FEELS LIKE A NEW WOMAN

As Lydia E. Pinkham's Vegetable Compound Dispelled Backache, Headaches and Dizziness.

Piqua, Ohio.—"I would be very ungrateful if I failed to give Lydia E. Pinkham's Vegetable Compound the praise it deserves, for I have taken it at different times and it always relieved me when other medicines failed, and when I hear a woman complain I always recommend it. Last winter I was attacked with a severe case of organic weakness. I had backache, pains in my hips and over my kidneys, headache, dizziness, lassitude, had no energy, limbs ached and I was always tired. I was hardly able to do my housework. I had taken Lydia E. Pinkham's Vegetable Compound on one other occasion, and it had helped me so I took it again and it has built me up, until now I feel like a new woman. You have my hearty consent to use my name and testimonial in any way and I hope it will benefit suffering women."—Mrs. ORPHA TURNER, 431 S. Wayne St., Piqua, Ohio.

Women who are suffering from these distressing ills peculiar to their sex should not doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health. If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

To err is human; to fall to profit by your mistakes is still more so. The truly honest man is always the relentless enemy of injustice. A lot of people would be glad to make sacrifices by proxy.

Mature Popular Judgment Says This is the Car to Buy

This model was announced early last June. In a few weeks we had built, sold and delivered more of these cars than had ever before been built of any car of over 100 inch wheelbase, by any producer anywhere in any length of time.

At that time we were building about 300 cars a day. With more of these cars in every-day service in the hands of owners than of any other car of its size ever produced—

There was, very quickly, everywhere, the greatest opportunity ever offered for people to judge a car by its performance.

Now we are building over 600 cars per day. This unprecedented demand follows the performance test in every-day service, not of a few thousand cars, but of a record output.

In the mature judgment of the buying public you get more for your money in this car than you can get in any other car now on the market.

Never before has the purchaser of an automobile had so well founded, clear and conclusive a popular judgment as this to guide him in right selection.

Let us show you the car and demonstrate it.

The five passenger touring car is \$1050; the roadster \$1015; the famous Overland Six—seven passenger touring car \$1600—the new Model 75 is \$850 for the touring car; \$825 for the roadster, all prices f. o. b. Hamilton, Ont.
