A short while afterwards he became buyer for the James Smart Manufacturing Company, leaving Brockville some eleven years ago to take charge of their western branch, and at the time of his decease was manager at Winnipeg.

Medical aid was summoned, and his injuries attended to, which are sufficiently serious to lay him up for some time. Clifford Sine, proprietor of the Central Drug and Book Store, on Tuesday last fell and struck against a packing case, but paid no attention to the injuries, but kept on at the store until Saturday, when he was compelled to take to his bed, as a couple of his ribs had been quite badly fractured. He is still confined to his bed.

The Power Of the Enemy On the Ebb

London, Nov. 10.—In speaking at the annual banquet of the Lord Mayor-of-London last night the pause in the war meant that the tide of the enemy success had reached its limit, and what they had to look forward toward the ebb—slow or fast, but ebb all the same. One great success which guided the Bulgarians, and it was not military success; it was a diplomatic success. Undoubtedly the betrayal by Bulgaria of all her traditions, under the leadership of the King, was a triumph for German diplomacy, and had important military consequences—consequences which he would be the last to minimize.

The rulers of Bulgaria, he declared, were animated by two simple motives, greed and fear, and when they were dealing with rulers of a certain type greed and fear were great and powerful motives. He believed that no diplomacy on the part of the Allies would have been sufficient to outweigh the simple fact that the rulers of Bulgaria thought that Austria and Germany were the winning powers. The influence which guided the Bulgarians, he asserted, would prove to be profound miscalculation, but the Allies must remember that it was "deliberate miscalculation."

You can always depend on infants' foods bought at Gibson's Red Cross Drug Store, as they are perfectly fresh there.

A record wheat crop of 450,000 bushels on the Snyder, Jun., and a load of 455,000 bushels on the Grant-Morden, were put through the Sault St. Marie mill, continuing the greatest amount ever handled there in one operation.

Blood the Seat of Disease.
An eminent authority on nervous diseases has announced that the blood is the seat of all disease. How important, therefore, that it be kept in a pure, healthy condition. For this purpose our local druggist, Geo. W. Mahood, guarantees Vinol because it is a combination of the three most successful tonics known, iron in its most soluble form, the medicinal extractives of fresh cod livers, without oil, and the nourishing properties of beef peptone. Can you imagine anything better?

A BAD FIRE CHECKED

BLAZE AT WHOLESALE HARDWARE E. CHOWN & SON.

Spontaneous Combustion Believed To Be the Cause of the Fire Started in Laneway—Extent of Damage Not Known.

A business block in the city had a close call on Wednesday morning shortly after 7 o'clock, when fire, believed to have been caused by spontaneous combustion, broke out in the wholesale hardware store of Edwin Chown & Son, 250 Bagot street. The damage will be quite heavy, but on Wednesday morning members of the firm were unable to give the Whig an estimate of the amount of the damage done.

The fire started in the laneway at the side of the wholesale. An old platform, on which a motor had been placed, and which was taken out after some time, was the cause of the fire, caught fire. The platform was covered with oil and grease. The blaze made its way up to the window sill, and was soon eating its way into the store.

Russel Vanhorn, who was passing the wholesale at the time, noticed the fire, and sent in an alarm from Box 7, at the corner of Princess and Bagot street, at 7.19 o'clock.

The blaze was making good progress when the firemen arrived, but after some good hard work it was checked. The platform was removed, but the firemen did splendid work in keeping it the way they did. Had the fire occurred in the night it would likely have resulted in a very serious loss. Some very valuable stock was kept where the fire took place. The stock is insured.

GIVEN FIVE YEARS APEICE.

Judge Might Have Sent Them Up For 1,000 Years.
Syracuse, N.Y., Nov. 10.—Sentences of five years each were passed on Boston Eugene Oppenheim, Dr. Edward J. Rogers and former Assemblyman Richard Murphy in Federal Court by Judge Ray, after their conviction on the charges of misappropriating more than \$28,000 of the funds of the First National Bank of Amsterdam.

They were convicted on two hundred counts. On the first one, that of conspiracy, they were each given two years and on all others five years. The five-year terms run consecutively. If Judge Ray had not made this specification, their sentences would have amounted to about one thousand years each.

