storm of Sunday, Sept. 26th.

SPLINDID STOCK CO.
 Coming To Griffin Theatre With Leading Plays.
 The welcome announcement is made that the great Metropolitan success, the play waited for, "The Final Settlement," will be the first play that the Machan's Associate Players will present at Griffin's Theatre during their week's engagement which commences Monday, Nov. 8th. New York plays that have had a double continent career have become quite the dramatic fad during the past few years, till now they may be said, to hold the chief interest among the standard productions. "Peg O' My Heart," "The Divorce Question" and many others can be named, attest the growth of the idea and the favorable sentiment attached to it. To say the least, the public will not be disappointed in the repertoire of plays offered by the Machan Associate Players as every play present has had a Metropolitan career. Two special matinees on Wednesday and Saturday.

Most generally, truth will travel fast enough to overtake the lie.

LOOKING FOR WORK
 Everywhere men complain about work; even boys and girls in school or business find work tedious and irksome, but it isn't the work half so much as their own lack of physical strength that makes it hard.
 Rich blood, strong lungs and healthy digestion make work pleasurable in business, in school or even housework, and if those who are easily tired—who are not sick, but weak and nervous—would just take Scott's Emulsion for one month and let its pure concentrated food create richer blood to pulsate through every artery and vein—let it build a structure of healthy tissue and give you vigorous strength—you would find work easy and would look for more. Insist on Scott's.
