Rev. John Davidson, of Thurso, Que., writes: "I have had considerable trouble with my throat, caused by public speaking in heated buildings and exposure to damp and chilly atmosphere. I find PEPs very effective in soothing the throat."

Rev. Edward G. Heaven, Marksville, Ont., writes: "I have used PEPs and find they give considerable relief to the throat. I have also found them very beneficial for colds."

PEPs is the direct treatment for Coughs, Colds, Bronchitis, Asthma, Hoarseness, Laryngitis, and other ailments of the throat, chest, and lungs. As PEPs dissolve on the tongue, healing vapors are liberated which are breathed down direct to the sore places. Liquid cough mixtures, etc., cannot be inhaled, they go to the stomach not the lungs. PEPs get to the seat of the trouble direct.

PEPs are sold only in tin boxes. All druggists and stores 50c. box, 3 boxes \$1.25.

DOCTORS DID NOT HELP HER

But Lydia E. Pinkham's Vegetable Compound Restored Mrs. Bradley's Health—Her Own Statement.

Winnipeg, Canada. "Eleven years ago I went to the Victoria Hospital, Montreal, suffering with a growth. The doctors said it was a tumor and could not be removed as it would cause instant death. They found that my organs were affected, and said I could not live more than six months in the condition I was in. "After I came home I saw your advertisement in the paper, and commenced taking Lydia E. Pinkham's Vegetable Compound. I took it constantly for two years, and still take it at times, and both my husband and myself claim that it was the means of saving my life. I highly recommend it to all suffering women."—Mrs. Olin, 251 Johnson Ave., Winnipeg, Manitoba, Can.

Why will women take chances or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound? For thirty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc. If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Quickest, Surest Cough Remedy is Home-Made
Easily Prepared in a Few Minutes. Cheap but Unequaled.
Some people are constantly annoyed from one year's end to the other with a persistent, irritating cough, which is wholly unnecessary. Here is a home-made remedy that gets right at the cause and will make you wonder what became of it. Get 24 ounces Pinex (50 cents worth) from any druggist, pour into a 16-ounce bottle and fill the bottle with plain granulated sugar syrup. Start taking it at once. Gradually but surely you will notice the phlegm thin out and then disappear altogether, thus ending a cough that you never thought would end. It also loosens the dry, hoarse or tight cough and heals the inflamed lining in a painful cough with remarkable rapidity. Ordinary coughs are conquered by it in 24 hours, or less. Nothing better for bronchitis, winter coughs and bronchial asthma. This Pinex and Sugar Syrup mixture makes 16 ounces—enough to last a family a long time—at a cost of only 54 cents. Keeps perfectly and tastes pleasant. Easily prepared. Full directions with Pinex. Pinex is a special and highly concentrated compound of genuine Norway pine extract, rich in quinine, and is famous throughout the world over for its certain and promptness in overcoming bad coughs, chest and throat colds. Get the genuine. Ask your druggist for "24 ounces Pinex," and do not accept anything else. A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., Toronto, Ont.

CITIZENS WERE SLAIN

Austrian Bombs Kill Thirty in Streets of Verona. Rome, Nov. 15.—Thirty persons are dead in Verona as a result of three Austrian aeroplanes dropping bombs on the city. Thirty other persons were seriously and nineteen slightly injured. The bombs of the aircraft found most of their victims in the principal square of the city, where citizens and peasants from the outlying district were attending the market. Nineteen persons were killed by one bomb. The aeroplanes visited various parts of the city, but none of the missiles dropped by them fell near any of the military buildings.

To Add To the Hall

Cape Vincent, N.Y., Nov. 15.—The addition to the Firemen's building which the directors of that organization voted to build several years ago, is at last to be constructed. A number of years ago the lot west of the building was purchased, with the intention that an opera house would be built. Things hung fire for some time, but a year ago excavation for most of the foundation was made, and it was intended to rush the work along as fast as possible. However, the failure of the Bank of Cape Vincent tied up the funds of the department, and it was not until now that arrangements could be made for the building. The addition to be built this fall, the work of which commenced yesterday, will be about 15 feet in width the entire length of the building, and will be for the stairs to the present hall. It is quite likely that another year will see the new opera house go up.