Judge Ray said he blamed Baron Oppenheim for the entire matter. He said that the Baron was hard-pressed for cash, and was working hand in glove with the co-defendants, used William T. Brice, who was connected with the First National Bank, of Amsterdam, to get money.

It was said this morning that efforts would be made to complete the exterior part of the housing structure of the new plant in ten days and the interior part in ten days, and have all machinery and other equipment placed and the plant ready for occupancy in sixty days.

THE SPORT REVIEW

The National Association of Minor Baseball Leagues will hold the annual meeting in San Francisco next week.

Ottawa Jockey Club is asking the co-operation of the Canadian Racing Association in cleaning up the hand-book evil.

It is the intention of Stratford hockeyists to enter a team in the senior series of the O. H. A. providing a compact Western Ontario grouping can be arranged.

The Hamilton Tigers will give all their surplus to patriotic causes this year, but will not insist on the team they play in the Dominion final doing likewise.

Frank Shaughnessy has not yet signed a Toronto baseball contract but is busily working away with the object in view of securing a franchise for Ottawa in the International League.

T. M. Creighton, star outside wing man of the Saskatoon City Fourteen Rugby team, which won the Saskatchewan championship, and is to play off with Regina for the provincial title, hails from London, Ont.

The report from Montreal that Lol Solman and James J. McCaffrey had bought the Shamrock franchise in the N. H. A., and that Frank Shaughnessy would be the manager, was denied most strongly by both parties, and each declared that it was news to him.

John Currie, one of the best of the old-time crooked players, is dead at Montreal. He was ill for a year. Currie played with the Shamrocks from 1897 to 1909 and in a number of Minto Cup games.

"Jack" Gooch, who captained the Victoria hockey team, and who won the championship of the O. H. A. last year, has received his commission as Lieutenant in the C. F. A., and will be attached to the 40th Battery, under Major Gordon Southam. He is in Kingston to finish his course.

"Reddy" Dixon and Hugh Gall, who handled the O. R. F. U. senior contest in Toronto on Saturday, have both refused to act in the return game, claiming they will not again be subject to so much abuse as they had to put up with on Saturday at Rosedale.

Toronto World: Whoever originated the story to the effect that Tigers would not meet the O. R. F. U. champions for the Dominion honors must have had a pipe dream. The report stated that unless the Ontario Union representatives agreed to turn over their entire share of the receipts to patriotic causes there would be nothing doing so far as Tigers are concerned. Poor dope, that. Tigers will play T. R. and A. A., the likely O. R. F. U. champions. They have to or default the title. It's the Canadian Rugby Union, and not the Tigers, that have the say, and, besides, Tigers never even hinted that they wouldn't face the issue.

A Toronto despatch says: H. C. Griffith has been asked to handle the soldiers' game at University of Toronto Stadium Saturday and to appoint all the officials in connection therewith. There has been an unprecedented sale of reserved seats. The men from the Kingston battery have asked for one entire section of four hundred seats. Toronto officers have taken a section and a half, Toronto Recruiting Depot, a half section, and the members of various downtown clubs have arranged for more than 500 seats. Their brass bands will accompany the respective teams, and there will be thousands of soldiers in attendance. The game promises to be unique in the history of Canadian football.

A Hamilton despatch says: It is a shame that a city the size of Montreal cannot boast of a more formidable Rugby outfit than that which sports the silks of the Montreal Athletic Association. The best coach in captivity couldn't be expected to mold so few and such inferior material into a machine, and it is nothing to Pep Paisley's discredit that his students are in the cellar to stay. Time was when Montreal was mighty dangerous opposition for any galaxy of stars, but those good old days in pea-soupville appear to be over. Just now their red and blue standard-bearers wouldn't be considered favorites in a clash with a fair intermediate squad. It doesn't seem just right that the largest city in the Dominion of Canada should have but sixteen in its senior camp, and an entirely unqualified squad at that. The Big Four authorities should attempt to stir up the easterners in an effort to provide some sort of opposition and to draw out the crowds, for such a weak attraction draws but few, either on the road or at home.
