IS HERE TO ARRANGE

FOR VISIT OF THIRTY-FIVE AUSTRALIAN CADETS.

Who Will Arrive in Kingston Friday Morning, November 26th.—Australians Given Fine Welcome in Toronto.

On Friday morning, Nov. 26th, thirty-five Australian cadets will arrive in Kingston for a one day visit upon invitation of Mayor Sutherland, to learn about the city and tell the people about Australia. Last Saturday afternoon this party arrived in Toronto, where they were accorded a hearty reception by the city, and on Tuesday night they were officially received at the Legislative Buildings, and tendered a banquet by the Government.

Lieut. J. J. Simons is the Honorary Director of the tour, and in his addresses to the Canadian Club and Rotary Club he has made a wonderful impression not only from his imperial message but also from his straight business talks on greater trade possibilities between the sister Dominions.

There are 32 boy cadets in the party, ranging in age from 12 to 19, and averaging in age the same as the senior school cadets of this city. Each boy is talented either as an instrumentalist or vocalist, and all have distinguished themselves at the California Expositions as the Champion Boys' All-Brass Band of Australia.

The present tour is under the patronage of the Commonwealth of Australia, and subsidized by the Western Australian Government. While in Canada the cadets are travelling as the guests of the Dominion. The main purpose of the cadets in their travels through Canada is to emphasize the unity of the Empire both by their speeches and their presence in a sister Dominion. An equally important aim is to impress upon the lads of the Southern Cross the comradeship and co-operation of Canada in the great Empire crisis.

These boys are to a large extent representatives from families who have been fighting for the Empire at the Dardanelles. Three of the older cadets have no less than nine brothers in the trenches on the peninsula of Gallipoli.

E. Stuart Davidson, their advance manager, is in the city making definite arrangements for the visit here, and the programme of the local arrangements will be announced in a few days.

ALLIES MAKE GREAT HEADWAY.

Pte. James Adams Believes War Will Soon Be Over.

Writing to his mother, Mrs. Adams, 323 Brock street, Pte. James Adams, of the First Canadian Division, in France, says: "The Allies have made great headway the past few weeks, and if they keep it up the war will soon be at an end."

"I am glad to see that Rev. S. J. M. Compton answered the call of his country, but am very sorry he will have to leave our parish. If he comes over here, I do hope he has the intention of going back to St. Andrew's Church. I have listened to ministers, but there are few in the country like Mr. Compton and Prof. Dall."

"Lieut.-Col. Ross has been promoted to full colonel, and is now the Assistant Director for medical services, that is to say, he is the head medical man for the First Canadian Division. He is the only man around. He is a good man, and there is no better in the district. The lads in the Field Ambulance Corps did not know they had a father until he left, and I may say he left much against his will. Col. Ross is away in his car at present. I have received all the parcels all right. Give my kindest regards to all my friends."

Q.M.S. Slade Is Invalided From the Front

Q. M. S. James E. Slade, Royal Canadian Mounted Cavalry, arrived in the city early Wednesday morning from the front. In conversation with the Whig he said that he had left the body of the R. C. H. A. all well and doing good work. The regulations prohibit him from saying where the brigade is located, but they were "somewhere in Europe." There was only one Kingstonian beside himself on the SS. Metagama that arrived at Quebec on Sunday.

Q. M. S. Slade was invalided home from the front after he had been in the trenches since February last. He is seriously affected with rheumatism that absolutely prevented him from further work at the front, and he does not yet know when he will return.

A successful meeting of the members taking the course in Home Nursing was held in the Y. W. C. A. rooms on Tuesday evening, when Miss MacDougall and Miss O'Neill, senior nurses at the General Hospital, gave a very instructive lesson on "Baths and the Care of the Skin." Those not invalids enjoyed the toasted and scrapped beef sandwiches, cranberry gruel and albuminated drinks and other appetizing things prepared by the members of the Invalids' Cooking Class.

C. O. C. F. No. 20 Meeting.

The C. O. C. F. council, No. 20, met Tuesday night, with a large attendance. The chief business was as to whether an elected council physician should be dispensed with at the end of the year. The result of the voting was that the physician be retained.

Did Not Want To Come Back To Portsmouth

A despatch from Simcoe says: "John Carr, after a trial lasting five hours before Judge Boles, was on Tuesday sentenced to five years in the Portsmouth penitentiary. He robbed a store. About a dozen witnesses were heard, among them the condemned man, Shelley, who awaits execution here next month for the murder of Christian Shoup on the 10th of May last. Carr, through his solicitor, requested to be sent to any place but Portsmouth. He had been there once. His Honor thought that if fear of a term there had a deterrent effect on evil-doing it evidently had not made an impression on the prisoner, and he proceeded to pass sentence.

AMERICAN AUTO TOURISTS.

Board of Trade Would Like to Encourage This Traffic. At the meeting of the Board of Trade held on Tuesday night a communication was received from the Sherbrooke Board of Trade, enclosing a copy of a resolution passed in regard to encouraging tourist traffic from the States. It was pointed out that Americans met with much difficulty when making a tour over in Canada, as in crossing the border while there were other restrictions which compelled the tourists to remain in a certain district. The Board felt that steps should be taken to have these restrictions removed. R. J. Carson said that the Board should endorse such a resolution. It was quite necessary to have as many American tourists as possible, and with the least possible restriction. Mr. Carson's motion to endorse the resolution was seconded by Dr. R. E. Sparks, and carried.
