WALDRONS

ALLIES BALKAN PERIL

THE OUTLOOK DISQUIETING, IF NOT CRITICAL.

Serbian Armies Still In Danger—To Save the Situation the Allies Must Send Big Reinforcements.

(Special to the Whig.) London, Nov. 18.—Both the military and diplomatic situation of the Balkans are disquieting, if not critical, a fact which doubtless led to the visit of the British prime minister, Mr. Asquith, David Lloyd-George and A. J. Balfour to Paris for a conference with the French Cabinet and General Joffre, the French commander-in-chief.

The main Serbian army, under General Putnik, which is operating in the north, is now encompassed on every side but one, and being cut off from the south by the Bulgarian advance beyond Tetovo, must depend on the rough roads through Montenegro and Albania, for any supplies from the sea.

In the south the Serbian position is almost as bad. The success of the Bulgarians' flank attack on Babuna pass and their advance on the Vesles have prevented the hoped-for junction of the Serbian and French forces.

This leaves the Serbians only two lines of retreat, one into Albania, where they may be met by their friendly tribes, and the other across the Greek border, where they are in danger of being disarmed and interned.

It is to prevent the latter eventuality that the Entente Powers are putting forth every effort, and unquestionably this matter has been discussed in Paris by the British and French ministers.

Paris, Nov. 18.—"Our expedition in the Balkans is reaching a critical stage," telegraphs the correspondent at Salonica of the Journal, under date of Sunday. He adds that "Notwithstanding appeals by competent personalities, our reinforcements are not anything like the number required. Our enemies have decided to nip in the bud any cost our offensive in the east, and are prepared to resort to any means to obtain the necessary assistance. I hope this formula is well understood."

"Serbian resistance is weakening daily. The defenders of Babuna pass will soon be surrounded, and the road to Prilep and Monastir will then be thrown wide open to the Bulgarians."

"The host of Austro-Germans hurrying southward are sending detachments ahead by forced marches on all available routes."

"Do not expect to find a second Belgium. Greece will not hesitate to permit passage by the enemy through her territory as she now permits ours. We must defend ourselves alone and unaided against the triple attack of the Germans, Bulgarians and Turks. The enemy's plan is being carried out, and may be realized rapidly. The German fleet of submarines in the Mediterranean has just been quintupled."

"I advance nothing whereof I am not absolutely sure. We must be prepared for any news, even the most unexpected, and even that which seems the craziest. We must have reinforcements in large numbers at once or re-embark while there is yet time."

VALUED AT \$125,000.

Watertown Dealers Report Scarcity of Thanksgiving Birds.

Watertown, N.Y., Nov. 18.—Meat market proprietors are finding difficulty in securing sufficient turkeys for the Thanksgiving trade. So great is the demand this year that several dealers are advertising for fowls that their customers may be accommodated.

The scarcity is due to the fact that farmers are shipping their birds to New York on the "turkey train," which passes through this city Saturday morning. Officials at the local express office state that probably fifty tons of poultry will leave Northern New York. The value will approximate \$125,000.

BERLIN ADMITS LOSS.

Of Trench to the French Who Had Mined It.

(Special to the Whig.) Berlin, via wireless, Nov. 18.—The loss of a trench in the Argonne was admitted officially today, with the explanation that the Germans evacuated it because they discovered the French had undermined it and were about to blow them into the air.

The British were reported foiled in an attempt at a surprise attack on German positions on the Messines-Armentieres road.

To Suspend Enemy Enterprises.

Petrograd, Nov. 18.—The Council of Ministers has decided to suspend all the remaining commercial and industrial enterprises in Russia belonging to subjects of enemy countries. These number over one thousand and employ thirty thousand persons.

Surprise parties are, as a rule, not surprising.

THEATRICAL NEWS

To-Night "The Birth Of A Nation."

D. W. Griffith's mighty spectacle "The Birth of a Nation" will be seen at the Grand to-night and Friday and Saturday matinee and night, exactly as it is being given in New York, Toronto and Montreal, also several other cities where it has made record breaking runs. This new force in the art of stage entertainment is perhaps the most widely discussed production ever made in America. It is above all else the greatest thing that has been achieved by one producer. Imagine condensing the living details of the most strenuous periods of American history into an evening's entertainment of less than three hours. You are not told about it nor is your imagination tested by rhetorical descriptions of what took place. Instead, you see it by lightning flashes. It is history revived and shown in its making. Some of the greatest names that are written large upon the scroll of our country's fame appear upon the program. The players who enact the roles have studied the minute description of these men both from photographs and intimate life studies and with this frame-work they make these wonderful characters live again.

At Strand Theatre.

The management of the Strand take great pleasure in announcing their bill for the last three days of the week. The feature is a six-act photo-play De Luxe entitled "Judge Not," or "The Woman of Mona Diglins." The story is by that popular writer, Peter B. Kyne, and the cast is headed by the celebrated theatrical star, "Julia Dean," direct from her big New York production, "The Law of the Land." Miss Dean is ably supported by Harry S. Carey, Harry Carter, Marc Robins and an exceptionally strong cast. This master picture, along with other good reels which are included in the bill, should prove a big hit and please the most fastidious.

NEW AUTO INDUSTRY.

The Willys-Overland Company Expands In Canada.

A new Canadian company, known as the Willys-Overland Limited, has just been organized in Canada. It will have a capital of \$6,000,000, with head offices in Toronto.

John N. Willys, head of the Willys-Overland Company of Toledo, O., is president. T. A. Russell, at present vice-president of the Russell Motor Car Company of Canada, will be vice-president.

This new company will take over the complete automobile business of the Russell Motor Car Company and all of the subsidiaries in Canada of the Willys-Overland Company. Although the Canadian company will be independent of the parent company and will be run and conducted entirely independent as a Canadian corporation, it will have the advantage of the advice and engineering skill of the Willys-Overland Company organization. The plan is to undertake in Canada the actual manufacture of both Overland and Willys-Knight automobiles. For this purpose, the plant of the Russell Motor Car Company of Toronto has already been acquired, and this will be quickly enlarged to permit quantity production. Adequate arrangements will be made for distribution throughout the Dominion, and particular attention will be given to the provision of service facilities for Overland and Willys-Knight owners. The plans in this direction call for facilities which will surpass anything previously undertaken in Canada. In fact, the organization will, in its facilities and equipments, probably equal anything in the States. The company to go into manufacture and assembly in Canada will give employment to a large number of people.

MACHINE GUN RETURNED

It Came Back on Aeroplane Which Canadians Winged.

A peculiar instance of a lost Canadian Colt machine gun being returned to its rightful owners, when a German aeroplane was shot down over the Canadian lines, is told by Col. A. E. Ross, M. P. P., in a letter to Hon. T. W. McGarry, Col. Ross says of the two "Fritzies" in the machine, the pilot was killed when the aeroplane struck the ground, and the operator, a lad of 17, was taken prisoner.

Immediately the plane was shot down by the Canadians the Germans commenced shelling it in an attempt to destroy the engine," Col. Ross writes.

Mounted on the plane was the Colt gun which from marks is usually identified as one of those captured from the Canadians at Langemarck.

Brock Hall Special Meeting

On account of many other meetings last night, the attendance at Mr. Irving's meeting, Brock Street Hall was not quite so large as on other nights but in many respects it was considered the best meeting of the series. The subject was "Sowing and Reaping" which subject will also be continued to-night.

Friday night will be the close of the meetings when Mr. Irving goes to Ottawa for two weeks. It is expected that a good attendance will be present to-night and to-morrow night.

Italian Town Bombed.

(Special to the Whig.) Paris, Nov. 18.—Aerial bombardment of the Italian town of Belluna, north of Venice, was reported from Rome to-day. Only a few persons were slightly wounded, and little other harm was done.

Hun Doctors Hypnotized Greek King

London, Nov. 18.—The Daily Express says:

"A remarkable explanation of the King Constantine has been hypothesized by German doctors. It will be recalled that as soon as the King's illness became known to the Kaiser he immediately sent two German doctors, Professors Krause and Eiselberg, to his brother-in-law's bedside. They remained in Athens a week or ten days.

"That the hypnotizing of the King is not a far from impossible theory is abundantly proved by a host of similar authenticated cases disclosed by a recent history of mental science."

LATE LIEUT. ANDREWS

Was Very Popular In Toronto Newspaper Circles.

(Continued from Page 1.)

A Toronto despatch says "Lieut. Gordon Andrews, who was fatally injured in a fall from his horse at Kingston, had been engaged in newspaper work in Toronto for about seven years, principally with the Mail and Empire. He served as reporter on that journal for several years, but was lately cable editor. Lieut. Andrews was well and favorably known to his fellow newspaper men. In 1911 he was secretary of the Toronto Press Club. Just a few days ago Mr. Andrews said farewell to his colleagues on the Mail and Empire and left for Kingston. He expected to go to the front immediately on passing his qualifying examination."

A Military Funeral.

The remains of the late Lieut. G. S. Andrews were conveyed to the Grand Trunk train on Thursday afternoon at three o'clock by a military escort of the officers of the Royal School of Artillery. The R. C. H. A. band headed the cortege, and a gun carriage from the R. C. H. A. conveyed the casket. The firing party was from "C" Battery.

FOUR TONS OF PARCELS

Left Kingston On Thursday For Soldiers Overseas.

That the men who are fighting in the trenches will not be forgotten is certain, judging by the number of parcels which are already on their way overseas for Christmas. When a Whig representative called at the post office on Thursday afternoon, it looked like Christmas rush to see so many big bags crammed full of gifts of all kinds suitable for the "soldier boys." It was stated that in the batch which left (parcel post) at 5 p.m. there were four tons of mail. In addition there is a very heavy list of letters to be sent by mail to-night at 11 o'clock. There will be a supplementary mail on Friday, closing at 11 a.m.

Box of Matches in Mail.

When the post office clerks opened a box of material for overseas on Thursday they were surprised to find that it contained, amongst other things, a box of matches. The Post Office Department does not permit of matches going through the mails, as they are too dangerous. Should they not be properly packed they might set a ship afire.

Five Recruits Accepted.

Five more recruits enlisted with Major E. C. Barrett at his office on Brock street on Thursday, their names being: William Harvey, 49 Concession street; John O'Neill, England; Herbert Lister, 169 Princess street, and W. J. Jordan, 235 Wellington street, for the 80th Battalion, and Denis Entwistle, 236 University avenue, for the 33rd Battery.
